REPORT OF SENIOR ROOM OF PRICEVILLE PUBLIC SCHOOL

Jr. 4—Anna McLean 95, Elwyn McInnis 74.

Sr. 4—Johnnie McVicar 89, Donald Aldcorn 80, Wallace McDermid 80, Catherine McVicar 73, Kathleen Burnett 70, Cameron McLean 64, J. D. Teeter 61, Donnie McArthur 45.

5th class—Monica Lambert 98, Mary Mather 85, Margaret Nichol 80, Margaret McArthur 77, Wilfred Frook 77, Neil Aldcorn 64, Arthur Sullivan 58.

The following report is the result of the average percentages obtained from Examinations, Tests, and General Class Proficiency.

Will the parents of the pupils concerned please take notice that, as teacher, I, the undersigned, will not assume any responsibility for the success of any pupil at the final Examinations in June, who has not, or who does not attend regularly from Jan. 6th 1930, to the end of the school year in June 1930. The reasons for regular attendance are too obvious and self-evident to require any explanation..—A pupil who is absent a day from school not only loses that day but is set back for practically a week in his studies, particularly so when he or she is absent a day when new topics are taught to the class. A pupil who attends irregularly then, is not only at a serious disadvantage himself in regard to his studies but acts as a draw-back and a drag on the rest of the class. Parents and students kindly cooperate with the teacher in the above matter and do your part in making the year a successful one all round.

John W. Cook, Principal.
