Modern Treatment of

Consumption

The latest work on the treatment of diseases, written by forty eminent American physicians, says: "Cod-liver oil has done more for the consumptive than all other remedies put together." It also says: "The hypophosphites of lime and soda are regarded by many English observers as specifics for consumption."

Scott's Emulsion

contains the best cod-liver oil in a partially digested form, combined with the *Hypophosphites of Lime and Soda*. This remedy, a standard for a quarter of a century, is in high accord with the latest of the medical profession. Ask for SCOTT'S Emulsion.
