RUPTURE

New Scientific Appliance, Always a Perfect Fit—Adjustable to Any Size Person—Easy, Comfortable, Never Slips, No Obnoxious Springs or Pads —Costs Less Than Many Common Trusses—Made For Men, Women or Children.

SENT ON TRIAL

I have invented a rupture appliance that I can safely say, by 30 years' experience in the rupture business, is the

C. E. Brooks, the Inventor.

only one that will absolutely hold the rupture and never slip and yet is light, cool, comfortable, conforms to every movement of the body without chafing or hurting and costs less than many ordinary trusses. There are no springs or hard, lumpy pads and yet it holds the rupture safely and firmly without pain or inconvenience. I have put the price so low that any person, rich or poor, can buy, and I absolutely guarantee it.

I make it to your order—send it to you—you wear it, and if it doesn't satisfy you send it back to me and I will refund your money.

That is the fairest proposition ever made by a rupture specialist. The banks or any responsible citizen in Marshall will tell you that is the way I do business—always absolutely on the square.

If you have tried most everything else, come to me. Where others fail is where I have my greatest success. Write me to-day and I will send you my book on Rupture and its Cure, showing my appliance and giving you prices and names of people who have tried it and been cured. It is instant relief when all others fail. Remember I use no salves, no harness, no lies. Just a straight business deal at a reasonable price.

C. E. Brooks, 4964 Brooks Bldg., Marshall, Mich.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North West Provinces, excepting 8 and 26, not reserved, may be homesteaded by any person the sole head of a family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land will be held until the necessary papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit all priority of claim.

An applicant for inspection must be eligible for homestead entry, and only one application for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation may, subject to approval of Department, relinquish it in favour of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing declaration of abandonment.

Where an entry is summarily cancelled or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in that particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of re-entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties—A settler is required to perform the conditions under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal Lands may be purchased at 10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A person eighteen years of age, or over, having discovered mineral in place, may locate a claim, 1,500x1,500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1 per acre.

The patent provides for the payment of royalty of 2½ per cent on the sales.

Placer mining claims generally are 100 feet square entry fee $5, renewable early.

An applicant may obtain two leases to dredge for gold of five miles each for a term of twenty years, renbwable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental 10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

NEWS OF NEIGHBORS

WHAT WHIG CORRESPONDENTS TELL US

The Tidings From Various Points In Eastern Ontario — What People Are Doing And What They Are Saying.

Poisoning Dogs.

Eagle Hill, April 27.—The heavy fall of snow Thursday has disappeared and roads are in a bad condition. James Irwin has returned from Cobalt, where he has been spending the winter. J. R. Peufer has purchased a Uneeda cream separator from R. Ferguson, D. Villeneff, Cobalt, is spending a few days at T. Lindsay's. Several valuable dogs have been poisoned lately. S. Hawley, Cloyne, was through this vicinity engaging men for the drive. The taffy party at T. Lindsay's, Saturday evening, was a success. Our school is about to change teachers shortly. R. Head, Cloyne, made a business trip through here last week. Miss Jennie John was a guest at the Ferguson house, Sunday. Mrs. P. Plotz spent Sunday at J. Irvine's; also N. Irvine, of Pleasant Valley.

Wilton Jottings.

Wilton, May 1.—J. B. Sanderson has purchased F. C. Ward's farm, and will move there from the village. There was no service in the Presbyterian church last Sunday, owing to the absence of Rev. G. Milligan, who is in Fredericton, in attendance on his mother, who is seriously ill. Mrs. C. W. Bulloch and two children returned, on Monday, to their home, in Lyn, after a month's visit at Mrs. Bulloch's father's, W. H. Neilson. Miss Johnston, Picton, is visiting her sister, Mrs. R. A. Whattam. Sunday afternoon Rev. R. A. Whattam conducted services for the I.O.O.F., in the Methodist church at Odessa. Mrs. W. Jordan, Campbellford, is with her mother, Mrs. Thomas Mills, who has been very ill, but is recovering. Harvey Mills, Sr., has been ill again, but is better.

Petworth Notes.

Petworth, April 29.—The trustees are improving the school house by putting in a clock, new slate blackboards and other equipments. The cheese factory here was reopened to-Lake, who has rented part of E. Garday, under G. W. Bishop of Sharbotrison's house and moved his family here for the summer. The farmers are not making much headway with spring work, on account of the cold atmosphere. W. Ashley and W. Cole have finished their contract and returned home. Rumor speaks of a double wedding. Visitors: Mr. and Mrs. H. Garrison, at C. Davy's; Mr. and Mrs. W. Garrison, and baby, at E. Garrison's; A. Ward of Harrowsmith, at J. Carr's; M. Irish at J. Laken's; Miss Jennie Hughes, Harrowsmith, at G. Bishop's; Miss Nellie and Danford Laken spent Sunday at Harrowsmith and brought home their little nephew, Lyle. Mr. and Mrs. W. Ashley and Miss Violet spent Sunday at Pleasant Valley.

Sad Death At Sangster.

