The remains of Mrs. John R. Pentecost, who died at her home in Burlington, Kansas, on the 12th, of lead poisoning, in the forty-first year of her age, reached this city Saturday evening, Sunday afternoon at three o'clock the funeral services were held in the chapel at Mt. Hope cemetery. There was a large attendance from the First Methodist Church, of which deceased was a member, and nearly every miller in the city, with his wife, was present. Mr. Pentecost, to his great grief, was too ill to leave his home and come to this city with the remains of his wife. For many years he resided in Rochester and while conducting the Central Mills made hosts of friends who, in this hour of sorrow, tender their heartfelt sympathy.—Rochester, N. Y., Post-Express, Sept. 17. Deceased was a sister of Mr. John Trick, of this town.

A GRAND FOOT-BALL TOURNAMENT (Juniors), will be held here on Saturday next, when the following clubs have announced their intention of being present: "Actives," of Toronto, "Pickering's," of Pickering, "Whitbys," of Whitby Collegiate Institute, and "Britannias," of Bowmanville. Three rounds of matches will be played by each club. POLICE AND PET STOCK ASSOCIATION.—A large number of poultry fanciers met on Monday evening for the purpose of forming an association, when the following gentlemen were elected officers: John Kydd, president; Samuel Burden, vice-president; M. Porter, treasurer; and D. T. Morris, secretary; and T. T. Coleman, Jas. Jeffrey, W. J. Wolfe, N. S. Young, T. Smelt, J. Dutton, S. Wright, W. Hall, A. Hobbs, and G. Tilt, directors. It is proposed to hold a show sometime in February, in the Town Hall, open to the Dominion, when the Association hope to see poultry and pet stock exhibited from all parts. Already some have signified their intention of going into raising English pheasants and fancy pigeons, which is always one of the leading attractions at the Industrial. In other parts of the Dominion associations of this kind have been found to be beneficial to farmer and fancier alike, as he more readily sees the difference between scrubs and good stock.

A committee had previously canvassed the town for members and got about 90 names enrolled in one day's canvass; so the probabilities are the Association will be strong, and it will also be a strong addition to our agricultural show here in the fall.

An elastic step buoyant spirits, and clear complexion, are among the many desirable results of pure blood. The possessor of healthy blood has his faculties at command, an enjoyment clear and quick perception, which is impossible when the blood is heavy and sluggish with impurities. MISS SARA ABRAHAM, near Solina, fell 8 or 10 feet from an apple tree last Tuesday week and seriously injured her spine.

David White, youngest son of the late venerable clerk of the county of Oxford, died at the family residence here on Saturday evening after a lingering illness. Mr. White was at one time in business here, but of late filled a responsible position in the firm of Burrow, Stewart & Milne, of Hamilton. In the early part of the present year he was completely laid aside from work, and visited several places in quest of that health which it was clear to many friends could not return to him. He returned about two weeks ago from a trip to Muskoka, and sank rapidly afterwards, until Saturday evening when his spirit passed peacefully away. His early death will be sadly mourned, but he left behind him nothing to regret. His life was a singularly blameless one. His kindly manner and high character secured him not only the esteem but the affection of all who knew him. His funeral took place on Tuesday afternoon and was largely attended. Mr. White's surviving brother is clerk of the county. He leaves a wife and three young children. In their irreparable bereavement they have the sympathy of all who know them.—Woodstock Sentinel Review. Deceased was brother of Mrs. T. Yellowlees.
