JACK IS TWENTY-ONE TO-DAY

JACK is twenty-one to-day. But he has more than a man's years to his credit. He has one thousand dollars in the bank.

It has grown with a practical mother's love, from the initial deposit of one dollar on the first birth day twenty years ago.

William Wyatt Passed Away on Monday

Death came suddenly on Monday evening to an old and highly respected resident of Flesherton in the person of Mr. William Wyatt, in his 88th year. Mr. Wyatt had been ill with the summer flu, which developed into pneumonia, and his death came as a shock to his many friends.

The late Mr. Wyatt was born in Devonshire, England, in the year 1843 and came to Canada when a young man 21 years of age. First he lived in the Toronto neighborhood and came to Artemesia township in the year 1881. Two years later he was married to Miss Sarah Amelia Allen, daughter of the late James and Ellen Allen of Artemesia township, and ooccupied the farm at Rock Mills now owned by Mr. Richard Clark. Shortly afterward they purchased the farm on the east backline, now owned by his son, Bert.

In the year 1917 they moved to Flesherton and have been residing here since that time.

Besides his sorrowing wife the late Mr. Wyatt leaves to mourn three sons and one daughter, George of Hillandale, Sask., Bert of Flesherton, Richard of Hudson Bay Jct., and Mrs. Arthur Wyville (Sarah) of Durham. One daughter, Ida, pre deceased him ten years ago, while three children died in childhood.

The late Mr. Wyatt was of a quiet nature and was a highly respected residents of the community. He was an anglican by religion, but has been a regular attendant at the Flesherton Baptist church, until he was prevented from doing so on account of rheumatism, from which he has suffered during the past few years. Much sympathy is extended to Mrs. Wyatt and family in the loss of their husband and father.

The Building Program

The building program in Flesherton continues with the commencement on Saturday of the excavation by Mr. Wes. Armstrong for the erection of a two storey addition to the telephone office building. The new addition will be fourteen feet in Telephone office.

The framework for the foundation of the new curling rink is being built in preparation for the pouring of cement and the new Mortuary chapel at the cemetery is being proceeded with. This is a real program and will keep a number of men employed for some weeks.

Flesherton Fair Has Greatest Success In Its History

Blest with very fine weather Flesherton and East Grey fall fair held on Friday was a most decided success, with one of the largest crowds present that has been enjoyed for some years. The races were featured by the Flesherton Driving Club in an attempt to place horse racing as a permanent feature of the fair's sports program and they were sucessful in staging what everybody declares, the best races ever held in Flesherton. Eight horses started in the 2.30 class and it was a fight for the decision of places outside of first. Mr. W. W Trimble, veteran horseman of Flesherton, acted as starter in his usual creditable manner The midway attractions were numerous and added to the enjoyment for the young people.

The financial outlook of the fair this year is exceptionally bright. Over four hundred dollars were taken in at the grounds and $202 at the concert, which is the largest total receipt in the history of the fair.

While there have been larger exhibits some years the quality of those shown on Friday were real good and competitin was keen in most classes. The cattle, sheep and hogs were up to their usual standard but the poultry exhibit was lighter than for some years.

The hall exhibits were creditably displayed this year. The root and vegetable display was real large, taking up one whole side of the hall. Owing to the hot summer the roots did not grow as large as other years, but the display was nevertheless real good. Flowers and plants filled up one end and part of the side of the hall and it was a bower of color with the many entries of cut flowers, table bouquets and other flowering plants.

The ladies work did not take up as much space this year on account of the elimination of specials on fancy work, but there were more single entries than usual. One whole table was well filled while the collections were hungon the north side of the hall.

Mr. Emerson J. Bennett, local furniture dealer, had an exhibit of furniture in the hall and conducted a guessing contest as to the number of times a table on display turned. It revolved 937 times in four hours and Mrs. H. Freeman came closest with 935, Mrs. Richard Clark and Robt. Vause were tied for second place and Miss Alice Heard of town won third prize. H. Down & Sons also had an exhibit of Philco and Atwater Kent electric and battery radios, that provided music throughout the afternoon.

The judges for the various classes were: Horses, J. Hamilton and Thos E. Morgan; Cattle, Sheep and Swine Silas Johnston of Brussels; Poultry T. W. Raines; Fancy work, J. Dundas of Markdale; Domestic Science and Flowers, Mrs. Bond of Galt; Vegetables, G.W. Nichols of Calster Centre.

Five schools were entered in the school children's parade, these being Ceylon, Flesherton, Rock Mills, Orange Valley and Proton Station, winning the prizes in the order named. Next year it is hoped that there will be more schools in the competition.

Two local young men, Meryn Johnston and Eddie Patton won the horseshoe pitching tournament, with Stafford and Stafford of Dundalk second and Kelly and Boyd of Markdale taking third place.

Two concerts were given by the Flesherton Dramatic Club on both fair nights and Friday night played to a capacity house. Their humorous play "Beads on a String" was presented in the usual excellent manner by this Society, and brought peals of laughter from the audience.

Ran Away Again

For the second time in two months Mr. Joseph Watson of Saugeen Junction had a narrow escape from serious injury and probably death on Friday, when his team ran away while hitched to a plow, and dragging Mr. Watson with them for two hundred yards. One of the horses had managed to place its foot outside the tugs and when Mr. Watson attempted to place the harness in its proper position it bolted catching his foot in the whiffletrees, and dragged him over the ground. In some manner his foot came loose but the horses continued their mad race, with the plow following. They smashed through a rail fence and journeyed to the barn, where they lost the plow and most of the harness and in a short time became quieted. Mr. Watson is only recovering nicely from his escapade with the same team in July that ran away, rolling him along with the hay rake. His legs and hips are black and blue from his latest mishap. Joe states that there will not be any third time with the same team.

ENGAGEMENT

Mr. and Mrs. Wm. Semple, Lady Bank, Ont. announce the engagement of their second daughter, Edith Wilhemine to Mr. Beyrl Alexander McConnell, son of Mr. and Mrs. George McConnell of Kimberley, the marriage to take place the latter part of September.
