James Gordon Bennett, of the New York *Herald*, is expected to arrive in this city this afternoon, by special train, accompanied by a party of ten persons. It is understood that Mr. Bennett makes this trip for the purpose of attending the fancy ball at the Governor General's tonight, and this supposition will, probably, be found to be correct. If we are correct in our surmises, this is the first time Mr. Bennett has visited Ottawa, and we trust that he will take away with him many pleasant remembrances of the city. As a newspaper man we welcome Mr. Bennett to our city, and wish him a continuation of the success which has always heretofore attended the *Herald*.

Wellington, Lorain Co., O., Aug. 24, 1874.
Dr. V. Pierce, Buffalo, N. Y.
Dear Sir,—Your medicines, Golden Medical Discovery, Dr. Sage's Catarrh Remedy, have proved of the greatest service to me. Six months ago no one thought that I could possibly live long. I had a complication of diseases,—scrofula, manifesting itself in eruptions and great blotches on my head that made such sores that I could not have my hair combed without causing me much suffering; also causing swollen glands, tonsils enlarged, enlarged or "thick neck," and large and numerous boils. I also suffered from a terrible Chronic Catarrh, and in fact I was so diseased that life was a burden to me. I had tried many doctors with no benefit. I finally procurred one half dozen bottles of your Golden Medical Discovery and one dozen Sage's Catarrh Remedy and commenced their use. At first I was badly discouraged, but after taking four bottles of the Discovery I began to improve, and when I had taken the remaining I was *well.* In addition to the use of Discovery, I applied Iodine to the Goitre or thick neck, as you advise in pamphlet wrapping, and it entirely disappeared. Your Discovery is certainly the most wonderful blood medicine ever invented. I thank God and you, from the depths of my heart, for the great good it has done me.
Very gratefully,
MRS. L. CHAFFEE.

Most medicines which are advertised as blood purifiers and liver medicines contain either mercury, in some form, or potassium and iodine variously combined. All of these agents have strong tendency to break down the blood corpuscles, and debilitate and otherwise permanently injure the human system, and should therefore be discarded. Dr. Pierce's Golden Medical Discovery, on the other hand, being composed of the fluid extracts of native plants, barks and roots, will in no case produce injury, its effects being strengthening and curative only. Sarsaparilla which used to enjoy quite a reputation as a blood purifier, is a remedy of thirty years ago, and may well give place, as it is doing, to the more positive and valuable vegetable alternatives which later medical investigation and discovery has brought to light. In Scrofula or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre Scrofulous Inflammations, Indolent Inflammation, Mercurial Affections, Old Sores, Eruptions of the Skin and Sore Eyes, as in all other diseases, Dr. Pierce's Golden Medical Discovery has shown its great remedial powers, curing the most obstinate and intractable cases. Sold by all dealers in medicines. 4078

Is Phosphorus Thought?

The *Medical and Surgical Reporter* publishes as the result of the observations of Dr. L. Hodges, M. D., wherein that gentleman proves that phosphites are actually consumed during mental work by the process of thinking. His doctrine would imply the necessity of supplying the material phosphates directly, during the period of great mental toil, be it study, anxiety, the continued contemplation of a single theme, or other labor tending to weary the intellect.

On account of its adaptability, its safety, its quality of being easily administered, and of its causing perfect assimilation of food, and above all of its insignificant toning effect upon the nervous and muscular tissue, Fellows' Compound Syrup of Hypophosphites seems destined to supplant not only all other preparations from phosphorus, but every other tonic, and obtain general use. 4078

Obituary—Failed—The Absconding Debtor—The Police Difficulty.

Special to THE TIMES

MONTREAL, Feb. 22.—At the Water Committee investigation Mr. McDougall, the founder, refused to be sworn, on the ground that he was the accused party. The City Attorney said there were no accusers or accused persons; it was simply an investigation. Mr. Kerr defended Mr. McDougall and refused to allow him to be sworn. The City Attorney, Mr. Roy, said they had the right to compel him to answer and be sworn. On putting it to a vote it was carried, three to one, that he be sworn and examined on Friday. If Mr. McDougall still refuses it is more than probable the suit will be brought into requisition.

The firm of Deslisle Bros. & Co. suspended yesterday, with direct liabilities of about $60,000, and indirect liabilities of about $30,000 more. Their failure was no doubt hastened by hard times, but is due to the same causes which have brought about the suspension of a number of other hardware houses—want of capital and a too extensive use of accommodation paper. Mr. T. S. Brown, official assignee, took possession of their stock to-day.

The liabilities of the absconding merchant, Sutherland, of the firm of Sutherland & Keinery, are about $25,000. It is also thought he has creditors in England, and it is believed that the fugitive has gone to San Francisco to join his family, who set out for that city before him.
