Deer Caught In Fence

KIMBERLEY VALLEY NORTH

While on their way to a wood bee and crossing the farm owned by Mr Albert Ellis, Messrs. Fred and John Wickens came to a wire fence, where they found a big deer,, which had met its death by becoming entangled in the strands of the fence, which held it fast. They supposed that the deer had been imprisoned for some time before death overtook it and relieved it of its suffering.

After the usual opening exercises the minutes of the last meeting were read, out of which much business arose for discussion. Roll call was answered by "A man or woman in public life" A splendid paper was prepared and given by Miss Mabel Betts on "Music for the home." Miss Irene Walker gave a humorous reading which was enjoyed. A contest was put on and Mrs. A. F. Pedlar and Mrs. Jno. Campbell received the highest count, both having the same. The meeting closed with singing, and a very tasty lunch was served by the hostess and a social half hour spent.

Miss Ruth Russell spent the week end at the home of her grandparents, Mr. and Mrs. J. E. Williams at Eugenia.

Mr. Jim Russell received the sad news early Monday morning of the death of his sister, Mrs. Thos. Black of Orangeville, who passed away Sunday evening about midnight. The late Mrs. Black was formerly Miss Lily Russell, daughter of the late Mr. and Mrs. James Russell of Rock Mills. Having spent all her life here up until the time of her marriage fifteen years ago, she was well known throughout this neighborhood and very highly respected by all. She leaves to mourn her husband and six little children all under fourteen years of age, also two sisters and five brothers to whom we extend our deepest sympathy in their hour of sorrow.

Mr. and Mrs. Wm. Pedlar and Mr. and Mrs. Lewis Pedlar and family spent Wednesday last with the former's daughter, Mrs. Cecil Meldrum.

Mrs. Robt. Croft and family and Mr. Russell Croft, spent an evening last week with the Pedlar families.

According to the calendar we should be sojourning with spring at the present time, but lately one would imagine that it was weeks away. However, there are several signs of approaching warm weather: the robins are here, the snow is going gradually and another important event in the signs was the securing of a live frog on the ice on McCauley's pond on Sunday by Master Earl Ottewell of town. It was sitting contentedly enjoying the scenery of its icy world. It is very rare that a frog will make its appearance so early. Cheer up, spring should soon be here.
