## Bowmanville's Nyal Store.

You are very careful about the purity of the water you drink

and most particular about the food you eat. How much more particular and even cranky you should be about the purity, quality and effectiveness of the medicine you take yourself or give to your family.

After giving this matter careful study and realizing that our customers were beginning to feel dubious about many of the secret and quack nostrums that were placed on the market we decided to put in a line of remedies of open formula and made by one of the reputable firms in the world. One year ago we started to handle the Nyal Line of Family Medicines and from the very first the sale for these Remedies has increased by leaps and bounds. And why? Because our customers have fully appreciated taking a remedy when they know what that medicine contains.

Is not this reasonable? Are you using the Nyal Remedies?

Not cure-alls but one for each ailment. Rod'k. M. Mitchell & Co.,
