The New York Tribune.

THE CONSOLIDATION OF ITALY, so long fragmentary and impotent, into one powerful State, with Rome as its capital the humiliation of France through a series of crushing defeats, ending with the siege and capitulation of her proud and gay metropolis; the expulsion of the Bourbons from the Spanish throne, and the substitution for them of a scion of the most liberal among royal houses; the virtual absorption of the kingdoms of Saxony, Wurtemburg, Bavaria, with Baden, Hesse, the Hanse Towns, &c., under the leadership of Prussia, into the triumphant and powerful empire of Germany; and the arming of Russia to re-assert her preponderance in the councils of Europe, or to prosecute her often postponed and never relinquished designs on the great city founded by Constantine, and the vast but decaying and anarchical dominion of the Sultan, all combine to invest with profound interest the everchanging phases of our tidings from the Old World. The *Tribune*, through trusted correspondents stationed at all points in Europe where great movements are in progress or imminent, aims to present a complete and instructive panorama of events on that continent, and to mirror the prolonged struggle between middle age Feudalism and Ecclesiasticism on the one hand and Nineteenth-Century scepticism and secularism on the other. Recognizing a Divine Providence in all that proceeds and is, it looks hopefully on the present conflict as destined (like our own recent convulsion) to evolve from strife, disaster, and seeming chaos, a fairer and happier future for the toiling masses of mankind.

In our own country, a war upon corruption and rascality in office has been inaugurated in our city, whereby the government of our State has been revolutionised through an initial triumph of Reform which surpasses the most sanguine anticipations. It is morally certain that the movement thus inaugurated cannot, in its progress, be circumscribed to any locality or any party, but that its purifying influence is destined to be felt in every part of the Union, rebuking venality, exposing robbery, wresting power from politicians by trade, and confiding it in those worthiest and fittest to wield it. To this beneficent and vitally needed reform, the *Tribune* will devote its best energies, regardless of personal interests or party predilections, esteeming the choice of honest and faithful men to office as of all New Departures the most essential and auspicious.

The virtual surrender by the Democratic party of its hostility to Equal Rights regardless of Color, has divested our current politics of half their bygone intensity. However parties may henceforth rise or fall, it is clear that the fundamental principles which have hitherto honorably distinguished the Republicans are henceforth to be regarded as practically accepted by the whole country. The right of every man to his own limbs and sinews—the equality of all citizens before the law—the inability of a State to enslave any portion of its people—the duty of the Union to guarantee to every citizen the full enjoyment of this liberty until he forfeits it by crime—such are the broad and firm foundations of our National edifice; and palsied be the hand which shall seek to displace them! Though not twenty years old, the Republican party has completed the noble fabric of Emancipation, and may fairly invoke thereon the sternest judgment of man and the benignant smile of God.

Henceforth, the mission of our Republic is one of Peaceful Progress. To protect the weak an humble from violence and oppression—to extend the boundaries and diffuse the blessings of Civilisation—to stimulate Ingenuity to the production of new inventions for economizing Labor and thus enlarging Production—to draw nearer to each other the producers of Food and of Fabrics, of Grains and of Metals, and thus enhance the gains of Industry by reducing the cost of transportation and exchange between farmer and artisan—such is the inspiring task to which this Nation now addresses itself, and by which it would fain contribute to the progress, enlightenment, and happiness of our race. To this great and good work, the *Tribune* contributes a zealous, persistent efforts.

Agriculture will continue to be more especially lucidated in its Weekly and Semi-Weekly editions, to which some of the ablest and most successful tillers of the soil will steadily contribute. No farmer who has $300 worth of produce per annum can afford to do without our Market Reports, or others equally lucid and comprehensive. If he should read nothing else but what relates to his own calling and its rewards, we believe that no farmer who can read at all can afford to do without such a journal as the *Tribune*. And we aspire to make it equally valuable to those engaged in other departments of Productive Labor. We spend more and more money on our columns each year, as our countrymen's generous patronage enables us to do; and we are resolved that our success of former years shall be exceeded in varied excellence and interest by those of 1872. Friends in every State! help us to make our journal better and better, by sending in your subscriptions and increasing your Clubs for the year just before us!

THE ROYAL READERS.

A NEW SERIES OF ILLUSTRATED ENGLISH READING-BOOKS.

From Mr. M. Patterson, Rector of the Free Church Training School, Moray House, Edinburgh.

