News and Information for The Busy Farmer

SHOULD PRODUCE MORE CHEESE

In an address before the Eastern Ontario Dairymen's Association, Prof. H. H. Dean of O. A. C. urged the adoption of slogans based on research to help production in the various lines of dairying, such as "Chew cheese and save your teeth" or "Eat cheese for supper and sleep well." He also pointed out that if the Canadian family could be induced to eat one pound of cheese per week, it would mean a market for 100 million pounds of this product right here in Canada, instead of the present 30 or 35 millions. He urged the smaller cheese factories either to merge with their fellows to lower the cost of manufacture or else turn to specialties, such as small cheese or some different kinds. Producers were urged to keep better cows and adopt better methods of feeding and general care.

THE WORK OF SCIENTISTS

Gradually we are coming to appreciate the valuable contributions made to agriculture and allied industry by the scientific experts who have made it their lifework to seek out methods of improving crops and of carrying on war against pests. Recently another of these distinguished men, W. T. Macoun, Dominion Horticulturist, was honored by the American Pomological Society in the award of the Wilder silver medal for his work in developing a new variety of apples and for his contribution to horticulture generally. Canadians should not forget the contribution made by Dr. Saunders, who evolved a hard wheat which has done much to make Western Canada the greatest grain-growing country in the world. The work of these scientists has become an absolutely indispensable counterpart of agricultural activity.

NEW WHEAT KING

The story of the career of Joseph H. B. Smith, of Wolf Creek, Alberta, who was recently crowned "Wheat King of the World" at the International Hay and Grain Show in Chicago, is one that is typical of Canada.

Smith left Leicester, England, immediately after graduating from college twenty-two years ago, and came direct to the Canadian West. Picking a location removed even from the fringe of settlements, he took up a quarter section of land and commenced the production of registered seed grain. For the past twelve years he has been taking prizes in oats and wheat at various provincial fairs and in 1924 won second prize at Chicago in the International competition. Today he farms a square mile of land in the centre of a very prosperous agricultural district.

NEW UNION OFFICERS

D. Z. Gibson of Caledonia was elected president of the Ontario Agricultural and Experimental Union at its annual meeting recently J. Gale of Guelph, Vice-president; W. J. Squirrel, secretary; and A. W. Mason, of O. A. C., the treasurer. The meeting was featured by addresses by Prof. J. E. Howitt, of O. A. C., J. Tucker, potato inspector for Canada, and J. A. Carrol of the Department of Agriculture, Toronto.

HOLDFAST U.F.W.O. CLUB

Mrs. Mark Stewart, Flesherton, entertained the Holdfast U.F.W.O. club at her home on January 9th. The roll call was answered with a new year resolution. Over twenty members were present. After a few business items were concluded Mrs. Dan Campbell gave an interesting report of the annual U.O. convention in Toronto. Miss A. C. Macphail, M. P., spoke on the subject of goitre and thought that through the U.F.W.O. clubs some help might be acquired. A committee of two was appointed to write to a doctor who has made a study of goitre and try and secure the tablets to be given to the children, through the local school teachers. A reading "A Change and a Rest for Mrs. Brown" was given by Mrs. Archie Stewart,and was well received The next meeting will be given by Miss Macphail to be held in the Park Hotel, Flesherton, on Feb. 12th. The usual social hour at the close was much enjoyed.

JAILED FOR DRIVING WHILE BOOZED

An echo of the Teeswater Old Home Week was heard in the Walkerton police court on Wednesday morning when Russell Irwin, a mail courier of Proton Station, who collided with Bruce Roger's car on the Provincial highway about a mile west of Enniskillen, while returning home about 11 o'clock on the night of Tuesday, Aug. 6th, and which resulted in both cars being badly wrecked, was sentenced to seven days in the county jail for being drunk while in charge of a car. A. Donnelly, who was also found driving a car while intoxicated at the Teeswater Old Boys' Reunion the following night, was sentenced to twenty days in jail.—Walkerton Herald Times.

TOURISTS BRING $300.000,000

Final estimates of the tourists influx during 1929 indicate that the record invasion of 1928 was bettered during the recent year.. No less than 12,000,000 motorists are reputed to have come to Canada this year, riding in 3,700,000 automobiles. How important is that vast army to the Dominion may be judged by the immense sums left in this country. Those who travelled the trail of '29 are said to have spent $300,000,000 in Canada as compared with about $275,000,000 in 1928.