Sangster, April 30.—Sangster has lost by death one of its most esteemed residents, in the person of Mrs. James Barrett. The deceased, whose maiden name was Ellen Watt, of Fermoy, was highly respected and very active in time of sickness and trouble. She taught school for many years before settling down in Sangster. For many years she had been secretary of Glendower cheese factory and at the time of her death was secretary of the public schools. She will be greatly missed in the surrounding neighborhood. Mrs. Barrett leaves to mourn eight children, four boys and four girls, also an aged mother, who resided with her, and five sisters, who live in Syracuse, one of whom, Mrs. Gus. Callahan, arrived in time to attend the funeral, but the other sisters, Mrs. Houck and Mrs. O'Connor, being delayed, arrived in time to view the remains in Sacred Heart vault, on the following day. Her funeral was largely attended, on Wednesday, April 24th, when her earthly remains were taken to the Sacred Heart church, where a solemn requiem mass was sung by Father Le Clec, Railton, and Father Le Neilleon, Sangster.

Ernesttown Doings.

Ernesttown Station, May 1.—Farmers report the land to be in excellent condition for seeding. Yesterday's rain was a boon to meadows and pasture lands. F. Laidley had a number of men at work putting up the hay barn which was blown down in the recent gale. Winslow Thompson has resigned his position on the G.T.R., and has taken up farming on Jesse Amey's farm on shares. Mrs. Mortimer Kilganon and children, have left here for Darlington, where her husband is employed as section foreman on the G.T.R. They will be greatly missed by their many friends who wish them success in their new sphere of labor. Rev. Mr. McCamus gave a very entertaining lecture, with views on the life of John Wesley, last Friday evening. Rev. Mr. Glover has returned from Edmonton, and has resumed his work here. A cordial welcome was extended to him on Sunday last. Alfred Amey has greatly improved the appearance of his residence, and surroundings by a generous coat of paint and wire fencing. Mr. and Mrs. C. Young have moved from Bath to take charge of F. F. factory. F. Cummings and S. Amey have opened up sand pits on their farms. F. Ham purchased a gasoline launch in Toronto, and is now engaged building a house for it on the shores of the Bay of Quinte, at Bath. Our genial miller, D. Woodruff, is leaving for Odessa. His departure is much regretted. W. McClymont has taken the contract for painting C. Forward's buildings at Millhaven. F. Amey purposes going more extinsively into the manufacture of tile. Mrs. Sink is visiting her daughter, Mrs. F. Ham, after spending the winter in Brockville, with her nephew, R. Bowman. Mrs. Sarah Amey, Kingston, and Mr. and Mrs. Somerville, Odessa, were guests at R. Sloan's, recently. Mrs. N. Amey and Mrs. Sink and Miss M. Ham, spent Saturday last at F. Laidley's. Mrs. George Forward was at her sister's, Mrs. F. Amey's, Sunday.

At Wolfe Island.

Wolfe Island, May 2.—The funeral of the late Patrick Quigley took place on Sunday at two o'clock, to the Church of the Sacred Heart, Marysville. Deceased was one of the island's oldest pioneers, and had reached the age of ninety-three years. The funeral was largely attended. The funeral of the two-year-old son of Patrick Toban took place on Thursday to the Roman Catholic church. John Kingsley writes home from Edmonton, N. W.T., stating that he likes the country very much, but says the spring is somewhat backward, like it is here. A box social at the residence of G. Friend, on Wednesday last, was well attended, and there was realized about $25 for the English church. We extend congratulations to Dr. Arthur Spankie, who passed with honors at the recent examinations. D. Horne has bought the F. Berow farm and will move there shortly. He also purchased a fine team of horses in Elginburg for $350. Stanley Spoor's many friends are pleased to see him around again after his illness. George Suddard is going with Mr. Lesslie on the steamer Caspian, and Robert Barry will be fireman on the ferry again. There will be a new mate. D. J. Lesslie has moved to the city. There was a large number of new boxes put on the telephone line last week. Some of our carpenters are going to Hickory Island to work on the cottages. Frank Connolly has a new naptha launch. John Greenwood's cottage, situated on Batteau channel, has been painted. The city engineer and E. Briceland made an estimate of canal bridge on Tuesday, which will be sent sent to the government at Ottawa. Dr. Spankie has had the interior of his residence all newly painted and new additions built on. George Whitmarsh has bought a four-year-old colt from "Billy" McAdoo, Pittsburgh. Thomas Mackian bought a new horse from F. Vanness. James Davis has purchased a naptha launch, and will bring it here shortly. The ferry steamer made a special trip to Kingston, Saturday evening, for the opera, "Painting the Town." The play was well attended, and everyone was well pleased with the show. Miss Emma Dawson has left for the Soo to stay with her sister. Miss Kathleen Ferguson was visiting Mrs. Thomas Connolly, at Springs.

HON. CHARLES DENBY.

President Roosevelt has selected him for the consul-generalship of Shanghai, China, one of the most important diplomatic posts in the Orient.

An Electric Harvest.

