Banking Service and Prosperity.

PROSPERITY on the farm is largely dependent on factors beyond the realm of the farmers' control. There must be a good market demand for farm products and the production costs must be kept in proper relation with market returns. Our Branch Manager is thoroughly familiar with the business of farming and is ready to assist in carrying your farm program to a successful conclusion.

GRANT TO CEMETERY BOARD

A meeting of the business men of town was held in the town hall on Monday evening in connection with disposing of the surplus funds from the old home week celebration from last year. A deputation was received from the cemetery board for assistance to erect a mortuary chapel in the cemetery. The deputation was headed by Mr. John Wright, who stated that it was intended to erect a building 20 or 22 feet square with a cottage roof, which would hold close to 100 people for a service in the winter time and also that the cost would amount to around $1000. He reported that there was $500 on hand at the present time for that purpose. After much discussion a grant of $100 was made to the cemetery board.

Trustees for the remaining funds hand were elected as follows: F. G. Karstedt, C. N. Richardson and F. H. Hickling, and no funds except past debts, will be expended without the consent of a majority of the business men of the village.

The business men also stand wholeheartedly behind the holiday declared for this Saturday to enable everybody to attend the big picnic in Toronto. It was felt that it would only be doing right by the Toronto committee and to show, in some measure, the appreciation of the village for the wonderful efforts put forth by the Toronto committee to make the Flesherton Old Home Week the success it was. The stores, however, will remain open for business on Friday evening.

Epidemic Controlled

Last week Flesherton was treated to a scarlet fever scare, but we are pleased to say that it was nothing more than a slight attack of the German measles. A rash appeared on several young people that was similar to the scarlet fever and was difficult to diagnose. Difference of opinion on the outbreak was held and Dr. Fraser of Guelph, District M. O. H. was called and stated that the epidemic was as above. Each person, as they contracted the madaly, was quarantined and it effectively stopped the spread of the disease, as no new cases have been reported the past week.

Osprey District L. O. L. is celebrating at Maxwell this year on July 12 A very interesting day is expected with a softball tournament after the parade, horseshoe pitching tournament and other sports. In the evening a dance will be held in the Orange Hall with a good orchestra providing the music. Prominent speakers will deliver addresses during the afternoon. A big crowd is expected to attend the celebration at.

ENGAGEMENT

The engagement is announced of the two eldest daughters of Mr David Hincks and the late Mrs Hincks, Ceylon. Ont.. Sarah Gladys to Mr. Stanley Earl Harrison, son of Mr. and Mrs. Thos. Harrison, Varney, Ont. and Ida Mae to Mr. Chas Oliver Tucker, son of Mr. and Mrs Thos. Tucker, Priceville, Ont. The marriage to take place the latter part of June.

TIME TO REPAIR BARN

The best time to do any of the needed repair work on the barn or buildings is in the late spring or early summer. The hay mows are then empty so that sills can be renewed, posts moved if desired changes made in windows and doors, ventilating flues installed, and other needed equipment put in. Having things handy around the barn is a great advantage in lessening labor as well as in saving time.
