EDITORIAL NOTES.

High Commissioner Ferguson is kept busy these days attending tea parties with the British nobility. They say he sighs when he thinks of what he is missing in Toronto these days!

• • •

There will be a shortage of Dominion Government receipts for the current year of at least 80 million dollars. This will necessitate collecting more taxes besides borrowing a substantial sum. Fortunately Canada"s credit is good, and the rate of interest is going down, though some bankers do not seem to know it.

• • •

Professional flyers are boasting that in the near future Canadians will be able to fly over Canada, from the Atlantic to the Pacific, in 30 hours. All right for those who like it, but why all the hurry?

In the famed Scottish city of Aberdeen they are still enjoying street car rides for a half penny fare. The Aberdonians are not stingy, though they have a literature of their own setting forth how careful they are of their "bawbees," but they make their street cars pay expenses with probably the lowest fares in the world. The zone system calls for payment in accordance with the length of ride travelled, which seems fair. Toronto could get over its difficulties in providing street car service for districts in the neighborhood which would add to its prestige if it followed the example of Scotland's northern capital.

BUT HE WAS NO BETTER

Ezra Meeker went to the doctor for some medical advice. The doctor said to him: "You ought to take off flesh. Get a car and get out more."

"And so I got a car and got out more," said Ezra. "I got out six times in one block and took off a little flesh in four different places. The last time I got put through the windshield. That was the time I took off the most flesh."

Maybelle Henderson Died At Waubaushene

After an illness extending over several years Miss Maybelle Ruth Henderson, youngest daughter of the late Mr. and Mrs. W. J. Henderson, passed peacefully away at the home of her sister, Mrs. C. White, at Waubaushene on Thursday, March 19th, at the age of 35 years. For the past year she had been practically bedfast and was carefully and tenderly nursed by her sisters, Agnes (Mrs. White) and Tena, and her death had been expected at any moment.

The remains arrived in Flesherton on the noon train on Saturday and the service was held in St. John's United Church, Rev. W. J. Scott, pastor of the church, officiating. The pallbearers were: Wes Armstrong, Gordon and Fred Irwin, Reg. Boyd, Wilfred Lever and Albert Sparks. Those who attended the funeral from a distance were: Mr. and Mrs. C. White and Tena Henderson of Waubaushene, Hartley Blackburn of Lakeview, Mrs. Jas. Johnston, Mrs. John Johnston and Ena and Mrs. Alf. Harrison of Dundalk.

There was a profusion of flowers banking the casket, among them being tokens of regard from the Waubaushene Ladies' Aid, Waubaushene H.E. P.C. staff, Flesherton United Church choir and the Flesherton softball team of which she was a member.

Deceased is survived by four sisters and one brother: Grace (Mrs. George Blackburn) Flesherton, Belle (Mrs. H. Lowick) Sask., May (Mrs. Russell) of Moose Jaw, Tena of Waubaushene, Agnes (Mrs. White) of Waubaushene and Robert of Moose Jaw, Sask., all of whom have the sincere sympathy of their home community, where Maybelle was highly regarded by all who came in contact with her.

W. M. S. MEETING

The W. M. S. meeting was held in St. John's United Church on Thursday of last week with the president Mrs. W. J. Scott in the chair.

"Oh for a thousand tongues" was sung and the Lord's Prayer was repeated in unison, after which a part of 1st chapter of Colossians was read. Mrs. McFadden gave a reading, and Mrs. R. Alexander read a prayer. The hymn "Hark the voice of Jesus calling" was sung and Mrs. Cargo gave a resume' of the 2nd Chapter of the Study Book, an historical review of the work in Japan mentioning the name of Dr. Davidson Mc Donald.

After a season of Prayer the minutes were read, also a letter received by Mrs. John Wright, supply secretary, informing the auxiliary that two pairs pillow slips, half a dozen tea towels and two flannellette night dresses for a girl fourteen years old were needed, and as many quilts as the auxilliary could supply.

The Easter thankoffering meeting will be held on April 20th, when Mrs. (Rev) Donald, of India, who is home on furlough is expected to speak.

The neighboring Women's Auxiliaries and associations are to be invited. The following committee was appointed, Mrs. W .I. Henry, Mrs. O. Philips, and Mrs. Holland. Twenty answered the roll call,one visitor was present.

The grammar some Flesherton girls use!
We wonder if they mean it;
But it surely does amuse
When they declare, "I seen it."

PUBLIC NOTICE.

CORRECT EATING

A great deal of thought and considerable amount of attention are given, in many homes, to the selection and preparation of meals. This is as it should be, and it is desirable also that the food, as it comes to the table be eaten in such a manner that the body will be able to make the best possible use of it.

Meals should be eaten quietly, and there should not be any hurry and rush in the dining-room. Food is not readily digested when the body is tired. If the individual is tired, a rest before eating will aid digestion, as will also a meal that is eaten quietly and calmly.

Arguments or scoldings should never be carried on at meal-time. Emotional upsets, anger or worry interfere with digestion. Meal time should be a cheerful and happy time.

The body is beter able to digest food when meals are taken regularly. The regular meal time gives the digestive system the periods of rest which it requires. If meals are taken at all hours, or if there is eating between meals, there is no time left for th organs of digestion to rest.

Food should be thoroughly chewed before it is swallowed. Do not be afraid to use your teeth. using the teeth is one of the best ways of keeping the gums in a healthy state.

There is no objection to the moderate use of beverages with meals but they should only be taken when there is no food in the mouth - never used to wash down food before it has become thoroughly chewed.

When sitting down to the table, it is not wise to drink cold water before the meal begins. At the same time, the blood vesels of the stomach are dilated and the gastric juices are active. Under such conditions, a dash of cold water is undesirable as it causes the blood vessels to contract, and checks the secretion of the gastric juice.

Cold water or milk should be slowly taken during the meal, not before solid food is taken.

Moderation should be practised at all times. It is harmful to overeat. Excess does harm; it throws an undue strain on the body and so wears the tissues out early. Premature old age generally means that moderation has not been practised.

Eat moderately, eat slowly, and make meal-time a happy, restful time that is the way to eat
