A Tribute to Neil Yellowlees as Athlete And Clean Player

The Clinton News-Record of April 3, 1947 carries a front page story about the late Neil Yellowlees, former Bowmanville boy, who made his home in Clinton for many years. The story which was written by C. Mortimer Bezeau, Kitchener, a great friend of Mr. Yellowlees, centres about his prowess as an athlete and his ability to keep his temper on the playing field. Mr. Bezeau wrote his appreciation after learning of the death of Mrs. Yellowlees who died recently at the home of her daughter, Mrs. Clinton C. Cook, Bradford.

"The death of Mrs. Yellowlees marks the severance of two links with Clinton's past. Isabell (Bell) MacDonald was born at Brucefield and during the twenties she and her sister operated a millinery in Clinton and attended the Methodist, now the United Church. Bell was a charming girl, tall and stately; and when she and Neil were out together they presented a very fine appearance. Neil Yellowlees was a tuner of the organ factory. He was a handsome man, tall and athletic."

"I have often been reminded of him when looking at pictures of Anthony Eden. He was a good lacrosse player and quite a bicycle rider those days. He was the nearest approach to my ideal of a perfect gentleman among the men I have known. On the street, in the home, on the field of sport, there was something about him that seemed to raise him among the best of men."

"In the rough-and-tumble game of lacrosse, Neil took his share of punishment but I never saw him angry nor did he ever attempt to retaliate. I recall one game in a nearby town when the score was mounting in favor of Clinton. One of the opposing players who had been trying unsuccessfully to start trouble with Neil, dropped his stick and in a threatening manner used words not heard in polite society. I stood within two feet of the two players."

"I knew Neil so was not surprised to see him stand calm and erect, smiling under the tirade of abuse. I also knew his opponent to be a vicious bully, but a cowardly one, and I expected every moment that, deceived by Neil's demeanour, he would strike at him. Soon two of the bully's friends rushed up and pulled him away, saying: "You fool, do you want to get hurt?"

"Many times I have recalled that scene, and as often I have wondered what Neil would have done had the bully made a pass at him. I never asked him for the reason that I did not believe he could or would have told me had I done so. My own opinion is he would have warded off or sidestepped the first pass—beyond that I would not attempt an opinion."

"The passing of these two charming people, both well beyond the allotted span of life, leaves a void in the hearts of those who were a grim reminder that time is on the wing."

Local Orange Lodge Hosts to Toronto Black Watch Brethren

Bowmanville Loyal Orange Lodge got a big lift in its plans for re-organization when a banquet was tendered last week in the local lodge rooms in honor of the visit of 40 members of Ulster Black Watch Lodge, 675, Toronto. The dinner was followed by a social meeting much enjoyed by hosts and guests alike.

The speaker of the evening was Rt. Wor. Bro. C. M. Carrie, Past Grand Master, Ontario West, who gave an excellent address on the Orange Orphanage at Richmond Hill and the great work of the Orange Lodge in caring for orphaned children.

An inspirational address was also delivered by Wor. Bro. T. English, Master, LOL 675, who told of the revived interest in the Orange Order throughout Ontario. Others who spoke included Wor. Bro. J. Stewart, PDM, Toronto West; Wor. Bro. J. Drummond, West District Marshal; Wor. Bro. F. Sherriff and Wor. Bro. Batchelor, both of the Black Watch Lodge.

Snow Blanks District In Unexpected Fall

Weather forecasters missed the mark in their predictions Tuesday, April 15th, for snow began to fall after midnight and early Wednesday morning the whole district was blanketed with a 4-inch fall that had all the appearance of a Christmas morning. It was almost completely unexpected save among some of the elder sages at Wood's Senate who opined that spring was still around the corner.

Activities in several lines were halted temporarily. Homebuilding spring birds were huddled under eaves as lake gulls screamed protest aloft. Early gardeners had to lay away hoes and rakes. On the farm front, with feed very scarce, the fear is that some livestock will have to go to market before pastures permit grazing. Nursery employees can again foregather at the Senate for familiar discussions.

The consensus on this weather upset is that the revised rent control and the upswing in coal prices may have had something to do with the matter. Others feel that a seismic shock was occasioned by the unexpected overtime win of the Maple Leafs over Montreal Canadiens just a few hours before in Toronto. But no complaint is registered among school children who have a last chance to shy snowballs at sky-pieces before writing exams.
