K. R. BURNS

Phone 70 Russell

Mrs. Rush had her things on all ready to go out.

"I wish I knew how many yards of that curtain stuff my sister needs. I wonder if I could reach her by telephone?"

Her sister lived in a city over 80 miles away — but in just a little over a minute Mrs. Rush was talking to her and getting the details she wanted. It didn't delay her shopping trip more than two minutes and it cost her only 50 cents.

"Well, that was certainly worth while! Now I know exactly what to buy", she said as she stepped into her car to go down town.

Our facilities are now so complete that the average long distance call takes only a fraction over a minute and a half!

It is so easy to place a long distance call. Just ask for "Long Distance," and give her the distant number. If you do not know the number, "Information" will look it up. Calling by number speeds up the service.
