Bowel Troubles

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

"Fruit-a-tives" are the one certain cure for Constipation

because their action is upon the liver, "Fruit-a-tives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation.

"Fruit-a-tives are fruit juices with tonics and antiseptics added. In "Fruit-a-tives" one atom of bitter replaces one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally, than the fruit juices could possibly be. 50c. a box — $2.50 for 6 boxes. At all dealers'.

SUFFERED EIGHT YEARS FROM KIDNEYS

Doctor's said Female Trouble.

Mrs. Charles Lewis, Collingwood, Ont., writes: "For eight years I suffered from Kidney Complaint, and until twelve months ago doctors' said I was suffering from 'Female Trouble.' Last November (1905), I was seriously ill, resulting I believe from kidney troubles. Finding doctor's medicine doing me no good, I persuaded my husband to purchase one box of Doan's Kidney Pills, after having read of a case somewhat resembling mine. I commenced taking them according to directions (not taking the doctor's medicine), and on second day a swelling commenced in my feet, legs and body. The following day I was so changed and swollen my husband, in alarm, hastened to Mr. Johnson's drug store, who told him to tell me he thought the pills were drawing something out of the blood, and to keep on taking them. I did so and after taking them a week, the swelling disappeared leaving me with a complexion free from pimples, tired, weary feeling gone, constipation, from which I suffered for years, gone, pain in the back, gone, and a general feeling of joy and light heartedness. I have not felt since a child, took place in me.

My sister-in-law (Mrs. Bryan), seeing the action of Doan's Kidney Pills, and the change for good they accomplished in me, sent for a box and they completely cured her. When there is an opportunity of telling people what Doan's Kidney Pills did for us, we always take advantage of it, and tell them to give them a fair trial."

Doan's Kidney Pills are 50c. per box or 3 boxes for $1.25, for sale at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

FEEBLE OLD PEOPLE.

For All Such People in Kingston We Guarantee Vinol Will Create Health, Strength and Vitality, or Return Money.

Hundreds of old people right here in Kingston need just such a strength maker and body builder as our delicious cod liver preparation, Vinol; and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will infuse new life, invigorate every organ in the body, stop the natural decline and make them well, vigorous and strong.

Vinol is not a strong stimulant which reacts on the system, but it is a genuine tonic and body builder which creates strength by building up every organ in the body to do its work as nature intended, and makes rich, red blood. In this way it stops the natural decline and replaces weakness with vigor. We wish every old person in Kingston would try Vinol on our guarantee to return money if it fails. Take a dose of Vinol after each meal and every night before retiring and note its beneficial effect. George W. Mahood, Druggist.

Guimpe Dress For Little Girl.

The sketch depicts a pretty model for a little girl's frock, the design being good either in cotton or woollen material. Light blue linen was used for the frock illustrated, the edges of the bodice and sleeves being piped in white. White buttons were used on the sleeves and on the left side of the front, where the dress fastens. A simple design in eyelet embroidery was used on the front of the gown, but if desired this additional ornamentation may be omitted.

Heart O' My Heart.

The Commoner.

Heart o' My Heart, as the day is done
Homeward I turn to thee,
Knowing full well at the setting sun
Love waits to welcome me.
Weary my feet, but I haste away
After the toil is through,
Eager to see and eager to be,
Heart O' My Heart, with you.

Heart o' My Heart, we take our way
On through the fleeting years;
Snows of winter and rains of May,
Never with doubt or fears.
Smoother the path to my tired feet,
Brighter the skies of blue;
Sweeter the rest in the snug home nest,
Heart O' My Heart, with you.

Heart o' My Heart come good, come ill,
Stormy the weather, or bright,
Gleanings of love your dear eyes fill,
Shining by day or night.
Onward I go, your hand in mine,
Strong in your love so true;
Fair as the rose now the old world grows,
Heart O' My Heart, with you.

Heart o' My Heart, we side by side
Wander on Love's highway;
Hand in hand whatever betide,
Trusting, let come what may.
Slowly the sun dips in the west,
Still I my way pursue
On to the goal of the weary soul,
Heart O' My Heart, with you.

Poor Dad.

Dad never has a moment's rest,
He always has to work;
Poor, weary dad, with care oppressed,
Can find no time to shirk.
For five long months he's shoveled coal,
And watched the pile get lower;
But spring won't ease his troubled soul,
He then must run the mower.

All winter long he's fed the fire,
And sifted ashes, too;
But now the sun is climbing higher,
He still has work to do.
The furnace may be out, but he,
Can't rest as you suppose;
For every evening now you'll see
Dad wrestle with the hose.

Oh, pity dad, the poor old man,
Who never makes complaint,
His life is but a busy span,
With window screens to paint.
Each season brings its many chores,
Enough to drive him mad;
He's busy staining hardwood floors,
Oh, don't you pity dad?

CONSTRUCTING FIREPROOF OUTBUILDINGS.

Serious efforts have recently been made, to reduce the frightful loss from lightning and fire on Canadian farms. And they have been wholly successful, not only in securing a thoroughly lightning and fireproof construction, but also in bringing the price down to, and even below, that of the old-time board and shingle barn.

The new plan is to use corrugated galvanized sheets for roofing and siding barns and all outbuildings. These sheets are very rigid, and make a perfectly strong construction when used over very light framework. No sheeting boards are used at all—only light purlin strips being necessary.

Such buildings are now becoming very common, and users everywhere affirm that "Acorn Quality" Corrugated Galvanized Sheets, manufactured by the Metal Shingle & Siding Co., Limited, of Preston, Ont., is the most satisfactory material known for the purpose. They are so heavily galvanized that they easily outlast a generation and never need repairs. The firm above mentioned will gladly send to inquirers their interesting literature about "Acorn Quality" Corrugated Galvanized Sheets, and give names of users in all parts of Canada. 46

The Signet of Surety.

A Semi-ready Dress Suit, with all silk facing, in fine vicuna cloth, for $25. Others at $30 and $35.

¶ That the "Semi-ready" system of tailoring must ultimately prevail, just as the manufacture of the finest boots have vanquished the old custom-made boot, is the universal belief of the many who have watched the splendid growth of the idea.

¶ The one difficulty which Semi-ready tailoring had to surmount was that of conveying in words the exact meaning of the many innovations and improvements introduced under the one name, "Semi-ready."

¶ This difficulty was offset by the enthusiasm of all who bought Semi-ready garments and told their friends about the Physique Type System, based on height and weight measurements, and meeting every variation caused by environments or physical temperament.
