THE BEST LITTLE TOWN

There are fancier towns than our little town, there are towns that are bigger than this, and the people who live in the smaller towns, don't know what excitement they miss. There are things you see in the wealthier town that you can't in a town that's small: and yet up and down, there is no other town, like our own little town after all. It may be that the streets aren't long, they're not wide or maybe paved; but the neighbors you know in your own little town, all welcome a fellow—it's great. In the glittering streets of the glittering town, with its palace and pavement and thrall, in the midst of the throng you will frequently long for your own little town after all. If you live and you work in your own little town, in spite of the fact that it's small, you'll find it a fact that your own ittle town, is the best little town after all.—Exchange.

Ready For Picnic; Thurs. Half Holiday

A meeting of the business men of the village was held in the town hall on Friday night last and a committee of eighteen was appointed to meet the Toronto committee and work in unison with them for the annual picnic this summer. The date of the picnic was not decided upon, but was left for further consideration with the Toronto committee, although a recommendation was made for a Saturday picnic when the stores would close from 2 o'clock to either 5 or 6 p. m.

It was also decided at the meeting to commence the Thursday half holiday on May 7th and continue until the end of September.

Tennis Organizes

E. J. Bennett was elected President of the Flesherton Tennis Club at the annual meeting held Tuesday evening. W. G. Kennedy was appointed Vice-Pres. and Miss Elda Karstadt was re-elected Secretary-Treasurer. The grounds committee is composed of Messrs Kennedy, McCauley, G. Armstrong and Dr. Bryce. The securing of members for the Club was left in the hands of Mrs. W. G. Kennedy and E. C. Murray.

Priceville Concert

A bright and interesting programme was given in the Presbyterian Hall, Priceville, on Friday night, Aplil 10th, when the Mission Band brought the scenes of the Gwailor Field, India, by Lantern, before their audience.

Delightful musical selections on piano and violin were given by Professor Kyle and the Misses Jean, Margaret and Ruth Wolstencroft, daughters of Rev. Wolstencroft, of the Baptist Church, Flesherton which were thoroughly appreciated and enjoyed.

The Mission Band contributed several items in choruses and a duet by the President and Secretary, Noreen McInnis and Margaret McLean, also two recitations by Jamie and Laurie Sutherland.

The C. G. I. T. group brightened the programme with two choruses and Evelyn McInnis gave an interesting reading "The Ringing of the Bell". Mrs. (Rev.) A. Sutherland rendered two well chosen solos in her usual pleasing manner and a Missionary Pageant entitled "Loves Candles" was given by the Mission Band in which, those taking the principal parts were: Laurie Sutherland, Morley McInnis, Donald Nichol, Margaret McLean as "Hindu", Noreen McInnis "Japanese", Jack McArthur "Chinese", Jamie Sutherland "North American Indian", Loretta Turnbull "School Girl,, and Tom Aldcorn "New Canadian".

A hearty vote of thanks was extended to all those who assisted with the programme. Proceeds were $17.35 and the evening closed with the singing of the National Anthem.

McCracken Bros., of Listowel suffered a heavy loss last week when the Government Inspector tagged 26 of their Holstein herd as being effected with tuberculosis. These cattle which included caves from six weeks to six months, were all shipped to Toronto to be slaughtered. Only seven cattle were left on the farm as free from disease.

"I WANT MY MAMA"

Evening rates on "Anyone" (station-to-station) calls begin at 7 p.m. Night rates begin at 8.30 p.m. Just give "Long Distance" the number you want — it speeds up the service.

THE BELL TELEPHONE COMPANY OF CANADA — LONG DISTANCE TELEPHONE

It was really the first time Dorothy had ever been away from home alone. She was happy as could be at Aunty's, and romped and played the whole day long—till bedtime came—then a terrible fit of homesickness came over her.

Aunty was at her wits' end—till she thought of Long Distance. In just a few seconds Dorothy's mother was talking to her little girl . . . quietly, firmly, cheerily . . . then she told her to let Aunty tuck her away in bed.

Everything was all right after that. Dorothy felt that her mother really wasn't far away after all. And the telephone had saved Aunty from an awkward predicament—at a cost of just 35 cents.

Owls! Owls!

The Eugenia Game preserve is no more. It has been fully thrown open to the public for hunting, trapping or fishing. All the pheasants were removed some time ago and the pens and the other buildings were disposed of last week at very cheap prices. However, there is one item the authorites will not likely remove and that is the hundreds of owls that were shot or caught and thrown into heaps or tied in the trees to scare off the marauders. Supt. Johnson had posts erected at various points throughout the island and placed traps thereon to capture the owls that infested that section. That he was successful is shown by the hundreds of dead owls that are to be seen in a large haw tree, near the pheasant pens. At the present time there is very little water in the reservoir of the lake, in fact at present the water is the lowest than at any time since the dam was completed in 1915.

BETTS—McMULLEN

A quiet but pretty wedding took place at the home of Mr. and Mrs. Robt. McMullen, East Mountain, when their youngest daughter Winetta Fern was united in marriage to Mr. Cecil L. Betts, son of Mr. Levi Betts and the late Mrs. Betts of Flesherton. Rev. J. R. Wolstencroft conducted the ceremony. The bride who was given in marriage by her father, looked charming in a gown of white georgette with lace trimming, silk net veil caught with orange blossoms, white brocaded satin shoes with silver trimming.

The bride carried a shower bouquet of sweet heart roses and maiden hair fern.

The wedding march was played by Miss Dorothy Wolstencroft.

After the wedding dinner was served the happy couple left on the afternoon train for a honeymoon trip. The bride travelled in a printed chiffon dress with broadcloth coat with squirrel trimming, hat to match. On their return they will reside on the groom's farm, Flesherton.

QUACK GRASS CONTROL

Spring tillage or late fall tillage is not a satisfactory means of destroying quack or couch grass, according to one authority who has given three years' observation to the work and who declares unqualifiedly that summer is distinctly the most dependable season for destroying quack grass by tillage. The degree of control is in direct proportion to the thoroughness of tillage, timeliness of the operation and favorableness of weather conditions. Ordinary cultivation is not effective in control. An occasional and half-hearted stirring of the soil stimulates the weed's growth. The one-way disk plow has been found very effective in quack grass elimination and has a low operation cost.

A VALUABLE BOOKLET

Prepared in the hope that it will create a keener appreciation of first-class beef on the part of Canadian consumers, a booklet on "Beef'—How to choose and cook it", has been issued by the Department of Agriculture at Ottawa. The booklet covers in a brief but clear manner such subjects as the food value of beef, selection and care, and the relationship of the higher-priced to the lower-priced cuts. More than half the booklet is devoted to practical suggestions on how best to cook beef and the last few pages contain many excellent recipes. Beef grading and its value in protecting the consumer and stimulating the producer are thoroughly explained and the booklet should prove helpful to Canadian housewives and retail meat merchants. Copies can be obtained from either the provincial or federal department of Agriculture or at your local agricultural office.

A GOOD SALESMAN

The director of a well known chain store describes the local newspaper as "our best clerk." He explains that it sees more people, gets more of their individual time, works longer hours, and tells its story with more accuracy than any other clerk they can employ. These papers are going into homes of people, and are assured of their friendly attention. This is proved by the tremendous growth in importance of the press in the last few years, according to the above director, who declares that today the local newspaper is the back bone of any constructive sales effort.