"Thanks for the Specimen of your new Reading Books and Sheets. They are admirable in every particular. Nothing, in my opinion, would more contribute to the improvement of Education than the wide circulation of these books, and the intelligent handling of them."

From A. Monigomerie, L.L.D., Principal of Ladies' College Glasgow.

"I have examined very carefully the 'Printing,' and Nos. I., II., and III. of the *Royal Readers*, and have no hesitation in saying that they are, in my opinion, incomparably the best English Reading-Books that have ever been published. The adaptation of the means to the end in view is perfect."

From T. Morrison, M.A., Rector of the Free Church Normal School, Glasgow.

"I have very carefully examined the *Royal Readers*. The plan is excellent, and the execution, if I may say so, even better. They are out of sight the best series of Reading-books published, and should very speedily be widely used. The illustrations constitutes an admirable features and add much to the value of the *Readers*

DR. DE JONGH'S LIGHT BROWN COD LIVER OIL. The distinctive characteristics which have gained for Dr. DE JONGH'S Oil so much celebrity, the entire confidence of the most eminent members of the Medical Profession, and notwithstanding the active and unscrupulous opposition of many interested dealers, an unprecedented amount of public patronage may be thus briefly enumerated:—

I.—Its genuiness, purity, and uniform strength are ascertained and guaranteed.

II.—It contains all the active and essential principles that therapeutic experience has found to be the most effective in the operation of the remedy.

III.—It is palatable, easily taken, and creates no nausea.

IV.—It is borne with facility by the most delicate stomach and improves the functions of digestion and assimilation.

V.—Its medicinal properties and remedial action have been found to be immeasurably greater than those of any other kind of Cod Liver Oil.

VI.—From the unequalled rapidity of its curative effects, it is infinitely more economical than any which is offered, even at the lowest price.

CONSUMPTION AND DISEASES OF THE CHEST.

The extraordinary virtues of Dr. DE JONGH'S Light Brown Cod Liver Oil in Pulmonary Consumption may now be considered as fully established. No remedy so rapidly restores the exhausted strength, improves the nutritive functions or produces a more marked and favorable influence on the local malady.

The following high testimony to the efficacy of Dr. DE JONGH'S COD LIVER OIL in Consumption is afforded by ALLEN G. CHATTAWAY, Esq., M.R.C.S., L.S.A., of Leominster:—

"Having for some years extensively used Dr. DE JONGH'S LIGHT BROWN COD LIVER OIL, both in public and private practice, I have no hesitation in stating its effects are very far superior to those of any other Cod Liver Oil. Nearly four years since, two cases of confirmed Consumption were placed under my care. In both, the lungs were a mass of tubercular deposit, and every possible sound to be heard in phthisis was present. The sole remedy employed was Dr. DE JONGH'S LIGHT BROWN COD LIVER OIL; and now the patients are strong and fat; the diseased (abnormal) sounds nearly inaudible; and in the one case (male), hunting, fishing, and shooting, are freely indulged in, the patient expressing himself quite capable of undergoing as much fatigue as any of his fellow sportsmen."

GENERAL DEBILITY AND EMACIATION.

In cases of prostration and emaciation, where the vital forces are reduced, and where life appears to be even at its lowest ebb, the restorative powers of Dr. DE JONGH'S LIGHT BROWN COD LIVER OIL are remarkably manifested. By its administration the natural appetite is revived, and the functions of digestion and assimilation are improved, reanimated, and regulated; and, when its use has been steadily preserved in, its peculiar tonic and nutritive properties have entirely restored health and strength to the most feeble and deteriorated constitutions.

The actual benefit derived is thus described by ROWLAND DALTON, Esq., M.R.C.S., L.S.A., District Medical Officer at Bury St. Edmunds:—

"In giving my opinion of Dr. DE JONGH'S LIGHT BROWN COD LIVER OIL, I have no hesitation in saying that I have not the slightest confidence in any other kind. The effects of Dr. DE JONGH'S OIL are sure and most remarkable, especially in that broken down state of health and strength which usually precedes and favors tubercular deposit; and I never recommend any other sort. The Oil I have had from you was for my own use, and it has certainly been the only means of saving my life on two occasions, and even now, when I feel 'out of condition,' I take it, and like it, unmixed with anything, as being the most agreeable way. I could wish that Dr. DE JONGH'S OIL would come into general use, and entirely supersede the Pale and other worthless preparations."

