PROSPECTUS

OF THE

Scottish American Journal:

A First class Family Newspaper,

DEVOTED TO THE

DISSEMINATION OF SCOTTISH LITERATURE AND NEWS.

SIXTH YEAR.

THE SIXTH YEAR of the Scottish American Journal commenced January 1, 1863, each year constituting a complete volume of convenient size for binding; and each number containing a most entertaining and instructive repository of reading matter, calculated to interest all readers of British origin. The Scottish American Journal though entirely INTERNATIONAL in its constant efforts to promote peace and prosperity between the people of Great Britain and America, is yet emphatically Scottish in its copious records of all events occurring in Scotland that can be of the least interest to natives of that country residing in America; and to this "news from home" is added weekly a summary of general intelligence from England, Ireland, and other parts of the world.

A distinguishing feature of the Scottish American Journal is its regular republication—"verbatim et literatim"—of the leading articles" of the prominent British newspapers and other periodicals upon the most important topics of the day. This feature is an unique one, and has been found very acceptable to the people of the United States and British North America, and supplies a long needed desideratum on the American Continent. In reference to the "editorials" of the Scottish American Journal it is a significant fact that the British press frequently acknowledges their intrinsic truth and force by copiously extracting from our columns and declaring that the Scottish American Journal is the most able and interesting paper published in America. A concise weekly summary is also given of the principal items of American news and a similar narrative of events transpiring in the various British Provinces.

In the forthcoming volume of the Scottish American Journal, increased space will be devoted to the literary department in the publication of serial tales and sketches vividly illustrating the costumes, habits, sentiments, and general characteristics of the people of Scotland; each tale emanating from the pen of an author of celebrity. As heretofore, particular care will be exercised in the choice of original poetry, composed by writers of acknowledged genius and purity of thought, resident here or abroad. The third number of the new volume contains the commencement of a deeply interesting prize tale, entitled

RACHEL NOBLE.

The Directors of the Scottish Temperance League gave a prize of One Hundred Guineas for this tale. The Rev. N. L. Walker, Rev. A. Johnson, Rev. James Hill, Rev. W. Barr, and Rev. John Brown Johnson, D.D., acted as adjudicators, and after carefully perusing Eighty-three Manuscripts, awarded the prize to BRUCE EDWARDS. The tale will prove to be one of the most interesting ever published and will be appreciated by all classes of readers.

A School for the Business Man!

The British American Commercial College,

Corner of King and Toronto Streets,

NEXT DOOR TO THE POST OFFICE,

TORONTO, CANADA WEST.

THE design of this Institution is to impart to young men and ladies a thorough and practical business education. The course of Instruction includes Book-keeping, Commercial Law, Business Mathematics, and Business Penmanship, all of which branches are taught in the most thorough and scientific manner

The Book-keeping Department is as complete and exhaustive as that of any Commercial College on the continent, embracing Wholesale and Retail Merchandising, Manufacturing, Mining, Milling, Forwarding, Banking, Brokerage and Commission, Railroading, Steamboating, &c., &c., and is under the charge of Teachers selected for a practical as well as theoretical knowledge of the duties of the Counting Room.

BATES' BRITISH AMERICAN SYSTEM OF RAPID WRITING will be taught by its author. This is the only system yet used by which all writing can be executed on one movement.

For Circular and specimens of Penmanship, address, (enclosing stamp)

I. BATES, Principal.

TO TEACHERS.—A Series of Copy Books on the above system, by I. BATES & H. G. STRACHAN (teacher of Penmanship in the Provincial Normal School) designed for the use of Schools of Canda, is being engraved, and will be ready for use by the 1st of December.

VALUABLE FARM FOR SALE.

ONE of the best Farms in the County of York, being Lot No. 15, in the 5th Concession of the

TOWN HIP OF VAUGHAN,

200 ACRES more or less, with good Frame Buildings of every description, and a large Orchard of the best of Fruit. There is four good Wells of Water, with Pumps in them.—The farm is within 17 miles of the City of Toronto; will be sold 100 or 200 Acres, to suit purchasers. There is about 150 Acres cleared, and in a high state of cultivation; and 40 Acres of well-timbered Land—Pine and Hardwood.

