An Essential of Modern Life.

BANKING Service is one of the essentials of modern life. It assists in the production of every article and in the transportation of every commodity. Without it, distribution would be impossible. Yet Banking functions so smoothly that we are scarcely aware of our dependance upon it. By taking Panking Service for granted we pay our greatest tribute to its efficiency. Each year an increasing number of depositors and clients affords evidence of the character of Service offered by the Canadian Bank of Commerce.

ADDITIONAL LOCALS

Mr. Fred Pinder has purchased a new Chevrolet truck and has it on his routes delivering bread. Mr. Pinder has a large district to cover with his deliveries and his popular Purity bread is growing in favor all the time. There is no bread made to-day that is any finer than Pinder's bread.

For the past several weeks there was a shortage of water in this district. McCauley's planing and chopping mill was running only part time on account of the exceptional small amount of water in the pond. Some wells were dry also, and the creeks have been very low. Monday at noon the rain commenced to fall and it came down in a steady mist-like rain until Tuesday afternoon, when it fell more heavily and the droughth is past for the time being. Farmers were also having a hard time plowing on account of the ground being so dry, but now this condition will be remedied.

Mr. R. G. Holland and Master Teddy Dixon were in Meaford on Thursday evening of last week and attended the Board ofTrade banquet of that town. Teddy was presented with the watch which he won by his oratory at the championship school fair held at that point, donated by the town of Meaford. Ted again gave his speech in a manner that was all to be desired, and which drew favorable comments from those present. Mr. Thos. Cooper was also present and addressed the gathering, as also did Mr. Holland. Needless to say, Teddy is a very proud boy with his gold watch.

F. R. Oliver Spoke To Crowded House

A crowded hall greeted Mr. F. R. Oliver on his appearance in Flesherton on Wednesday evening of last week on his campaign to be returned to the Legislature as a representative of the United Farmers. A large proportion of the gathering was women electors, and everybody listened attentively to the arguments advanced.

Miss A. C. Macphail, M.P., was the first speaker and she spoke very entertainingly on her trip to Europe and to her work in the interests of world peace at the conference at Geneva.

In her address on provincial affairs Miss Macphail stated that one of the most important things at present in favor of the abolition of the L.C.A. was the fact that we cannot afford to take $50,000,000 out of the business circulation in the province without the business men feeling it, Money taken out of the pockets of the ordinary person and giving it to the brewers and distillers, thereby lessening business activities in legitimate lines. One other strong argument was the safety of human life. She stated that liquor had done more than anything to make the highways unsafe at the present time and the element of risk travelling on the road was greater now than in 1921. Miss Macphail mentioned the matter of a speaker from the Department of Agriculture at Markdale on the platform at Eugenia in the interests of the Conservative candidate. She thought that the Department was free from politics and were particularly keen on keeping their skirts free. In closing she declared that a party man is a man bound and gagged and is a slave to the party machine and the only way to have responsible government was by the election of a man who is free from party and will represent the constituency as a whole.

Miss Pearl Aitcheson of Chatsworth spoke on the educational problems as advanced by the Premier, who is always Minister of Education.

Mr. Oliver, at the commencement of his address declared that an election was unnecessary at the present time as Mr. Ferguson had a clear majority of 35 in the House. The government was supposed to sit for four years, but only two years and nine months of the life of the present government were up, and he continued, there should be a law to make the government sit the full four years. Mr. Oliver stated that in 1926 at Trenton Mr. Ferguson stated that crime was increasing and there was more drinking and if the L.C.A was sustained it would do away with the bootlegger and that he hoped the liquor expenditure would be kept down to $5,000,000. Mr. Ferguson's prediction of the low sale of liquor had risen to $50,000,000 spent in one year on liquor. The longer the law is in force the consumption of liquor was increasing. He also said that one reason the Ferguson government was appealing to the people at the present time was that as the books of the government were closed on October 31st they were afraid to publish the figures until after the election as he expected they would be away above that of last year, showing that more liquor was being consumed.

Mr. Oliver said that the bootlegger was still with us, and the small seller has not been stopped as was stated before the Act came into force. He claimed that the L.C.A. had not been kept out of politics and that Premier Ferguson had done nothing to educate the people against the consumption of liquor, as was promised in 1926. If the government had not received the eight million dollars from the sale of liquor last year they would not have been able to balance the budget.

In regard to the debt against the province he stated that it had increased ninety one million dollars in five years and was now $394,000,000, and there was an increase of $24,000,000 this year. He also said that if the government depended on ordinary revenue they would be eleven million dollars in arrears on the expenditures of last year. On the question of township roads he said there was more need for it than ever and if the building of cement highways was curtailed more money could be used for this purpose. The money should be brought back to the township and the ratio changed as the municipalities were paying all they can now for road upkeep and the government should assume a larger share. Mr. Oliver touched on hydro for the farm and said that less than five per cent of the farmers have hydro on account of the prohibitive cost.

Mr. Oliver declared, in closing, that he would go down to the Legislature with the same ideals and fired with the same determination as in 1923, to represent the people of South Grey to the best of his ability.

Golden Wedding of Mr. and Mrs. Beattie

A social event of interest to a large circle of friends was the golden wedding of Mr. and Mrs. Andrew Beattie Toronto, formerly of Orange Valley, when they were "at home" to their friends.

Mrs. Beattie was modishly gowned in black georgette and wore a corsage bouquet of ophelia rases and liy-of-the-valley, a gift from the groom. Dr. P. A. Beattie and Mrs. Beattie Jr. assisted in receiving the many guests. Mrs. M. F. Tomkins and Mrs. W. Shenson poured tea during the afternoon. In the evening the honors were shared by Mrs. J. W. Brooke and Mrs. Shenson. Two granddaughters, Misses Berna and Margaret Willis, also Miss Isabel Tomkins, assisted with the buffet lunch.

The members of the family present to participate in the celebration were Mrs. C. P. Rutty and son from Calgary, Alta., Mr. and Mrs. G. I Willis and four children from St. Thomas, Ont., Mrs. Dell Thompson and son, Mr. and Mrs. Wm. Shenson and Dr. and Mrs. P. A. Beattie, all of Toronto. Two daughters, Mrs Hamilton and Mrs. Harrison, also one son, R. G. Beattie, were unable to be home.

More than one hundred guests called during the day. Mr. and Mrs Beattie were the happy recipients of many beautiful flowers, gifts, telegrams and letters of congratulations from friends near and far, and a purse of gold from the family.

Although 77 years of age Mr Beattie played 18 holes of golf with his son, Dr. Beattie, and G. I. Wilis, in the morning and made the usual creditable score.

One of the most pleasing events of tht entire day was a long distance telephone call in the evening from their son, Roy. and his wife of Winnipeg. Despite the great distance Mr. and Mrs. Beattie were able to converse very easily with the family in Winnipeg, which made a grand finish to a wonderful day.
