DR. J. G. RUSSELL, R.O., will be here May 18, 19 and 20, open every evening.

SOW GOOD BARLEY SEED

Ontario producers of barley for the industrial market have received real encouragement in the form of a guaranteed minimum price. But this guarantee applies only to better class barley of a grade equal to the standard laid down in the Grain Act for No. 3 Extra. This quality requirement should create a greater interest by growers in the seed they put in the ground this spring. According to available information, the supply of real high-class seed barley in the province is abundant and the price is reasonable.

A compilation of statistics over a period of 47 years show that barley has outyielded oats by approximately 160 pounds per acre, while in years of unfavorable weather, such as 1930, the increase amounted to twice this figure. Barley also helps in planning crop rotations. In one season, it provides an opportunity to clean up the land, to grow paying crops, and to seed down to the best advantage with hay for the following year.

Died At Dundalk

MRS. JOHN JOHNSON DIES AT DUNDALK FOLLOWING A THIRD STROKE

Fanny L. Henderson was the youngest daughter of the late Robert and Fanny Watson Henderson, who, moving from Laskay in North York, settled in Artemesia township, near Wareham about seventy-five years ago. In a small log house in this somewhat lonely spot on December 2nd, 1861, Fanny was born just five months after the accidental death of her father, while assisting at a log barn raising some miles from his home.

At the age of twenty-one she was married, in 1882, to Mr. John Johnston, a prosperous farmer living at Wareham, Osprey township, where they made their home until twenty-five years ago, when they left the farm to live a retired life in Dundalk.

Mrs. Johnston was always an active church and Sunday School worker, especially during her younger days. Her interest was manifest more in the music of the church and was intensely interested in the welfare of the choir, of which she was a member during prartically all her life. A third attack of a stroke she was unable to combat and she died at 9 o'clock on the evening of April 30th, after less than two weeks' illness and was buried beside her husband (who predeceased her eight years ago) in the cemetery at Flesherton on Saturday, May 2nd, 1931.

She leaves to mourn her loss her daughter, Ena; three brothers, Dr. Thomas Henderson, Dr. R. H. Henderson and Samuel Henderson, all of Toronto, and a sister, Mrs. John Paul, of Feversham. The Rev. E. Baker officiated, assisted by Rev. W. J. Scott of Flesherton and Rev. M. F. Oldham of Dundalk.

Miss Tena Henderson, her niece, was her devoted and constant companion all through her last illness.

Beautiful floral tributes were received from: daughter, Ena; Tena Henderson, niece; Dr. Thos. Henderson Dr. R. H. Henderson, Samuel Henderson, brothers, of Toronto; Mrs John Paul, sister, Feversham; Dr. E. Paul, nephew, Toronto; Dr. E. C. Murray, nephew, Flesherton; Shirley Murray, niece, Toronto; Mrs. J. W. Henderson, sister-in-law, Hanover; Walter Hawes, friend, Dundalk; Ladies 'Aid and the choir, United Church, Dundalk; Bell Telephone Co. staff(Dundalk, and Mrs. Agnes Henderson White of Waubaushene.

Pallbearers were: Geo. Hood, Ed. Patton, Jim Russell, Sam Arnott, Alf. Harrison, Will Anderson.

Flower bearers were: Elwin Hood, Jim McDowell, Fred McDewell, Roy Livermore.

Visitors from a distance were: from Collingwood, Mrs. Mary Henderson, Mr. and Mrs. Don Fletcher, Mr. John Fletcher, Miss Sarah McIntyre, Mr. and Mrs. Jim Fletcher; Mrs. Howard Johnston, Weston; Mrs. Mary Watson Laskay; Mr. and Mrs. Fred Echlin, Mrs. Lou Bowes, Thornhill; Mr. and Mrs. N. Battershy, Stratford; from Toronto, Dr. and Mrs. Thos. Henderson, Dr. and Mrs. R. H. Henderson, Mr. and Mrs. Samuel Henderson, Misses Gladys and Aileen Henderson, Dr. Fred Murray and son, Jim, Miss Shirley Murray and Dr. and Mrs. E. W. Paul; Jas. Cornfield, Primrose.

Dundalk Boy Won Contest

The Flesherton High School was alive with interest on Saturday afternoon last when Miss MacPhail's oratory contest took place, when Flesherton's high school principal, Mr. Stewart Thibadeau, occupied the Flesherton's high school principal Mr. Stewart Thibadeau, occupied the chair. Prof. McLean of the Ontario Agricultural college acted as judge. Students from Hanover, Dundalk, Holstein and Flesherton high schools, and Chatsworth and Priceville combination school's competed.

The winner of first place was James Palmer of Dundalk high school, while second prize went to Miss Alice Heard of Flesherton high school. The subject chosen by both was "A county health unit in Grey." Third place was taken by Alex Sims of Holstein, fourth by Victor Shouldice of Chatsworth, and fifth by Margaret Duncan of Chatsworth.

The prizes were substantial, and as lows: First, $40; 2nd $25; 3rd, $15; 4th $10; 5th $5.

CARE OF BABY CHICKS

Fresh clean water is of vital importance for baby chicks. It constitutes more than one-half of the chicks body and in addition it helps to soften and digest the food, plus assisting in the carrying of waste out of the system. For the first week the chicks should receive luke-warm water.

It is generally dangerous to put any disinfectant in the drinking water. Some may poison the chicks, while others do not go so well with the feed. Clean lukewarm water given in clean drinking fountains is by far the safest. Make it a point to thoroughly clean the drinking vessels once a day, and if convenient, scald them.

If not using a wire floor in the brooderhouse, it is best to put the drinking fountains on a paltform with a wire cloth top. This will keep the chicks away from the wet litter, brought about by the water they spill. The litter around the drinking fountains offers a wonderful chance for infection of coccidiosis and kindred diseases.

Baptist Special Services

Anniversary services were held in the Baptist Church on Sunday, May 3rd. Rev. C. H. Schutt, Home Mission Superintendent, was the special speaker for the day. In the morning he spoke to a large congregation from the text; "The Seven Golden Candlesticks." There was special music by the choir. In the evening the church was nicely filled. We were glad to have with us the sister United Church, who withdrew their evening service for the occasion. Rev. W. J. Scott of the United Church read the lesson and led in prayer. The choir sang "The King's Business" and Jean Wolstencroft favoured us with a violin selection, "Melody in F" by Rubenstein which was greatly enjoyed. Rev. C. H. Schutt preached from the text "Daniel purposed in his heart," giving a fine discourse in which he sought to impress upon the minds of both young and old the necessity of being faithful to God.

On Monday evening Mr. Schutt gave a very interesting lecture on a trip to the Holy Land, illustrated by lantern slides. This lecture proved to be instructive, humorous and entertaining. A large number were present. Mr. Schutt's visit on this occasion will be long remembered.

IN PLANTING GRASS

The fine seeds of grasses and legumes require a firm soil that is fine in tilth, and moist. They are very small in size and if seeded too deeply will produce plants which either lack in vigor when they emerge above the ground, or are completely smothered. The soil should be firm so that the seed will not be buried too deeply and so that moisture will be near the surface to facilitate the germination of the small seeds before the nurse crop becomes sufficiently well established to smother the small seedlings.
