SETTLERS
Guard your Slash Fires!

Wood is the settler's winter harvest. When his own land is cleared he may still obtain employment in the neighbouring forest. By care with fire, the wise settler protects his own living.

Issued by authority of
Honourable Charles Stewart,
Minister of the Interior.

EDITORIAL NOTES

A man charged with being drunk in Buffalo got off because he had only 50 cents. The breath that comes from bootleg may have given him a second-hand jag for nothing.

Announcement has been made at Ottawa that a vote has been made to provide a new "preferred class penitentiary" for the province of Ontario. Agitation has been carried on for some years for the segregation of young prisoners to hardened convicts. Where the new penitentary would be located was not announced, but is expected that it would be close to Portsmouth penitentiary.

The need of such an institution has been felt for some time; a place where a young criminal on his first incarceration would not be placed where he could mingle with perpetual residents of lsuch an institution, and receive advanced education in criminal practicses. It is far better to save a wrong-doer on his first conviction than to make a habitual criminal by association with the dregs of humanity in a penitentiary.

Car Overturned

While ascending the hill near their home on Saturday evening, Mr. and Mrs. A. Graham, accompanied by Mrs. C. J. Bellamy and three children of town, were badly shaken up when the car in which they were riding, suddenly stopped, backed into the ditch and overturned. The occupants were pinned underneath and when extricated were found only to be suffering from severe shaking up and minor injuries. The top was broken on the car, touring model, and the motorists were fortunate not to suffer severe injury.

Letters to The - Editor -

Loup City, Nebraska.
T. W. Findlay, Reeve,
Flesherton, Ontario.

Dear Sir., Your card "We Want You Home" received and in reply will say that I would surely like to be there but my health is such, unless I improve very fast, I will not be physically able to be present but wish you every success in your laudable undertaking and as wishes don't purchase many of the things necessary to success, I enclose a cheque for $25 to help keep the home fires burning until the boys come home and in case the fire goes down or out before the boys get there, call again.

I was born within four miles of Flesherton, 72 years ago to-day, May the 30th, 1857. I was learning the blacksmith trade in your town 54 years ago at $40 per year. I left there more than half a century ago for the United States. Sojourned in Iowa for a year and took Horace Greenley's advice and went West to grow up with the country and landed in Loup City, Neb., the 12th day May, 1880, and the people have put up with me ever since. Soon after one of the female of the species got me to agree to pay her board bill for life and I have been doing so ever since and that is a long time to live with one woman in the United States, but it can be done.

So you see I have been a pioneer in the woods of Western Canada and on the Western Prairies of United States and have helped build and live in the traditional "Old Log Cabin on the Farm" and the "Old Sod Shanty on the Claim."

Oh! How I would like to be there and go back with you in memory,

"O'er the long, long trail that leads away,
To the old, old times of yesterday,
To the stirring times of the vanished years,
When the land was new and the pioneers
With gallant hearts and faith in God,
Wrought homes and wealth from the prairie sod,
Laboring on with a courage great,
Foundations laid for a mighty state."

The great State of Ontraio, in which those early pioneers on the frontier took such an active part and builded better than they knew.

On the canvas of the past I see a picture of those rugged pioneers.
"They were virile and rough, hardy and strong,
They came through the woods, and the way was long,
But they were the kind of folk to take,
The biggest chances for the biggest stakes.
They lived in the wood alone with God,
Under their feet was the virgin sod,
And with their axe they blazed the way,
For the weaker sons of the future day."

The sons of to-day may take exception to this but the poet had in mind those early pioneers, who had physical strength, courage and endurance, "To conquer the wilderness knowing no fears as they answered the West's Golden Lure."

The sons of to-day have to pave the way in this new age in which it is said that opportunity changes her password every day. An age said to have been born without a memory and is so busy with today's achievements and tomorrow's projectsl, that no one has time to remember yesterday's exploits, and if they succeed under this new era in building better than they know they will be entitled to the same respect that our Forefathers are receiving to-day.

Wishing you every success in your Home Coming Event, I am,
Yours sincerely,
—J. S. PEDLAR.

The Farmers' Tour

At the request of a large number of farmers in Grey a Farmers' tour in Grey County will again be staged in 1929. The Grey County Branch of the Department of Agriculture, Markdale, are undertaking the organization of the same.

The tour will embrace the Counties of Waterloo, Perth, Oxford, Middlesex and possibly Huron.

At time of writing details have not been completed but assurance is given that the tour will be worth while. The important parts to remember are:-

1.—Men taken only.
2.—Dates, June 27th and 28th.
3.—Large busses will be employed if sufficient apply.
4.—Places visited, Fergus, Wood stock, Elmira, Kitchener, New Hamburg, Stratford and London.
5.—350 miles approximately.
6. — Total cost not to exceed $12.00. This includes travelling, board for two days and room at night.
7.—Application must be made before June 22nd. This is necessary to make arrangements for busses.
8.—If sufficient numbers apply which makes the trip worth while, a deposit of $5.00 which pays for a seat in the bus will be required on or before June 25th. This is the final date for notifying the transportation company of the bus requirements of the Grey County farmers' tour.
9.—Send no money until requested but send your own application and see all your friends and neighbors at once.
10.—When final arrangements are made notice of same will be forwarded to applicants.

You tour with your friends. May we assist you in having a good time?

Those wishing to go are requested to write T. Stewart Cooper, before June 22nd. This is necessary for the arrangements with the transortation companies as they must be notified in time to be assured of securing the necessary busses.

Farmer are given the preference but should others desire to go arrangements will be made for them if application is made before date set.

The bus company charges 50 cts. per mile but each bus will take 29 men therefore the cost of the trip will rate about 1 2-3 cents per mile per person going. The transportation will therefore cost approximately $6.00 which with meales and one night's lodging will not amount to a sum exceeding $12.00.

Every farmer in Grey is invited. Letters have been sent out to a number but the Markdale Department of Agriculture finds it impossible to write to everybody. All who can come will be welcome.

Grey Ladies' Tour

Letters recently received from some Grey County Ladies have intimated that they desire a ladies tour this summer. Can you get ready for June 20th and 21st?

The following rules wil be strictly adhered to:-

1.—The ladies taken only. Busses will be supervised by ladies from the Department.
2.—All wishing to go must notify the Department by June 12th. This is necessary to make arrangements for the busses.
3—If sufficient ladies apply a deposit of $5.00 must be made by June 15th. Notice of sufficient numbers will be sent as soon as possible after application is received.

The tour wil be thru Guelph to Niagara Falls for night, then return over the Toronto Hamilton Highway to Toronto where the ladies will be given till 5.30 to shop and visit the Parliament Buildings.

Write at once to T. S. Cooper, Markdale. It will give him a better chance to make arrangements.