At Pontiac, Mich., some fellows found use for electricity. Michigan has a fish protection law, thought to be "horse high, bull strong and pig proof. They were bringing in a lot of fish, evidently not caught with a hook or speared, and a watch was set on them by the game warden. They didn't have any net or seine, and how they got the fish was a mystery until it was discovered that they were working Pine lake by the subtle fluid. They had tapped a traction company wire a thousand feet from the lake, and run wires into the lake, practically converting a large section of the water into a highly charged wet battery. All fish that happened to swim within the charged area were electrocuted, and the scientific fishermen had only to gather them up and haul them off to town. The men were punished for stealing the electric current, but they have opened up a new field for enterprise.

Queer Investments.

Montreal Star.

Mr. Turriff, M.P., for a western constituency, tells the railway commission that if the roads in the west were to spend on the tracks and in equipment and rolling stock, the money they receive for the land given them as subsidies, the break down in their systems would not exist. Instead of that, he says, what the owners do not pocket they invest in South America, and in newspapers. These railway magnates must have an amazingly queer taste in investments.

The whole of the estate of Dorlin, owned by Lord Howard of Glossop, is being converted into a deer forest. The country of the Clanronalds is now devoted almost exclusively to the rearing, preserving, and stalking of the antlered herd.

Miss Morosini, daughter of a New York banker, says that $1,000 is not a great price to pay for a gown and she expects to pay $200,000 for clothes during the present year.

Have One Doctor

No sense in running from one doctor to another. Select the best one, then stand by him. Do not delay, but consult him in time when you are sick. Ask his opinion of Ayer's Cherry Pectoral for coughs and colds. Then use it or not, just as he says.

We publish the formulas of all our preparations. J. C. Ayer Co., Lowell, Mass.

Tips For The Farmers

BY UNCLE JOSH.

the prospects for Canadian dairy produce this season, Mr. Ayer said: "There are very few years in which the situation is clear at this season of the year, and this year it is about as mixed as it can be. The fight between the big shops and the little grocers and between the various combines of big dealers is going merrily on to the delight of the farmer and the consternation of the merchant or retailer who would like to make a little profit. When the thunderbolt came from Lipton out of a clear sky, or what was supposed to be a firm market, suddenly reducin the price to 7d retail for cheese, there were a good many exclamations of what does it mean? This coup was, however, followed by someone reducing the price to sixpence halfpenny, and then on Monday of this week another big concern reduced the wholesale price to 6d. In other words, the wholesale price is 63s. to 65s., while the retail price is 56s. per cwt. Now, Mr. Editor, will you just figure out how much profit there is in this and let me know when you find out."

"Whar, then, are the prospects for Canadian cheese?" Mr. Ayer was asked.

"The market," Mr. Ayer replied, "looks to me like a country board going in this fashion—first bid, 11c.; second bid, 10 3-4c.; third bid, 10½c. What would the farmers say to this style of business, and this is really the style as pictured above, which is going on in Great Britain at the present moment. Can any man predict in view of such unheard of conditions

Two reasons for increase of tuberculosis on dairy farms are: Cow barns are not allowed sufficient air; dairymen allow their heifers to breed too young. They should be three years old at least.

Success with any crop depends largely upon how the work of planting and cultivating is done.

The principal daisy boards have opened for the season at high prices, for both cheese and butter.

A. A. Ayer, head of the A. A. Ayer & Co., Limited, and president of the Montreal Produce Merchants' association, has just returned from a trip to Great Britain. Mr. Ayer left Montreal on March 1st, and has since visited the principal points in the United Kingdom, closely studying the dairy produce situation. From his long connection with the trade and his prominence in the business world, Mr. Ayer's views are of special interest and importance. When asked by a representative of the Montreal Gazette to give his views on the dairy produce situation in Great Britain and on such a gigantic scale—for when I say gigantic, I mean that when 500 to 1,500 shops or possibly more, all over the United Kingdom are selling at retail at under the wholesale price. The market stands on its head, heels up. A drop from 70s. wholesale, or 8d. (78s.) retail, to 56s. retail is a big tumble, and so will a drop from 14c. wholesale, Montreal, to 10c. on country markets be. And it looks as though we will strike 10c. very shortly. That, however, will be a good price and will pay the farmers handsomely.

Burridge Reports.

Burridge, May 2.—The cheese factory has again begun the season's work under the care of G. Mustard. A number from here attended the box social, at Althorpe on Wednesday evening last. An accident occurred on Sunday evening last in which one of the Burridge boys while out driving met the misfortune of his team running away. The couple were not hurt. Samuel Barr of Fenelon Falls, is visiting relatives here after an absence of about twenty-four years. His many friends are delighted to welcome him back.

The Mark That Tells

Pen-Angle trademark (in red) on every Pen-Angle garment, tells you it will fit and won't shrink,—your own dealer so guarantees it. Underwear thus trademarked is softer, warmer, more flexible, better wearing.

Trade marked thus in a variety of styles, fabrics and prices for women, men and children. Forms Fitted. Dealers are authorized to replace instantly and at our cost, any Pen-Angle garment faulty in material or making. 206
