FLESHERTON, - ONT.

Death of Mrs. T. Black

Keen indeed were the pangs of sorrow to the many friends and relatives here, when it was leanred that Mrs. Thos. Black had passed away to the eternal home on Monday, April 7th, 1930, at the age of 45 years and 6 months. The deceased had been in failing health for several months and had gone to the hospital for treatment and consulted doctors, but to no avail. She then returned to her home in Orangeville, where she was tenderly cared for, but in spite of all that loving hands could do, she passed peacefully away.

Her maiden name was Lillian Russell and she was the second eldest daughter of the late Mr. and Mrs. James Russell of Rock Mills. She was born and raised there and was very highly respected by all who knew her. Fifteen years ago she was married to her now sorrowing husband and resided at Port Law for a few years, later moving to Orangeville.

The funeral took place Wednesday afternoon, April 9th from her home on John St. to Greenwood cemetery. The service was held at the house and was conducted by Rev. Mr. Brown, of the Baptist church, his text was part of the 28th verse of 11th chapter of St. John. "The Master is come and calleth for thee.' He also made suitable reference to the christian life of the deceased.

Besides the grief stricken husband six little children all under 14 years of age are left to mourn the loss of a devoted mother. There are also two sisters, Mrs. Linton of Wareham, Mrs. W. Fisher, Port Law and five brothers, George of Idaho, Will of Wareham, James and Walter of Rock Mills and Fred of Flesherton.

The pallbearers were: Samuel, Elijah and Elisha Black. Wallace Fisher, Fred Taylor and Mr. Blakey.

Among the beautiful floral tributes that expressed sympathy were: a pillow from brothers and sisters; pillow, from Baptist church; and sprays from Mr. and Mrs. A. Reid, Rock Mills Baptist church and Mt. Zion Ladies' Aid.

Those who attended the funeral from a distance were; Mrs. Linton, Mrs. A. Reid and Mr. Will Russell of Wareham; Mr. Wallace Fisher and Mr. Fred Taylor of Port Law; Mr. and Mrs. James Russell, Mr. and Mrs. Walter Russell and Mrs. C. Newell, Rock Mills; Mr. and Mrs. Fred Russell, Flesherton; Mr. Elijah Black of Dundalk; Mr. and Mrs. Elisha Black, Cataract; Mrs. Elwood Black of Toronto and Mrs. Large and Mrs. Montgomery of Brampton.

The community extends its deepest sympathy to the family and especially the husband and children in their hour of great sorrow.

IS THERE DISCRIMINATION?

(Dundalk Herald)

We are informed on good authority that no pavement will be laid on Provincial Highway No. 10 this year and in the first group of paving contracts let there is no sign of this work being undertaken. If true, this action on the part of the Dept. of Highways will cause keen disappointment here. The plan, as announced by an unofficial but reliable source early in the year, was that a ten-mile strip of pavement would be laid from a point a short distance south-east of the highway corner at Dundalk to a point near Flesherton, and another ten-mile strip would be laid south from the village of Chatsworth. The opinon has been expressed that if Grey County had government supporters in the Legislature the pavement would have been forthcoming long before this. The Herald doesn't take much stock in that opinion, but, if it should be true, the stand taken gy the "powers that be" is mighty mean and small, and this county deserves no such paltry discrimination.

(Ed. Note—We shouldn't think that any government would consider for a moment the cancelling of the paving program as suggested by The Herald. The Toronto road is becoming more and more an important artery for traffic to this section of the government province and it is to their own interests to have this pavement extended as soon as possible. Up to the time of going to press there has not been any official announcement given of the cancelling of the contract.)

EDITORIAL NOTES.

A local school boy, asked to write an essay on "The old men of the world," began his effusion,"If Methuslah never had his adenoids cut out or his appendix removed he should have lived to be a thousand."

The census of the United States will be taken this week by one hundred and ten thousand enumerators. Twenty-five questions are addressed to each citizen, the information including for the first time as to possession of a radio. It is expected that the population will be found to be over 120,000,000. Next year the Canadian census will be taken and already arrangements are in prgoress by the Statistical Department at Ottawa.

Flowers Carried Well

Two large sprays of flowers were received by Mr. F. G. Karstedt on Tueday, having been shipped from Indianapolis, Ind., on Sunday morning They were a day late in arriving, but even then when they were removed from the carton were wonderfully fresh and appeared as though they had been cut in the greenhouse that morning. Ice was packed in four containers at each corner of the carton and kept the flowers at a low temperature and preserved them in first class condition.

Past Masters Night

EGGS

Profits on Extras or Losses on Seconds

WHAT RETURNS WILL THEY BRING THIS SPRING?

It is up to the individual producer and shipper to decide. He may benefit by the premium paUid for Extras and suffer by the low price paid for Seconds. To secure Extras observe these rules:

SHIPPERS

Keep eggs covered in a cool, dry place, away from all noticeable odours.

Never expose eggs to sun or rain either lose or in containers.

Market eggs as often and as quickly as possible to prevent deterioration.

Ship eggs in strong cases with whole, clean fillers and flats, and excelsior pads at top and bottom.

You are the guardians of your customers' eggs. Make sure to maintain their quality.

AN EXTRA—An egg weighing 24 ounces per dozen, clean, sound in shell, air cells less than one-quarter inch in depth, white of egg firm and clear, yoke may be moderately visible when candled, but must blend gradually into the white.

PRODUCERS

Produce clean eggs—provide plenty of nests and keep fresh litter in the houses and nests. Gather eggs often.

Never wash eggs. If soiled, wipe them with a dry cloth or steel wool.

Feed grain. Scavanger feeding produces weak eggs or Seconds.

Dispose of all males unless they are being used for breeding. Produce infertile eggs.

Treat eggs as carefully as you would milk. They are just as subject to deterioration if not properly handled.

OUT-OF-TOWN CALLS—QUICKER AND CHEAPER THAN EVER

The Nicest Remembrance *of* All

On Birthdays

A LONG distance call — that carries your voice, your personality — is the finest remembrance you can send on a birthday, anniversary or any other occasion. It carries a touch of intimacy no other remembrance can bring.

And what other gift could you send that would cost you so little and give so much pleasure. Just look over the long distance rates in the front of your telephone book and note the unusually low cost since the recent rate reductions.

Call by number and tell the long distance operator "anyone there will do." This gives you the low station-to-station rate.

If you call after 7 in the evening the cost will be about 25% lower than the day rate; and from 8.30 p.m. to 4.30 a.m. the rate is about half the day rate. (These reductions apply on "anyone" calls only.) Long distance today is quicker, cheaper and more dependable than ever before.
