☞ The atmosphere extends to the height of about 45 miles above the surface of the earth. Air is 815 times lighter than water; and its pressure upon a square inch of the earth's surface is 15 pounds.

An Immense Train.—The Rochester *Union* states that on Monday the longest train of cars ever seen in that city, and probably the longest ever seen in the world, passed over the Central Railroad from the east. It was one mile and a quarter and thirty rods in length, and was drawn by five locomotives. Of course but few of the *cars* were loaded. They were bound *for Buffalo*, to be there loaded with *western* produce.

☞ Last week witnessed the opening of the Yonge-street portion of the Street Railway in Toronto, which has at last been finished by the enterprise and perseverence of Mr. Easton. The occasion was celebrated by a public holiday, and, *of course*, a public ball. The Road seems likely to be remunerative, though the expense of keeping it up will be considerable, and it is a great convenience to the people of the city.—*Guardian*

### Court of Quarter Sessions.

The court opened yesterday the 17th at one o'clock,—the Hon. S. B. Harrison, chairman, presiding; associates, James Foster, Esq., J. P., and Henry Duncan Esq., J. P. The first case brought up was that of Robert Farquharson, and Jessie and Robert Farquharson, his children who were charged with violently demolishing a house in the township of Albion, the residence of one Thomas Crisp, on the 11th of April last. Mr. Dempsey, County Attorney, appeared for the Crown, and Mr M. C. Cameron for the prisoners. On going into the evidence the court directed an acquittal, but then proceeded to the trial of an indictment against the younger Farquharson, charging him with assaulting the said Crisp on the occasion referred to. The jury after bearing the evidence returned a verdict of acquittal. This ended the business of the Quarter Sessions, and the court finally adjourned. The Grand Jury were discharged on Saturday without making a presentment. *The business of the County Court* will not be brought to a close for two or three days to come.—*Leader.*

### Weekly Commercial Report.

PRODUCE.

We have very little improvement to note in the Produce Market, since we last wrote. The fall fleet is coming in daily, and in a week we shall have a large quantity of freight at low rates, which, together with the low prices of Grain and Flour, will be an inducement to shippers to operate. New York advices are quite firm in Flour and Grain,—Ashes are quiet, and suffering in price from a dull market here.

Flour—No. 1 Superfine, is asked for at $4 60, with sales, but only to a limited extent, as there is but little doing; No. 2 meets with fair demand, at $4 10 to $4 20; Fancy, saleable at $4 75; Bag Flour, dull, sales at from $2 30 to $2 40.

Wheat is more active, and well enquired for; $1 is asked for good U. C. Spring, but sales are 95c; Chicago, No. 1, has been sold at 97½c.

Pease—Firm, and saleable at 70c for good parcels.

Oatmeal—Sales at $3 60 to $3 70.

Butter—Is arriving freely, and in good demand at quotations. Kegs of choice store, carefully selected, bring 11½c to 12c. Tinnets, Dairy packed, 12c to 13c; there is a large quantity being shiped to Britain at present, for this purpose only good is taken.

Ashes—Are dull, there being but few orders open at present. Pots are selling in small lots at $5 75; Pearls are taken in limited quantities at $6 35.

Pork—Not much doing; Mess is offered at $16 50; Prime Mess at $14; and Prime at $12 50; holders are not pressing sales.

GROCERIES.

We cannot note any improvement over last week, in the amount of business done, although a sale of general Groceries, yesterday, enables us to quote more positively.

Sugars—Are firm at $7 75 to $8 25 for Cuba, and $8 50 for Porto Rico. The market is rather bare of Cuba kinds. Refinery Sugars—Loaves, 11c; Dry Crushed, 10¾c; Ground, 10¾c; Extra Ground, 11¼c; Crushed A, 10¼c; Yellow, No. 2, 8¾c.

Syrups—Standard, 39c; Extra, 41c; Golden, 44c.

Molasses—Puncheon's, one lot sold at Auction to-day at 32c, balance withdrawn.

Teas—Continue very firm with an advancing tendency. Stocks of all kinds are very light just now, but fresh supplies of English are arriving freely, and we think another fortnight will bring a moderate assortment. Y. Hyson may be quoted at 70c to 77½c for low grades. Fine, make 80c to 90c. Twankay, the veriest trash, was sold yesterday at 45c, (which is about the price of the same quality in New York)—Ordinary to fair 52½c to 67½c. Fine, none in stock. Gunpowder 60c to 75c.

Tobaccos—May be quoted as last; 18c to 22c ordinary, and 25c to 30c for good sound.

Fish—Herrings, good, No. 1 Split, $4; ordinary, $3¾; poor, $2¾ to $3. Half barrels (good), No. Split, $2 15. Codfish, (fresh) $3 60 to $5; old, $2 50 to $3 50, according to quality. Salmon, $9 75 to $11. These quotations of Fish are from to-day's sale.

Oils—Cod, 49c to 50c; Pale Seal, 65 to 70c.

Salt—Coarse, 50c; Fine, 90c to 95c.

### Judson's Mountain Herb Pills.

How strange and wonderful it often seems to us that a medicine composed of simple mountain herbs and roots, should so certainly search out and cure disease. How surprising that the Indians should know and preserve so long and well a secret that has escaped the search of the greatest physicians the world has ever seen.—True, the ancient Indian tribes of Mexico were strangers, found by the Spaniards living in large cities, and allowing for their strange customs and religion as well civilized as their conquerors. In the words of a writer of a great celebrity, "They have perished from the earth, their cities are gigantic piles of ruins, their Kings and Princes so mighty in their life, are forgotten: their ruins and their medicine alone are left." The united testimony of all intelligent persons is, that JUDSON'S MOUNTAIN HERB PILLS are the most successful medicine in the world in curing diseases.