For further particulars apply to

HECTOR McLEAN,
On the Premises,

Vaughan, Feb, 19, 1863. 220-tf.

EMPLOYMENT.

THE Undersigned has, for several years past, been engaged in a business, which has yielded him at the rate of three thousand dollars per annum, and is now willing to teach it to others. The business is of a highly useful and general character, adapted both to cities and villages, and one that any person of ordinary capacity, young or old, male or female, can acquire with a few hours' practice, and by which they can secure a very handsome income. Several young ladies who have received instructions from me, both in New York State and Pennsylvania, are earning upwards of $15 per week by it, and there is no reason why any one else cannot do the same. Invalids, even, can do well by it, as it is no peddling affair, but a business that is perfectly respectable. Gentlemen and ladies of leisure who would like to learn the business for their own amusement or pleasure, will find the practice of it a pleasant pastime, and one that they will take great interest in. On receipt of $1, I will send printed instructions by which any person can really acquire the art, and these instructions will also contain every particular relative to the carrying it on, so that it will be highly profitable. The purchaser of the "printed instructions" will also be authorized to teach it to others; and I have sometimes received as high as $200, for teaching it personally to a single individual. I would state further that $2,50 or $3 will buy every thing that is necessary to commence the business with, and the articles can be got almost anywhere, in city or country, or, if preferred, I can furnish them.

Address, ALVORD T. PARSONS, No. 36 Liberty, St. New York. 211-3mo.

ILLUSTRATED

Scientific American!

The Best Mechanical Paper in the World.

18TH YEAR.—VOL. VIII., NEW SERIES.

A NEW volume of this popular Journal commences on the 1st of January.—It is published Weekly, and every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns

TO THE MECHANIC & MANUFACTURER

No person engaged in any of the mechanical or manufacturing pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which cannot be found in any other publication.

TO THE INVENTOR.

The SCIENTIFIC AMERICAN is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an official list of the claims of all the Patents issued from the United States Patent Office, during the week previous; thus giving a correct history of the progress of inventions in this country. We are also receiving every week the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns options extracts from these journals, of whatever we may deem of interest to our readers.

A pamphlet of instruction as to the best mode of obtaining Letters Patent on new inventions, is furnished free on application.

Messrs. MUNN & Co. have acted as Patent Solicitors for more than seventeen years, in connection with the publication of the SCIENTIFIC AMERICAN, and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

CHEMISTS, ARCHITECTS, MILLWRIGHTS AND FARMERS.

The SCIENTIFIC AMERICAN will be found a most useful journal to them. All the new discoveries in the science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week.—Useful and practical information pertaining to the interests of millwrights and millowners will be found published in the SCIENTIFIC AMERICAN, which information they cannot possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in the SCIENTIFIC AMERICAN; most of the improvements in agricultural implements being illustrated in its columns.

TERMS:

To mail subscribers—Three Dollars a year, or One Dollar for four months. The volumes commences on the first of January and July.—Specimen copies will be sent gratis to any part of the country.

Western and Canadian money or post-office stamps taken at par for subscriptions. Canadian subscribers will please to remit 25 cents extra on each year's subscription, to prepay postage.

Truth Stranger than Fiction.

A STARTLING WORK!

FEMALE

LIFE AMONG THE MORMONS!

A NARRATIVE OF

Many Years Personal Experience,

BY MARIA WARD,

THE WIFE OF A MORMON ELDER!

