TESTIMONIALS.

MESSRS. R. S. WILLIAMS & SON'S. TORONTO, April 12th, 1881.

GENTLEMEN—I have much pleasure in testifying to the great excellence of your Pianos. I have put them several to the test, and find them possessed of those qualities of tone and touch so acceptable to the true musician and lover of classical music—a charming singing tone, easily graduated from the most delicate pianissimo to every degree of loudness and fulness, and a touch which answers readily to every shade of feeling.

I consider these instruments a great acquisition in musical society, and am much pleased at finding a piano which I can recommend with perfect confidence.

I am, Gentlemen, yours very truly, CHAS. W. EWING, (Of London, England,) Organist of St Peter's Church, Coburg, On

MESSRS R. S. WILLIAMS & SONS— TORONTO, Nov. 4th, 1882.

GENTS—Having thoroughly examined the Workmanship of your Pianos, I have no hesitation in stating that, in my opinion, they are equal to those of any others of the best Makers that I have seen. I can only speak in the same high terms regarding their musical qualities; for their fine full singing capability of tone, pleasant touch, &c, are such, that there seems to be no necessity to purchase foreign instruments, when our home enterprise can produce such Pianos, and at one-third less cost. I am glad to hear that the extensive sale of your instruments shows that you are meeting with the success that I think you justly deserve.

I am, Gentlemen, Your Obedient Servant, GEO. W. STRATHY, Mus. Doc.

CATARRH--A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of patients presenting themselves to the regular practitioner are benefitted, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissue. Mr Dixon at once adapted his cure to their extermination—this accomplished, he claims the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple, and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs A H DIXON & SON, 305 King street, west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal STAR.

An Alarming Disease Afflicting a Numerous Class.

The disease commences with a slight derangement of the stomach, but, if neglected, it in time involves the whole frame, embracing the kidneys, liver, pancreas, and in fact, the entire glandular system, and the afflicted drags out a miserable existence until death gives relief from suffering. The disease is often mistaken for other complaints; but if the reader will ask himself the following questions, he will be able to determine whether he himself is one of the afflicted:—Have I distress, pain or difficulty in breathing after eating? Is there a dull, heavy feeling attended by drowsiness? Have the eyes a yellow tinge? Does a thick sticky, mucous gather about the gums and teeth in the mornings, accompanied by a disagreeable taste? Is the tongue coated? Is there pains in the side and back? Is there a fulness about the right side as if the liver were enlarging? Is there costiveness? Is there vertigo or dizziness when rising suddenly from a horizontal position? Are the secretions from the kidneys scanty and highly colored, with a deposit after standing? Does food ferment soon after eating, accompanied by flatulence or a belching of gas from the stomach? Is there frequent palpitation of the heart? These various symptoms may not be present at one time, but they torment the sufferer in turn as the dreadful disease progresses. If the case be one of long standing, there will be a dry, hacking cough, attended after a time by expectoration. In very advanced stages the skin assumes a dirty brownish appearance, and the hands and feet are covered by a cold, sticky perspiration. As the liver and kidneys become more and more diseased, rheumatic pains appear, and the usual treatment proves entirely unavailing against this latter agonising disorder. The origin of this malady is indigestion or dyspepsia, and a small quantity of the proper medicine will remove the disease if taken in its incipiency. It is most important that the disease should be promptly and properly treated in its first stages, when a little medicine will effect a cure, and even when it has obtained a strong hold the correct remedy should be persevered in until every vestige of the disease is eradicated, until the appetite has returned and the digestive organs restored to a healthy condition. The surest and most effectual remedy for this distressing complaint is "Seigel's Curative Syrup," a vegetable preparation sold by all Chemists and Medicine Vendors throughout the world, and by the proprietors, A J White, Limited, 17, Farringdon Road, London, E C. This Syrup strikes at the very foundation of the disease, and drives it, root and branch, out of the system.

Market Place, Pocklington, York
October 2nd, 1882.

Sir,—Being a sufferer for years with dyspepsia in all its worst forms, and after spending pounds in medicines, I was at last persuaded to try Mother Seigel's Curative Syrup, and am thankful to say have derived more benefit from it than any other medicine I ever took, and would advise any one suffering from the same complaint to give it a trial, the results they would soon find out for themselves. If you like to make use of this testimonial you are quite at liberty to do so.

Yours respectfully,
(Signed) R. Turner

Sir,—It gives me great pleasure to inform you of the benefit I have received from Seigel's Syrup. I have been troubled for years with dyspepsia; but after a few doses of the Syrup, I found relief, and after taking two bottles of it I feel quite cured.

I am, Sir, yours truly,

Mr. A J. White.—Dear Sir.—I was for some time afflicted with piles, and was advised to give Mother Seigel's Syrup a trial, which I did. I am now happy to state that it has restored me to complete health.—I remain, yours respectfully,

Dear Sir,—I write to tell you that Mr. Henry Hillier, of Yatesbury Wilts, informs me that he suffered from a severe form of indigestion for upwards of four years and took no end of doctor's medicine without the slightest benefit, and declares Mother Seigel's Syrup which he got from me has saved his life.

Yours truly,
(Signed) N. Webb,
Mr White. Chemist, Calne.

September 8th. 1883.

Dear Sir,—I find the sale of Seigel's Syrup steadily increasing. All who have tried it speak very highly of its medicinal virtues; one customer describes it as a "Godsend to dyspeptic people." I always recommend it with confidence.

Faithfully yours,
(Signed) Vincent A Wills,

Preston; Sept. 21st. 1883.

My Dear Sir,—Your Syrup and Pills are still very popular with my customers, many saying they are the best family medicines possible.

The other day a customer came for two bottles of Syrup and said "Mother Seigel" had saved the life of his wife, and he added, "one of these bottles I am sending fifteen miles away to a friend who is very ill. I have much faith in it."

The sale keeps up wonderfully, in fact, one would fancy almost that the people were beginning to breakfast, dine, and sup on Mother Seigel's Syrup, the demand is so constant and the satisfaction so great.—I am, dear Sir, yours faithfully,
