The annual meeting of the Osprey Farmers Milling Co. was held in the Orange hall here on Tuesday, Jan. 21st,, with a small percentage of the shareholders present. The same directors were elected for the year 1930, Messrs. Fred Spofford, Ern Hawton and John Hawton. The proposition to have the Financial Statement sent to the shareholders before the meeting was carried as then the shareholders would have a chance to puruse them before the meeting came off, as having them passed aound at the meeting did not give them any time to look them over. The mill paid a ten per cent dividend for the last two years and not 20 per cent as formerly. It was agreed that it would be better to check up on the credit business as $1737. 84 was too much to have in outstanding accounts at the end of the year, as the Co. has had a great many bad accounts in years gone by and several hundred dollars has been lost to the Co. in that way.

The Osprey Municipal Telephone System held their annual meeting on Wednesday, Jan. 29th, when the financial report by the auditors was adopted, the former commisioners re-elected as were the auditors. The Commissioners are Messrs Geo. Short, Samuell Mullen and Harold Fenwick. The Auditors are Emerson Wright and Edgar Betts. At the special meeting the central office and house was again rented from Mr. Charles Weldrick for a term of three years. The finances are in good shape.

EUGENIA

On Jan. 20, 1870—sixty years ago, Miss Matilda McComb, daughter of the late Mr. and Mrs. Thos. McComb, who resided on the Collingwood gravel road, Artemesia Twp. became the bride of Mr. Patrick McKee of the 4th Line Artemesia. It has been a beautiful privilege and experience for them to enjoy sixty years of loving companionship. By the blessed union there were born seven children, five surviving. viz.—Thos. of Eugenia; Sam of Nottawa; Mary (Mrs. Hahn) of Nottawa; Cora(Mrs. Le Roy) of Nottawa and Elsie(Mrs. Park) of Detroit. On Monday, Jan. 20, 1930 their home was "en fete" in the afternoon and evening for the celebration of their diamond wedding and during which they were surrounded by their children. Mr. McKee's sister, Mrs. Jerry Thompson of Collingwood was present for the event. The outstanding feature of the sumptuous anniversary repast provided,was a three story wedding cake, artistically decorated for the occasion. We are glad to report that this 60th anniversary found Mr. and Mrs. McKee hale and hearty to enter into the happy nature of the event. In the evening the people of the community and the L. O. L. of which Mr. McKee is a member, assembled at the home and a very pleasant evening was indulged in. Many felicitations were extended to the esteemed old couple. Kind messages and congratulations were received by mail. Flowers were in profusion, sent by friends and relations near and far. Of special mention was the beautiful bouquet of daffodils and tulips sent by the Canadian Legion. Among the many presentations that marked the day were: From their immediate family, a purse of money accompanied by heart felt wishes that they would be spared for many years to their loving family; from the L. O. L. gold pieses, and from the church a purse of money. For many years Mr. and Mrs. McKee have made their home in Nottawa. FIVE MILLIONS TOTAL COST OF PENSIONS

Old Age Pensions of Ontario for the current fiscal year, ending October 31, 1930, will cost the province approximately $1,500,000 exclusive of the administration costs which are high the first year, according to Hon. Dr. Jamieson, chairman of the Old Age Pension Board.

The total cost of pensions in Ontario will be in the neighborhood of $5,000,000 Dr. Jamieson said. Of the total, half is borne by the Dominion Government, and the remainder is divided between the province and the municipalities, with the former paying 30 per cent and the latter 20 per cent.

Supplementary estimates to be passed during the forthcoming session of the Legislature, it is said, will contain an amount sufficient to make up the difference between the million dollars voted for Old Age pensions durng the year.

It is also believed likely that in the estimates for the fiscal years 1930 and 1931, $1,500,000 will be set aside for pensions.

The number of pensioners in the province has grown from 16,400 in November last the first month for which pensions were paid to more than 21,000 and the amount paid out monthly has increased from $305,000 to something in the vicinity of $400,000.

Total insurance coverage in United States has reached the 100 billion mark. We have no idea how much money that is, and neither have you.
