CATARRH,

CATARRHAL DEAFNESS—HAY FEVER

A NEW HOME TREATMENT.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. N B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. DIXON & SON, 303 West King Street, Toronto, Canada.—*Toronto Globe.*

Sufferers from Catarrhal troubles should carefully read the above.

CANADA'S COMIC PAPER.—Grip begins its thirty-fourth volume with the New Year, which means that this brave little journal has celebrated its *seventeenth* birthday. When we say—as we can without hesitation—that its ability both literary and artistic has been kept up to a uniformly high standard throughout this long period, and that to-day it is as bright as ever, we mention a fact exceedingly creditable, not only to the conductors of Grip, but also to the Canadian people, without whose appreciation and support this phenomenon of journalism would have been impossible. We call it a phenomenon advisedly, for so far as we are aware, there is not another country of Canada's age—certainly no other Colony—that can boast of a sixteen-year-old Comic Journal. Grip has well deserved its success. It is not merely a clever and amusing paper, it is also a recognized power in Canadian public life, and a power which, we are glad to say, is always on the right side where questions of moral principle are concerned. It ought to be a pleasure to every Canadian to contribute to the success of such a journal,—and the most practical way of doing this is by subscribing. The price is only Two Dollars per year in advance. Subscriptions may be sent direct to Grip, Toronto, or from this office.

If you want to buy or sell a Farm, advertise in the Toronto WEEKLY MAIL. That paper reaches 100,000 farmers' homes every week, and your advertisement should meet the eye of someone who wants to purchase. THE CONCRETE is offering big discounts off the balance of their Fur Goods. Remember this—our prices are always lower than any others, so a discount of 10 per cent. at the Concrete is equal to 20 per cent. offered by two profit stores.

THE BIGGEST BARGAINS ever offered in Furs will be made. Don't suppose that this is the old chestnut sale of the snap variety. Come and see the genuine reductions and be convinced that we do all we claim.

To the Electors of West York.

Your Vote and Influence is requested at the next election in West York for the Ontario Legislature on the following platform:—

1. Equal Rights for all classes and creeds. Stand for Canada before party in resisting French and clerical aggression,
2. Provincial Rights should be subordinate to the interests of the Dominion at large.
3. Abolish the Separate Schools and have the English language taught to all citizens.
4. Abolish School Book monopoly and make Schools more efficient.
5. Prohibition of the Liquor Traffic and the placing of Licenses, so long as they continue, and civil service appointments in the hands of a Non-Partizan Commisson.
6. A Registration shortly before Elections to save the expense and complications attending present system and also a secret ballot.
7. The continuance of the National Policy, so long as the United States maintain present attitude,
8. The preservation and development of mineral and timber interests,
9. Make Elections come on a fixed day so that neither party could surprise the other by springing an election on the country.
10. Place the redistribution of constituencies in Ontario with the Judges of the Court of Appeal.
11. Before capital gets the hold upon our country that it has upon the United States, the position of those who labor should be made unassailable.
12. Honesty, economy and efficiency in all departments.

With the above amendments the strong holds of the boodlers, office-seekers and those who trade upon race and creed for place and power would be broken down, and many a home now destitute and desolated would be made comfortable and happy.

Yours, &c.,

D. W. Clendenan.