☞ Sold by all Dealers in Medicine.

☞ Nine millions of dollars have been advanced by the people of the United States to their Government in less than two weeks. One hundred and twenty millions of treasury notes are offered.

☞ It is stated that for every negro man who escapes, President Jeff. Davis intends to send a "Yankee" soldier down South to pick cotton, and that the non-combatant spectators, including Mr. Ely, taken at Manassas, will be held to replace the services, by equivalent labor, for such female slaves as may have received Northern protection or been stolen by Northern troops.

### Married.

Mrs. Brooks Dennis as a parallel case, but of longer standing. The effect on her seems to be the same as on Mrs. Willson, but not having worn them so long cannot speak from so long experience. Mrs Wetherell's case was different, she having pains in her shoulders and chest; her sleep at night was much disturbed. She has received complete relief. Mrs. John Graham was an extreme case, and all we can say of her, she is slowly improving. All I can say to those similarly afflicted, call and see, the parties for yourselves.

*JUDSON'S*
Mountain Herb Pills.

ABOVE, we present you with a perfect likeness of Tecucio, a chief of a tribe of the strange Aztec Nation that once ruled Mexico. You will find a full account of him and his people in our Pamphlets and Almanacs, to be had gratis, from the Agents for these Pills.

The inventor and manufacturer of "Judson's Mountain Herb Pills," has spent the greater part of his life in travelling, having visited nearly every country in the world. He spent over six years among the Indians of the Rocky Mountains and of Mexico, and it was there that the "Mountain Herb Pills" were discovered. A very interesting account of his adventures there, you will find in our Almanac and Pamphlet.

It is an established fact, that all diseases arise from

IMPURE BLOOD!

The blood is the life! and when any foreign or unhealthy matter gets mixed with it, it is at once distributed to every organ of the body. Every nerve feels the poison, and all the vital organs quickly complain. The stomach will not digest the food perfectly. The liver ceases to secrete a sufficiency of bile. The action of the heart is weakened, and so the circulation is feeble. The lungs become clogged with the poisonous matter; hence, a cough—and all from a slight impurity at the fountain head of life—the Blood! As if you had thrown some earth, for instance, in a pure spring, from which ran a tiny rivulet, in a few minutes the whole course of the stream becomes disturbed and discolored. As quickly does impure blood fly to every part, and leave its sting behind. All the passages become obstructed, and unless the obstruction is removed, the lamp of life soon dies out.

These pills not only purify the blood, but regenerate all the secretions of the body; they are, therefore, unrivalled as a

CURE FOR BILIOUS DISEASES,

Liver Complaint, Sick Headache, &c. The Anti-Bilious Medicine expels from the blood the hidden seeds of disease, and renders all the fluids and secretions pure and fluent, clearing and resuscitating the vital organs.

Pleasant indeed, is it to us, that we are able to place within your reach, a medicine like the "Mountain Herb Pills," that will pass directly to the afflicted parts, through the blood and fluids of the body, and cause the sufferer to brighten with the flush of beauty and health.

*Judson's Pills are the Best Remedy in existence for the following Complaints:*

| | | |
|---|---|---|
| Bowel Complaints, | Debility, | Inward Weakness, |
| Coughs, | Fever and Ague, | Liver Complaints, |
| Colds, | Female Complaints, | Lowness of Spirits, |
| Chest Diseases, | Headaches, | Piles, |
| Costiveness, | Indigestion, | Stone and Gravel, |
| Dyspepsia, | Influenza, | Secondary Symptoms. |
| Diarrhoea, | Inflammation, | |
| Dropsy, | | |

GREAT FEMALE MEDICINE!

Females who value health, should never be without these Pills. They purify the blood, remove obstructions of all kinds, cleanse the skin of all pimples and blotches, and bring the rich color of health to the pale cheek.

☞ The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tecucas, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight, the very interesting account it contains of the "Grand Medicine" of the Aztecs.

Observe.—*The Mountain Herb Pills are put up in a Beautiful Wrapper. Each box contains 40 pills, and Retail at 25 cents per box. All genuine, have the signature of B. L. JUDSON & CO., on each box.*

THE GREATEST MEDICINE FOR
*Horses, Cows, Sheep and Hogs.*

THE receipt for *CARLTON'S CONDITION POWDERS* was obtained by us at a great expense, many years since. Be not deceived—shun all other *so-called* Condition Powders and get the

Genuine Carlton's

And your stock will show you the difference by their improved appearance, the glossiness of their coats, their renewed appetite, health and vigor. Nothing can equal these powders as a Condition Medicine.

The *CARLTON'S CONDITION POWDERS* given according to directions, are the best thing in the world to *strengthen* a horse, and to restore him to health and vigor, after severe exposure or hard driving.

These Powders cause a healthy action of the digestive organs, and purify the blood of animals, thereby equalizing the circulation of the blood, and imparting vigor to the whole frame. This soon demonstrates itself by an improvement in the appearance of the coat, for it is a certain fact that no animal can be in perfect health if the coat be rough and unthrifty.