SELECT MEDICAL OPINIONS.

From innumerable medical and scientific opinions of the highest character in commendation of Dr. DE JONGH'S LIGHT BROWN COD LIVER OIL, the following are selected:—

Sir Henry Marsh, Bart., M.D., Physician in Ordinary to the Queen in Ireland.

"I consider Dr. De Jongh's Light Brown Cod Liver Oil to be a very pure Oil, not likely to create disgust, and a therapeutic agent of great value."

Dr. David Smith, F.R.S., Medical Officer to the Poor Law Board of Great Britain.

"We think it a great advantage that there is one kind of Cod Liver Oil which is universally admitted to be genuine—the Light Brown Oil supplied by Dr. De Jongh. It has long been our practice, when prescribing the Oil, to recommend this kind, since, amidst so much variety and uncertainty, we have confidence in its genuineness." (Extract from "Consumption: its early and Remediable Stages.")

Dr. Barlow, F.R.S., Sen. Physician to Guy's Hospital.

"I have frequently recommended persons consulting me to make use of Dr. De Jongh's Cod Liver Oil. I have been well satisfied with its effects, and believe it be a very pure Oil, well fitted for those cases in which the use that substance is indicated."

Dr. Lorenzo, Physician to H.R.H. the Duke of Saxe-Coburg and Gotha.

I invariably prescribe Dr. De Jongh's Cod Liver Oil in preference to any other, feeling assured that I am recommending a genuine article and not a manufactured compound in which the efficacy of this invaluable medicine is destroyed."

Sir Joseph Olliffe, M.D., Physician to the British Embassy at Paris.

"I have frequently prescribed Dr. De Jongh's Light Brown Cod Liver Oil, and I have every reason to be satisfied with its beneficial and salutary effects."

Letheby, F.R.S., Coroner for Central Middlesex.

"I consider that the purity of this Oil is secured in its preparation by the personal attention of so good a Chemist and intelligent a Physician as Dr. De Jongh, who has also written the best Medical Treatise on the Oil with which I am acquainted. Hence, I deem the Cod Liver Oil sold under his guarantee to be preferable to any other kind as regards genuineness and medical efficacy."

Dr. Granville F.R.S., Author of the 'Spas of Germany.'

"Dr. Granville has found that Dr. De Jongh's Light Brown Cod Liver Oil produces the desired effect in a shorter time than other kinds, and that it does not cause the nausea and indigestion too often consequent on the administration of the Pale Oil."

Edwin Canton, Esq., F.R.C.S., Surgeon to Charing Cross Hospital.

"For several years past I have been in the habit of prescribing Dr. De Jongh's Light Brown Cod Liver Oil, and find it to be much more efficacious than other varieties of the same medicine which I have also employed with a view to test their relative superiority."

Dr. DE JONGH'S LIGHT BROWN COD LIVER OIL sold only in Imperial Half-pints, 2s. 6d.; Pints, 9d.; Quarts, 8s.; Capsuled and Labelled with his Stamp and Signature

GENUINE PANCREATINE PANREATIC EMULSION.

The efficacy of these Medicines in the treatment of Indigestion, Bronchitis or Pulmonary Catarrh, Consumption, Wasting, &c., &c., depending entirely upon their purity and strength, Messrs SAVORY & MOORE caution the public against imitations of them which are set forth as possessing the remedial properties of the true preparations, but which are in reality either saponaceous compounds, ointments or pomades, without a trace of the Pancreatic principle and entirely unfit and useless as medicines. These imitations are calculated to produce serious disappointment and to injuriously affect the reputation which the Genuine Pancreatine and Pancreatic Emulsion have acquired. It is therefore highly important that purchasers examine the label on the bottles for the names and Trade Mark

Extract from an Analytical Report upon a Foreign Specimen of a so-called Preparation of Pancreatine.

"This compound resembled an Ointment or Pomade in appearance and consistency, and was flavored with Essence of Almond or Prussic Acid. It was strongly alkaline, indicating free alkali, which, acting upon the fat, produced the usual saponifying result; the whole forming a granular moist mass of fat, soap, glycerine and water. This ointment was physically and chemically different from the true Pancreatic Emulsion which I have also examined, and which, besides being rich in Pancreatic juice, has the delicate smooth appearance and consistency of fresh cream, is palatable and readily taken."

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. in these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.
