Whatever your color scheme

Walpamur, the famous flat finish for walls and ceilings, forms the most delightful background for your treasures. The soft light-diffusing effect it produces, and its egg shell bloom, give a new beauty to your rooms.

It is so easy to apply, and has such covering power, that it is most economical in material and labour. In addition, it is permanent, washable, fire-resisting, and non-absorbent to moisture.

It can be applied successfully on a wide variety of surfaces, such as smooth and rough plaster, wallboards, etc., and permits of textured effects.

Consult your decorator or dealer as to its many uses. Ask him for a shade card, or write to us direct.

Peter Muir acted as Master Bellamy, A. Sinclair and Geo. Banks. Wor. Bro. Peter Muir asted as Master and conducted the exemplification of the second degree.

Thursday Half Holiday

The merchants of the village will observe the Thursday half holiday, commencing tomorrow, May 7th, and continuing through the summer until the last of September.

MOORE — WAUCHOPE

The marriage of Bertha Dorcas, youngest daughter of Mr. and Mrs. Thos. Wauchope, Proton Station to Mr. Elwood Moore, youngest son of Mr. and Mrs. W. J. Moore, Flesherton, took place at St. James' Anglican Church, Dundalk, Saturday, April the 25th, Rev. Maurice F. Oldham officiating. The bride looked charming in a gown of rose georgette and lace made in long lines with blond shoes and hat to match. Miss Allie Norris attended the bride and Mr. Gordon Wauchope, brother of the bride was best man.

A dainty luncheon was served at the home of the bride's parents after which Mr. and Mrs. Moore left for a short honeymoon to Detroit.

The bride travelled in a blue sport suit trimmed with white fur, hat, shoes and stockings to match. On their return they will live near Flesherton.

A very pleasant evening was spent at the home of Mr. and Mrs. Hugh Moore, 14656 Glenwood Ave., Detroit, on Tuesday the 28th in honor of Mr. and Mrs. Moore, who were spending their honeymoon in that city. About fifty guests were present and the young couple received many beautiful gifts from the boys and girls of the Briggs Mfg. Co., where the groom was a former employee.

At the United Church service on Sunday morning Drs. E. C. Murray, F. W. Murray and R. H. Henderson of Toronto rendered a trio in their usual pleasing manner.

At the Artemesia Council meeting on Monday the members decided to reduce the bounty on wire fencing from 50 to 40 cents per rod. It was felt that owing to the reduced price of wire and cost of labor such a move was in the general interest of the ratepayers.

J. Dargavel Presented With Curling Stones

The Flesherton Curling Club wound up the 1930-31 season with an "At Home" for the members and friends of the Club on Tuesday evening. The event was a grand success, over one hundred were in attendance. A short program was given, Mrs. J. E. Milne delighting the gathering with a delightful piano selection and Mrs. E. C. Murray giving a pleasing Scotch reading.

The main event of the evening was a presentation to Mr. J. O. Dargavel of a set of curling stones with appropriately engraved handles, by the members of the Curling Club, in appreciation of the valuable services rendered by Jim to make the Club a success. It was through his efforts that the fine building, owned by the Club, was erected last fall and the members desired to make some demonstration of the appreciation they felt for his efforts. Mr. Dargavel thanked the members for their splendid gift, and stated that they would be highly prized by him for all time. Rev. Scott gave the address and M. Wilson and G. B. Welton made the presentation on behalf of the Club members.

Lunch was served and music was provided by the Gloom Chasers' orchestra, which also provided music for a dance at the close.

USE ONLY THE BEST SEED

Regarding the preparation of exhibits for the World's Grain Exhibition to be held at Regina in 1932 L. H. Newman, Dominion Cerealist, advises sowing the best seed obtainable on a piece of specially prepared ground, letting the crop fully mature, cutting and shocking it as usual. The best stooks should be covered, protected from the weather, and the best heads threshed by means of a flail. The grain then should be run through a sieve and later hand-picked to get the most uniform seeds, because of a Fair of this kind the competition will be very keen and the prizes are worth working for. Purity of variety will be a very important factor at this World's Grain Exhibition because a growing test will be made with every sample submitted.

MOTHER'S DAY, MAY 10

Wherever she is, send flowers. Order the plants and cut flowers from W. A. Hawken, phone 17, Flesherton

"Away Again"

NOTICE TO CREDITORS

In the Estate of Alfred Hawkes, Deceased

All persons having claims against the estate of the above mentioned, who died at the Township of Osprey, in the County of Grey, on December 20th ,1930 are required to file proof of same with the undersigned on or before the 13th day of May 1931.

After that date the Public Trustee will proceed to distribute the estate, having regard only to the claims of which he shall then have had notice.

