DR. WOOD'S NORWAY PINE SYRUP

Always Stops the Cough

It combines the potent healing virtues of the pine tree with other absorbent, expectorant and soothing medicines of recognized worth, is absolutely harmless, prompt and safe.

A cough is caused by the presence of phlegm in the throat and lungs, and continued coughing is liable to distend the bronchial tubes, congest the lungs and produce inflammation or hemmorhage.

A neglected cough can have but one result. It leaves either the throat or lungs, or both, affected.

A single dose of **Dr. Wood's Norway Pine Syrup** will stop the cough, soothe the throat and heal the lungs.

Read what Miss Nettie A. Seeley, Ashland, N.B., says: "I take much pleasure in recommending Dr. Wood's Norway Pine Syrup, for I have found it a very valuable remedy for coughs. My mother has used it in our family for a long time and whenever any of them get a cough, mother will say: 'I will have to get some Dr. Wood's Norway Pine Syrup for I know it is good, and always stops the Cough when nothing else will.'"

Insist on getting Dr. Wood's as it is the genuine, put up in yellow wrapper. Price 25 cents at all dealers. 3 pine trees the trade mark.
