Red Letter Day For Flesherton

As the Reeve of the Municipality and chairman of the executive on Old Home Week committee I would like to take this opportunity of soliciting every single person's hearty co-operation in every way to make this event in the history of our village a decided success. This invitation also includes the surrounding country for we well realize that we are depending on everybody to put this week across and would like you to feel that this is your celebration as it is taking place in your home town. As the chairman of this event, I would ask any person responsible for any of the events to be pulled off to see that everything is ready as we have such a full propram that we must pull everything off on time, for should any one person fall down, it throws the whole program late. Might I again ask your hearty co-operation to this end and let us have the one aim in view, to give our visitors a real enjoyable time while sojourning with us so that they will know that the twin of their childhood days is still on the map, and be still prouder than ever to own Flesherton as the place where they spent their childhood days.

Yours in anticipation,
—THOS. W. FINDLAY.

Don't forget to register!

Watch For Big Parade

Prizes of $15, $10 and $5 are being offered for the best calithumpian section of the parade on Monday morning. The committee invites neighboring towns and village to enter a display to compete for the prizes, each section to have three or more cutfits to qualify. Competent judges are being appointed and fair decisions will be given. Quite a large number of comic displays will surely please the large crowd that will be present.

Through the courtesy of General Motors of Oshawa, and through D. McTavish & Son, it is expected that the specially designed motor bus, Bonne Entente, will be present to take part in the parade. The Bonne Entente is the product of Canada, made at the Walkerville plant, of Canadian material and by Canadian workmen, it cost about $20,000 to build. It has accommodation for six passengers, the seats being convertible into beds. A radio is carried in the overhead panelling, and besides this there is a complete kitchen, refrigeration, library, phonograph, electric lighting, ventilating and heating, besides other features. The bus is bringing the Oshawa softball team to town Sunday evening, and after the parade Monday will be open for inspection to the general public.

A special meeting of the village council was called on Tuesday to deal with the difficulties experienced in calling a public holiday for Monday, it being civic holiday. With the big crowd home for the week end it was brought to the notice of the Council that it would be working an injustice on anyone who should run short of provisions with all stores closed. A motion was passed that all places of business would be allowed to remain open until 12 o'clock and would close during the afternoon and evening of Monday, August 5th.

HOW TO RUN A NEWSPAPER

Men wil take the liberty to tell you how to run a paper, when they would not think of hinting to the merchant how to conduct a store or tell the preacher what to preach. They pay money for schools and don's know whether Jimmy is learning the rule of three or how to hold a cigarette gracefully, but when it comes to the newspaper there's where they all get off.

During the past week a friend wanted to know why we did not try to run the paper along the lines Christ would run a paper. We don't know how that would be. In the first place if Christ were back on earth we don't believe He would run into the newspaper business at all. There is not an editor or preacher that could tell the whole truth for days and stay in the community in which he lived. If our friend doubts this statement, let him try telling the truth for just one week and see where he lights. — Massena Observer.

Mrs. E. Hunter and daughter, Dorothy, and Miss Irene Stewart, of Toronto, are the guests of the latter's parents, Mr. and Mrs. J. Stewart.
