The Service a Bank Performs

FROM the very moment production of a commodity is planned until, through the channels of commerce, it finds its way to the ultimate consumer, it must be financed. In providing funds to finance production and distribution, banking renders one of its major services to the community.

Teacher's Convention Held At Feversham

The annual convention of the East Grey Teachers' Institute was held in Feversham continuation school on Thursday and Friday, October 10 and 11.

On Thursday morning, the devotional exercises were conducted by the Rev. A. F. Bamford. In his address, Mr. Bamford spoke of the influence of the teacher on the character of the child. The minutes of the last meeting were then read and adopted. The O.E.A. degates, Miss Helen Maynard and Mr. Glenn Jenkins, then gave their reports. These reports covered everything of interest discussed at the O.E.A. Later in the day, the convention voted that a grant of five dollars be sent the O.E.A.

The roll call was taken by Inspector Morrison, who found an excellent attendance. Next in order came the address of the president, Mr. Horace Cook, after which the meeting adjourned for noon.

In the afternoon Mr. W. L. Taylor, Reeve of Osprey, and Mr. Hale, Secretary of the Feversham School Board, addressed the teachers. Both gentlemen extended a hearty welcome to all and stated that it was the first time that the East Grey teachers had met within the boundaries of Osprey township.

The chief speaker of the afternoon was Dr. McMillan, principal of the Hamilton Normal School. Dr. McMillan took as his subject the teaching of agriculture and showed the teachers how they might impart much helpful knowledge by making a few simple experiments. Inspector Morrison then dealt with some essentials of the teacher, stressing the fact that the teacher should have a direct aim to develop the character of the pupil. He also stated that it was the privilege, as well as the duty, of every teacher to attend the convention held within their own inspectorate. Questions asked by many teachers were answered by Miss Bradley and Mr. Holland. During the afternoon a grand mix-up was staged, giving the teachers a chance of becoming acquainted.

Mr. W. S. Moffatt conducted the devotional exercises on Friday morning, speaking to the teachers on the subject of courage. A primary class was then taught a lesson in phonics, followed by a discussion on the phonic method. Dr. McMillan again addressed the teachers on achievement tests. The remainder of the morning was taken up by discussion on the teaching of geography and grammar. In the afternoon questions were answered by Mr. Graham and Inspector Morrison. The teaching of second class arithmetic was also taken up. The remainder of the time was taken by the election of officers as follows:

Hon. Pres., S. A. Morrison, I.P.S.
Pres., Mr. G. B. Littlejohns.
1st Vice-Pres., Mrs. M. Bellamy.
2nd Vice-Pres., Miss G. Bradley.
Sec.-Treas., Miss Aleda Brown.
Auditors, Miss Dorothy Walker and Miss Helen Babington.
O.E.A. Delegates, Miss Burroughs and Mr. C. Chapple.

At intervals during the convention all joined in singing with Miss M. Warder as pianist.

The convention decided on Clarksburg as the centre of the 1930 convention. Although Feversham is a comparatively small village, the teachers wish to take this opportunity of thanking them for the splendid entertainment Thursday night and the excellent accommodation provided.

Flesherton Boy Brought in Oil Well

To a Flesherton boy, Mr. Wilfred McMaster, son of Mr. and Mrs. Robt. McMaster, goes the honor of bringing in an oil well which he has been drilling for the Fuego Oil Company at Oyen, Alberta. A tremedous flow of gas was estimated at 18,000,000 cubic feet. Oil was struck at 3,136 feet and when the well came in mud, water, gas and small rock was shot 200 feet into the air with a roar that could be heard for two miles away. Shortly afterwards the derrick and surroundings were covered with a thick black coating of crude oil. The striking of oil in this well is of great significance to a few local citizens who have stock in the enterprise. Last week Wilfred sent home a small bottle of the crude oil and it is of a black oily substance that is more like grease than oil and would hardly run from the bottle. Wilfred is to be congratulated upon his success with this well, as the difficulties he encountered in sidetracking 530 feet of pipe was immense, but we are pleased to know that he was successful in his work.

Killed On Road

Sidney Glover of Galt was instantly killed on the Garafraxa Road, south of Mount Forest, when the automobile he was driving crashed into the back of a steam shovel on Thursday night, while on his way to visit his friend, Mr. W. J. Chard, who lives east of Flesherton on the gravel road. The accident occurred about 8 o'clock p. m. He was acompanied by his dog, which was also instantly killed. The car was a complete wreck, the front of the car being crushed by the heavy impact. Mr. and Mrs. Chard attended the funeral which took place on Monday afternoon to the Galt cemetery. The late Mr. Glover was 38 years of age.

ARTEMESIA COUNCIL

The Council met at the town hall, Flesherton, on the 3rd day of October 1929. Present—A. Cameron, Reeve, and Councillors Davis, Whittaker and Meldrum. The minutes of the last meeting were read and on motion were adopted.

Claims for sheep killed were presented by C. Doupe $7, W. R. Meads $10 and, certified by valuers, were ordered to be paid. H. Patton, road superintendant, presented his 10th report on road expenditure, having expended $2198.33, which, on motion, was adopted and payment ordered.

By-law 880, to authorize change of the date for municipal elections, the nomination to be on the last Monday in November and the election, if any, on the first Monday in December, was introduced, read and passed, also by-law 881, to appoint a Treasurer and define his dutie nnd salay was passed.

The Council adjourned.
