Sleeplessness, Exhausted Nerves.

Health Wonderfully Built Up By Using Dr. Chase's Nerve Food.

Inability to sleep is one of the surest signs of a run down nervous system. It is a symptom which can only be lastingly cured when the nerves are restored to health and strength.

Mrs. R. W. Allen, 306 Montreal street, Kingston, Ont., and whose husband is an auctioneer, states: "For a long time I was a victim of sleeplessness which was accompanied by exhaustion of the nervous system. Some time ago I began using Dr. Chase's Nerve Food and can now say that I have been wonderfully built up in health. My nerves are stronger and steadier and I am able to sleep well, something that was almost impossible before using this medicine. It is a pleasure for me to recommend Dr. Chase's Nerve Food since it has proved so beneficial in my case."
