Ferguson's Liquor Record

In 1926 Mr. Ferguson said "I am going out to preach the Gospel of sobriety and improved temperance from one end of the province to the other." And again, "If we can keep the total sales of liquor down o $5,000,000 a year we will be doing nicely. And this is how he did it:

He set up a commission and gave it a monopoly on the sale of liquor. He paid its chairman $20,000 a year thus making him the highest paid official in the province, thus clothing the liquor trade with the mantle of big business and respectability.

The commission has done a booming business. They sold $50,000,000 worth of liquor last year, and since in the first eleven months of this year 36,000 more permits were sold to Ontario residents (not tourists) than in all last year. Our liquor bill in 1929 will run very much higher. It will quite possibly reach $65,000,000

Statistics give damning evidence of the failure of the Ferguson Liquor Policy. The number of drunks convicted

In 1926 were 13,752
In 1928 were 15,931

The offences against Government Control, the measure Ferguson claimed would be much easier enforced than the O.T.A., have increased by over 2,000. Motor crashes reported, which are but a fraction of the total, hav increased from 3,912 in 1925 to 5,397 in 1928. The number killed in motor crashes have increased from 298 in 1926 to 477 in 1928. Crimes against persons have been in the same time increased 14.65%. Other indictable offences have increased 31.54%.

There is a story not told in figures of homes less happy, youth less ambitious, legitimate business crippled, and the moral fibre of the people weakened.

I voted four times against this policy on the Floor of the Legislature on March 21. 1927. The vote is recorded in "Votes and Proceedings," pages 141, 142 and 143.

On October 30 you can vote to condemn a policy that has worked such havoc in so short a time.

MCDOUGALL—RAMAGE

At Priceville United Chuch Manse, on Wednesday, Oct. 9th, a quiet wedding was solemnized by Rev. F. Sullivan, when Miss Grace Lenora, youngest daughter of Mr and Mrs W. W. Ramage, Priceville, became the bride of Charles Edwin McDougall of Holstein. There were no attendants.

Following the ceremony, the young couple returned to home of bride's parents, where a bountiul wedding supper was served and where the immediate relatives of both parties had gathered.

Following an evening spent in song and social merriment, the bridal couple let on a short motor trip, previous to taking up residence in Holstein. For the bridal dress the bride donned a corn colored crepe georgette with flared skirt, and her dark hair was surmounted with orange blossoms. Her travelling dress was of brown crepe satin, with which went a chic felt hat of same shade, brown suede coat and hosiery, shoes and purse to match.

The bride is well known throughout Egremont Tp., where her musical talent in singing and playing has always been appreciated, while the groom has always been a respectable citizen of Egremont Twp. The Review joins in extending god wishes to the bridal couple.—Durham Review.

THE LATE MRS C. McDONALD

The community of Bruce Mines was deeply grieved to learn on Saturday morning, Sept. 21 of the death of Mrs. Charles McDonald who had been a patient at the Soo General Hospital for the past few weeks.

For the past year Mrs. McDonald had been suffering from severe attacks from gall stones and in the winter underwent an operation for the trouble and for a time felt her health somewhat improved. Some months ago she underwent a second operation and has since graduaty failed in strength. Deceased was greatly respected by the community and her passing will be keenly felt, not only in the home circle, but by a host of friends.

The late Mrs. McDonald, whose maiden name was Miss Catherine McMaster, was 59 years, 7 months of age. In 1901 she came to Bruce mines. Twenty eight years ago she was married to Mr. Chas. McDonald and the young couple settled on the farm on the Bruce Road, which they sold seven years ago and came to Bruce Mines to reside. There are left to mourn the loss of a devoted wife and mother, the bereaved husband, three daughters, Mrs. Wm. McCrea, Chapleau, Miss Jean, Soo., Ont. Miss Mabelle, Livingstone Creek, and also four brothers, Messrs. George McMaster, County of Grey; Robert McMaster and Abraham McMaster, Flesherton; Wm. McMaster Desbarats; a half sister, Mrs. D. Gordon, and a half brother, Mr. Ed. Hillock, both of Maxwell.

Rev. J. H. Martin, who was in charge of the funeral service held at the family residence, spoke in high terms of the life of the deceased, saying that one who was so faithful as a wife , so devoted as a mother and so true as a friend, will be greatly missed by all who knew her. She was a humble follower of the lowly Jesus and exemplified in her life many of the qualities of the Master. She always enjoyed the services of the sanctuary the prayer meeting and worship conducted in her own home by her pastor.

What we term death is but the necessary way to a larger and fuller life, he said. "That which thou sowest is not quickened unless it die." She is more gloriously alive because those who believe in Jesus shall never die.

The funeral, which was largely attended, was held Monday afternoon from her late residence. Interment being held at Cloudslee Cemetery. The wealth of the beautiful floral tributes bore testimony of the esteem in which deceased was held.

Anyone seeking escape from taxation should look before he leaps. The Citizens' Research Institute of Canada has figured out that in 1927 taxation in Canada amounted to $70.67 per capita; in Australia it was $75.52;in Great Britain it was $90.37 and in the United States it amounted to $76.74. There doesn't seem to be any "better ole."—Dundalk Herald

EUGENIA

On Monday evening there was a splendid meeting of the Conservative party, although there was not a large turnout, owing to the fact that the meeting was not advertised very thoroughly. Several did not know that there was a meeting until it was over. If circulars had been sent to each school and distributed to the children to take home the meeting would have been well attended.

The first speaker of the evening was Mr. Winslow Kernahan of Osprey. This young man delivered a remarkable speech. He enumerated the many good things that have come from the Ferguson government—good roads, reduction on farm loans from 6½ to 5½ per cent., old age pensions (for those who really need it) etc. He explained Hydro extension and admitted that government control had its defects. The O.T.A. had a term of ten years, then it was turned down by the people for government control. Premier Ferguson has promised to make the g. c. without a flaw if possible. Talk about so many car accidents under government control! These accidents are not all due to the liquor; no, not all. Compare the number of cars now in use to the number during the O.T.A. Why wouldn't there be more accidents if there was no liquor? There are many drivers who pay no attention to speed. The speaker said that the only way we could have any influence with the government was to send a man who would have the leader and majority at his back, and that was to vote for our Conservative candidate Mr. Nelson Perdue, who is a strict temperance man and a frmer.

The next speaker was Dr. Campbell of Markdale, who spoke forcibly on the Ferguson policy. He said Markdale has improved greatly since the Government Control Act came into force; there wasn't one empty bottle found there to twenty during the days of the O.T.A. He said that people now got liquor by permit, whereas they had to lie to get it under the O.T.A

Mr. Stewart, assistant to Mr. Cooper, delivered a brief, but emphatic address. Under the Conservative government we have Hon. J. Martin Minister of Agriculture, with whom no fault can be found, as he uses untiring efforts to bring Agriculture to its best.

Mr. Perdue was the last speaker and did not give us a long address as it was late when he arrived from Kimberley, where he had held a meeting. He spoke on the development of the province under the Conservative government. In referring to the L. C. A., he said that when it was proposed the defects could not be foreseen, and those defects which had developed could now be corrected, and advised giving it a trial as long as the O. T. A. had, and if it was not effective in every way discard it for something more suitable. All the speakers advised everybody to vote for the government which was for the betterment of the province, and that was the Conservative government.

We are sorry to report Mr. J. H. Duckett very ill at the time of writing. We sincerely wish the old gentleman a change for the better and a speedy recovery.

Mr. Card. Graham is recuperating at his home now, having returned home last week from Toronto, where he underwent an operaton for apendicitis. We hope he continues to regain his usual good health.