"THAT one half of the world cannot imagine how the other half lives," is no less true than trite; and the lesson the adage affords, our experience and observation daily tends to verify. Then, too, when we consider the ever-varying phases of human passion, and the discordant elements from which all novel and fanatical sects are moulded, it can scarcely seem surprising that a faithful record of actual events should exceed in singularity the wildest dream of romance; or that crimes, both strange and unnatural, should be perpetrated in a far off country on the outskirts of civilization, which people in another state of society would never imagine possible. Knowing, as I do know, the evils and horrors and abominations of the Mormon system, the degradation it imposes on females, and the consequent vices which extend through all the ramifications of the society, a sense of duty to the world has induced me to prepare the following narrative for the public eye. The romantic incidents connected with my experience, many may think bordering on the marvelous. To them I would say, that this narrative of my life only proves, what has so often been proved before that, "TRUTH IS STRANGER THAN FICTION.—*Authors Preface.*

The book contains 449 pages, with engravings, is neatly bound in cloth, and will be sent to any address, post-paid, on receipt of price, $1 25.

A Companion to Female Life.

Male Life among the Mormons,

BY AUSTIN N. WARD.

This, like the above, is a work of great and unusual interest, and will be eagerly read as a companion volume to "FEMALE LIFE."

It is a large 12mo volume, neatly bound in cloth, illustrated with engravings, and will be sent to any address post-paid, on receipt of price, $1 00—or on receipt of $2 00, we will send both the above works, postage prepaid.

DICKENS' LAST GREAT WORK!

GREAT EXPECTATIONS!

BY CHARLES DICKENS'

Complete in one volume, 12mo, cloth extra, illustrated with steel engravings. Will be sent to any address postage paid on receipt of price, $1.00

JANE WRIGHT, *Executrix,*

Thornhill, Nov. 6, 1862, 208-tf

FINKLE & LYON

SEWING MACHINE COMPANY.

538 BROADWAY, NEW YORK,

TO parties little acquainted with the Finkle & Lyon Sewing Machines the careful perusal of the Company's Circular is specially commended. This Circular can be had on application. It is very specific, and will be found highly instructive, having been prepared with much care, and we will abide by all statements therein made.

The following brief quotation is characteristic of the entire Circular:

"This Machine is better adapted than any other Sewing Machine in market to the frequent changes and almost endless variety of sewing required in a family; for it will sew from one to twenty thicknesses of Marseilles without stopping, and making every stitch perfect. Will sew from the finest gauze to the heaviest cloth, and even to the stoutest harness leather, without changing the feed, needle, or tension, or making any adjustment of machine whatever."

Thus have we successfully overcome the most difficult point in the Sewing Machine Art, it was no ordinary triumph. Defiantly can we say, "No other Machine compares with it in this respect." Hence have we uniformly—almost without exception—taken the highest premium, when the Machine has been properly exhibited in competition with other first-class Sewing Machines. Hence is it that we are able to offer the following guarantee, viz:—"We Warrant every Machine we sell to give better satisfaction than any other Sewing Machine now in market, or money refunded."—We never sell a Machine on any other terms. The guarantee is as reliable as the note of any business man in the land. For more than five years have we relied upon such facts for the reputation of our Machine; and without a single travelling agent in the field, there is scarcely a neighborhood on the continent where the Machine is not favorably known. We prefer such a reputation to one based on mere "talking points," as they are technically called in the trade. Hence we make but one kind of stitch viz: the lock-stitch, alike on both sides, requiring only one-third the thread of other kinds of stitches.

N. B Local agents wanted in every county throughout the West. Special inducements offered.

Valuable Farm for Sale

IN the County of York, Township of King, being the West half of lot No. 7, 1st Concession, 100 Acres, less School site. This Farm is beautifully situated for a Stock or Dairy Farm, well watered with three never-failing Springs; 24 miles from Toronto and 2 from Yonge-street road. There is about 90 acres cleared and over 80 under cultivation; the soil being low and well drained with tile, is very fertile; there are 13 acres of it under Wheat, and about 40 under preparation for Spring Crops, a good 2 story Brick House and large Frame Barn, both new; a Turnip cellar and Out Buildings. There is also a Brick and Tile Yard on the Farm plenty of excellent Clay and a good demand for Tile.

☞ Terms very reasonable.

For further particulars apply by letter, prepaid, to

ROBERT LOVE,
