"THE OLD SCRATCH."

How the Evil One Came to Be Popularly Known As "The Old Scratch."

One of the many familiar names of his satan majesty is "The Old Scratch." It is undoubtedly due to the fact that scratching is so disagreeable that people thought it no worse than the evil one. A scalp full of dandruff keeps one scratching all the time, not only disagreeable but considered very inelegant in polite society—as it should be—because one ought to keep the scalp so clean that it would not itch. To cure the scalp of dandruff effectively, use Newbro's Herpicide. It kills the germ that creates the dandruff, which is preliminary to falling hair, and, finally baldness. No other hair preparation kills the dandruff germ. Herpicide also is a very delightful and effective hair dressing.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes, 50c. and $1.00. G. W. Mahood, special agent.

Walk To Your Meals Like a Man

Eat What You Will and Learn to Enjoy Food and to Digest It.

HERE'S THE SECRET, FREE.

Make up your mind after reading this that you will let the next meal hold no terrors for you.

You can enjoy it....You can digest it. All that is needed is to give nature the juices she lacks, to give the stomach a chance to remove the terrible irritating acids, alkalies and gases which turn food and nourishment into gas and decomposition.

When a system is run down and depleted it needs building up. Ashes won't rekindle a fire and wrong digestive fluids will not take proper juices from food no matter how good the food is.

Is this common sense? Men spend years and even life experimenting on the human system, what it lacks in disease and what it needs in perfection. This knowledge is known to every physician or should be. Stuart's Dyspepsia Tablets are compressed natural vegetable and fruit essences which when mixed with the saliva of the mouth go into the stomach capable of digesting a full meal and they digest it to the uttermost shred. Then such a meal does a man good and it gives to him the means to overcome stomach troubles. Forty thousand physicians use these tablets and charge you for writing a testimonial of their merit which they call a prescription. Any druggist in America, or Canada will sell you a box for 50c. Think of it. Every druggist carries them. Here's common sense again. Don't this tell you there is merit? Go to your druggist to-day, buy a package and walk up to your meals knowing that they will not cause you pain. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.
