IN MEMORIAM

GIBSON — In loving memory of our dear daughter and sister, Mrs. Ella Gibson, who passed away Nov. 29, 1928.

Oft and oft our hearts do wander
To a grave not far away,
Where we laid our dear, kind Ella,
Just a year ago to-day.
Sleep on, dear one, your cares are ended,
Rest in peace, your work is done,
You have gone where those who love you
Will some day meet you, one by one.

—Sadly missed by Mother, Dad, Brothers and Sister.

WODEHOUSE

The lovely weather of the past has enabled the farmers to finish their fall work. Though many wells are very low, and some dry, none complain yet. All expect that each day to be the last fine one, and rain or snow is looked for.

Mrs. Clara Wiley and Miss Hazel of Markdale spent Thanksgiving and the following week with friends here.

New England Sunday school is having a Christmas tree in December.

Mr. Willard Wiley has installed a radio.

IN MEMORIAM

GORDON—In loving memory of our dear daughter and sister, Eunice Gordon, who passed away Nov. 28th, 1929:

Like a flower cut down in its early bloom
We laid her to rest in the silent tomb,
But we know she is safe on that happy shore,
Where pain and sorrow will trouble no more.

In a few short years we all shall meet
And join our songs at the Saviour's feet;
'Till then our loved one will peacefully rest,
Redeemed from sin, on her Saviour's breast.
We loved her much, but God loved her best.

Sadly missed by Father, Mother, Brother and Sisters.

IN MEMORIAM

FERGUSON — In loving memory of my daughter, Margaret, wife of J. L. McMullen.

One year has passed, our hearts are sore,
As time goes on we miss her more;
Her cheerful voice, her welcome face,
No one can take poor Margaret's place.

Her memory is as dear to-day
As in the hour she passed away;
When days are dark, and friends are few,
Dear Margaret, how I long for you.

—Ever remembered by **Father.**

With the approach of winter, the danger of carbon monoxide gas poisoning from motor cars increases. Although warnings have been widely broadcast in recent years, the precautions that must be taken against the insidious action of the gas which gets in its deadly work when a motor is allowed to run in a closed garage, cannot be too greatly emphasized. Because carbon monoxide is a colorless, odorless and tasteless gas it gets in its killing work frequently without warning of any kind to the victim. Motor vehicles, therefore, should never be started and warmed up or run in closed or public garages while adjustments are being made. The wise procedurs is to open the garage doors always before starting the engine and to shut off the engine always before shutting the doors.