Dated at Toronto, this 9th day of April, 1931.

A. N. Middleton, Public Trustee, Osgoode Hall, Toronto. *Paid*

NOTICE TO CREDITORS

IN THE MATTER of the Estate of JOSEPH HENRY LANKTREE, late of the Township of Osprey in the County of Grey, deceased:

NOTICE is hereby given, pursuant to the Trustee Act, that all creditors and others having claims on demands against the estate of the said Joseph Henry Lanktree, who died on or about the 14th day of April, 1931, are required on or before the 30th day of May, 1931, to deliver to Mr. Thos. Lanktree, Meaford, or George T. McKenzie, R. R. No. 2, Meaford, the executors of the estate of the said deceased, their Christian and surnames, addresses and descriptions, full particulars of their claims, a statement of their accounts and the nature of the securities (if any) held by them:

AND TAKE NOTICE that after such last mentioned date the said executors will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which they shall then have notice, and that the said executors will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of distribution.

Dated at Meaford, April 25th, 1931.

GEO. G. ALBERY,
Solicitor for the Executors.

PORTLAW

The sad news was received by relatives here of the death of Mr. Wm. Thompson of Detroit. Dereased was the eldest son of Mr. Geo. Thompson and the late Mrs. Thompson and spent his boyhood here. He was a veteran of the World War, receiving severe wounds, which no doubt contributed to his early passing.

Mrs. Lawrence Lyons had the misfortune to suffer a compound fracture of her right wrist while cranking her car. The injured member has been encased in a plaster cast and will necessitate some weeks to recover.

Sacramennt was observed in Mount Zion church last Sunday. The attendance was very encouraging to the pastor, whose message was most inspiring.

Mr. F. W. Wetherall had his new barn raised lately to take the place of the one destroyed by fire. A large crowd attended the rasing, which was accomplished without an accident.

Mr. T. W. Walker and son of Toronto motored up and spent the week end with the former's brother here.

Mount Zion Sunday School was reopened last Sunday, after re-organization, wit a full staff of taechers. There was a splendid attendance and prospects bid fair for a successful season ahead.

BARLEY OUTYIELDING OATS

In periods such as the present when the making of a profit requires the most careful management, it is of special interest to note that barley is consistently a more profitable grain crop than oats. This is shown by statistics over a period of the past 47 years in Ontario, during which barley has outyielded oats by approximately 160 pounds per acre while in years of unfavorable weather, such as 1930, the increase amounts to twice this figure. Undoubtedly of all grain crops, barley is least affected by unfavorable weather.

TOO MANY POTATOES

Before ncreasing their acreage, commercial potato growers should study the market outlook, advises J. A. Carrol of the Crops Co-operation and Markets Branch. He points out that the price of potatoes in Ontario is controlled almost entirely by the size of the North American crop, the larger proportion of whch is contributed by the United States. The 1930 U.S. crop totalled about 361,000,000 bushels. Indications are that acreage will be increased to such an extent that an average yield of 118 bushels would result in a toal of 434,000,000 bushels in 1931, with average weather. Prospects are that the yield this year will be very little below that of 1928. The marketing of that crop was disastrous.

Growers should consider very carefully before increasing their acreage and concentrate energy on getting a higher yield per acre. It is expected that only those with a low cost per bushel will have a profit this year. The surest way to decrease the cost per bushel is to increase the yield per acre.

DEFORESTATION INJURIES

Deforestation throughout Western Ontario was given as the reason for the winter shortage by W. R. Smith, a London engineer, in an interesting paper before district township road superintendents recently. He declared that too much land clearing and too much draining was the cause of the ever-increasing water famine. Ten per cent. of the acreage of farm lands should be of forest to provide a proper water supply, while the percentage in some counties was as low as one-half of one per cent.

Durham is to have a minature golf course.

F. H. W. HICKLING
FLESHERTON, ONTARIO

Mother and Anne had always been very close to one another. When Anne married and moved to another city, each missed the other greatly.

But one thing more than any other has helped to keep them close — the telephone. Every Friday evening Anne calls her mother by Long Distance . . . after 8.30 p.m. when the low night rates are in effect. During the week they both keep memos of topics they wish to discuss. Then there is no time lost . . . and nothing forgotten.

What if they are 120 miles apart! The telephone connection is made in about a minute — nearly always while Anne holds the line. Their voices are just as clear as on local, and the cost, after 8.30 p.m., is only 40 cents.

THE BELL TELEPHONE COMPANY OF CANADA — LONG DISTANCE TELEPHONE

Evening rates on "Anyone" (station-to-station) calls begin at 7 p.m. Night rates begin at 8.30 p.m.
