Last week a mare owned by Mr. Edward Loucks of Artemesia township gave birth to twin colts, but unfortunately they did not live very long after birth. The colts were marked identically the same and wold have made a fine team if only they had survived.

A large number of the office and members of Prince Arthur Lodge No. 333, A.F.&A.M., were in Toronto on Tuesday paying a return visit to Victoria Lodge No. 474. The visitors were given a real reception and everybody enjoyed the visit to the fullest extent.

Fishing Was Great

Last week saw one large fish taken from the water in the hydro lake on the 8th line, Artemesia, that measured seventeen inches in length and weighed two pounds and eight ounces. Mr. Wm. Magee of Salem was the lucky angler, who landed this beauty, and the fight he made gave a thrill that is not present in catching smaller trout.

During the week quite a number of trout 12 to 15 inches were caught which goes to prove that there are still fine trout in the hydro pond if their hiding places can be located and if they are given enough encouragement—worms—to bite.

Mr. Wm. Turney, manager of the local Bell Telephone office, tells the story of a large trout which he and two others glimpsed in the water while they were fishing at the 8th line bridge, that was fully three feet long and would weigh fully six pounds. He also says that the red spots on its side were as large as a small five cent piece. It would certainly be "some" fish and no doubt is the same one that Mr. Isaac Smith of town had on his tackle and which broke the line to escape. If this fellow is ever caught it will be a battle that one would go a long way to witness.

No. 1045, Markdale, and the funeral was in charge of G. W. Littlejohns, County Master, and his officers. A large number of friends attended to pay their last respects to a departed brother.

The late Mr. Halbert was 73 years of age and was predtceased by his wife twenty-three years ago. He leaves to mourn one son and one daughter.

A Long Trek

Mr. Victor Miller and son, Jim, of Owen Sound spent Saturday night with friends in Flesherton, when starting out on a long trek of some 3,000 miles by motor truck, their objective being the Peace River district. They go by way of Chicago and Minneapolis. The conveyance is a new two-ton Studebaker truck, covered over and made into a sleeping van. They intend to make the trip by easy stages and board themselves en route. If either of these two gentlemen were inclined towards literature they could make an excellent story of their experiences along the way. Besides the items mentioned above there was also a fine collie dog for gophers. A taken along to dig for gophers. A few years ago an interesting little book was written by an Englishman entitled "Three men and a boat, not to mention a dog." In this case it would be 'Two men and a dog, not to mention the truck." There is just enough of the Bohemian in the make-up of the writer to wish he might have accompanied the trio on their interesting journey to Canada's far north-west possession, where they expect to make their home.

The young couple will reside at Mount Forest.

Peculiar Euchre Hand

We have read items of peculiar bridge hands, but we saw a peculiar occurrence recently that is so rare as to only occur about once in a life time. The dealer passed and the next player bid diamonds which played directly into her partner's hand, and he held the right and left bower with the king of diamonde. The other cards were an ace and a king of two other suites and he decided to play a lone hand, which was done and the hand was won. We never heard of such an event occuring before and believe it to be unique in the annals of euchre.

Mr. Frank VanDusen of Toronto was a visitor in town last week.

The United church withdrew their service in the evening. The choir gave special music. Jean Wolstencroft accompanied by the organist gave a violin solo at both services.
