Correspondence.

To the Editor of the York Herald.

MR. EDITOR, SIR: In strolling through your village last week I noticed a gathering of boys and men upwards of forty in number, representing all ages from six years to sixty. I was informed that it was the evening for the monthly fire engine practice; previous to the arrival of the Captain, and their being called to active service, they were amusing themselves in games and conversation; but, during the whole of the evening there was not a single oath uttered nor did I hear any approach in the least to profanity, so often heard in the evening gatherings of young people. It speaks, Mr Editor, very highly of the morality of your village.

Yours respectfully,
OBSERVER.

I have carefully examined the pianos sold by Mr. H. B. SYRUP OF HYPOPHOSPHITES.

As all life-endowed bodies, whether they be Beast, Birds, Reptiles, Insects or even Zoophites, and subjects of the Vegetable Kingdom *are governed by vital force*, which binds all the springs of existence, and as nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is indeed a boon to the world.

Modern chemistry has ventilated the question and discovered the ingredients constituting the brain, muscles and nerves, and finds that by introducing these ingredients in proper proportions the brain and nervous system are strengthened.

This, then, is substantially the basis on which FELLOW'S HYPOPHOSPHITES is built, its direct action is upon the Blood, the Brain and Nervous System, and the Muscles. Strengthening the nerves, it causes the rapid distribution of Vitalized Blood in the Muscular Organs of the Body.

Rousing the Sluggish Heart and Liver, strengthening the action of the Stomach and Bowels and enabling the Lungs to be fully inflated with Oxygen.

It is adapted for ALL cases of Weakness and Emaciation, whether arising from sedentary life, a tropical climate, from fever or debility from any cause, and is efficacious in PULMONARY CONSUMPTION, many confirmed cases having been cured and all benefitted, where its use has been continued over a fortnight.

In Bronchitis it is a specific, and in Asthma it gives relief where every other remedy fails.

For Nervous Debility it stands unrivalled, and may be used with confidence in all cases.

As this is entirely distinct and different from every other preparation of Hypophosphites, be careful to ask for FELLOWS' SYRUP, and take no other.

SOLD BY APOTHECARIES.

Price, $1·50; Six for $7·50.

Caution!! Caution!!!

TO THE PUBLIC OF THE BRITISH PROVINCES OF NORTH AMERICA.

I beg most respectfully to acquaint the public of the British North American provinces that in May, 187, I caused the business at 80 Maiden Lane, New York, for the sale of HOLLOWAY'S PILLS AND OINTMENT, which were up to that time prepared by William Brown, now deceased, to be closed. I regret to say that I have reason to know that the management of late business had for some years, and in many ways, been most corrupt, and it may be that the Pills and Ointment were not prepared with the care I have always desired.

Those who do not wish to be deceived by buying spurious medicines, which are now likely to emanate from the States or elsewhere, but to possess themselves of the genuine HOLLOWAY'S PILLS AND OINTMENT, manufactured by me in London, England, will do well to see that each pot and box bears the British Government stamp on which is engraved the words "HOLLOWAY'S PILLS AND OINTMENT," and that the addresses on the label is 533 OXFORD STREET, LONDON, where only they are manufactured, and in no other part of the world. The retail prices are on the labels in British currency, and not in dollars and cents.

No representative of mine will ever trave through any part of the British Provinces or the United States, either to sell, or to take orders for my Pills and Ointment, and as I have reason to believe that attempts will very probably be made to deceive the public in this way by persons calling on medicine vendors, falsely representing that they are acting for me and with my knowledge and consent, I deem it advisable to put the public on their guard against any such deceptions.

I most earnestly entreat all those who may read this advertisement that they be pleased, in the public interest, to communicate the purport of the same to their friends that they may not be defrauded of their money by purchasing worthless imitations of the genuine HOLLOWAY'S PILLS AND OINTMENT.

I would ask, as a great favor, that should it come to the knowledge of any person that spurious medicines are being made or sold in my name, he be pleased to send me all the particulars he can collect respecting the same, that is to say, the name and address of the vendor who is selling the spurious medicines, and likewise the name and address of the House in the United States, or elsewhere, which may have supplied them, so as to enable me, for the protection of the public, to institute proceedings against such evil-doers, and I engage to remunerate very handsomely any person who may give me such information, the informant's name never being divulged.

Should any person have reason to believe that he has been deceived by buying spurious imitations of these Medicines, he will do well to send me, in a letter, to the address at foot (which he can do at a cost of six cents in postage), one of the books of instructions which are affixed to the same. I promise to examine it and send a reply, stating whether the Medicines are genuine or not, so that if spurious he may apply to the person from whom he purchased them to have his money refunded.

Chemists and Druggists who desire to obtain the Medicines can be supplied at the lowest wholesale prices in quantities of not less than $20 worth—viz, 8s. 6d, and 22s, and 34s., per dozen boxes of Pills or pots of Ointment, nett, without discount, for which emittance must be sent in advance.

I have the honor to be,
With great respect,
THOMAS HOLLOWAY,

533, Oxford Street (late 244, Strand),
London, W C., Sept. 1. 1871. 687-5m
