# A BALD-HEADED WOMAN

**Shorn of Her Crown of Beauty, Loses in Love and Marriage.**

Hair is certainly most necessary to woman. Who could love and marry a bald-headed woman? What charms could one array to offset such a disfigurement?

A woman's goal is usually love and marriage. Her crowning glory is her hair. The loss of her hair mars her beauty, happiness and success. Yet, right here in Kingston, there are thousands of women who are neglecting or injuring their hair to such an extent that it is only a matter of time when it will be utterly ruined.

Many women destroy the beauty of their hair through thoughtlessness or ignorance of certain facts. They use curling irons over-heated, or to excess, which destroys the natural oil of the hair, causing it to split, break, and come out. They do not shampoo their hair often enough, or too often. They use soaps or preparations which contain ingredients positively harmful to the scalp and hair.

As a result of such treatment, dandruff is created, the hair loosens, loses color, falls out, and baldness commences, unless proper and prompt precautions are taken in time. Then again, microbes and certain diseases bring about unhealthy scalp and hair conditions.

Almost any woman may rid herself of dandruff and diseased scalp and hair if she will but use the right remedy. We have that remedy, and we will positively guarantee that it will either cure dandruff and baldness or it will not cost the user anything.

That's a pretty broad statement, but we will back it and prove it with our own money. We will return your money if you do not find that Rexall "93" Hair Tonic is an entirely satisfactory remedy that will promote hair growth and overcome scalp and hair troubles; that it will grow hair even on bald heads, unless all life in the hair roots has been extinguished, the follicles closed, and the scalp is glazed and shiny. It gets its name from the fact that it grew hair in 93 out of 100 cases, where it received a thoroughly hard, impartial and practical test.

We want you to try Rexall "93" Hair Tonic at our risk. You surely cannot lose anything by doing so, while you have everything to gain. You had better think this over, and then come in and see us about this offer. You will be well repaid for your visit to our store. Remember, you can get Rexall Remedies in this community only at our store.—The Rexall store, G. W. Mahood.

The house was tastefully decorated with evergreens and asters. At eight o'clock the bride, who was given away by her father, entered the room and took her place beneath an arch of evergreens and lilies. She looked charming in a white embroidered dress trimmed with lace and wearing the ceremonial veil and orange blossoms. She carried a shower bouquet of white roses. The ceremony was performed by Rev. Mr. Hannah. Mrs. F. Ferguson, Inverary, played the wedding march. The little flower girls, Frederika Ferguson and Isobel Forsythe, were daintily dressed in white silk, and each carried a basket of chrysanthemums.

After the usual congratulations the guests, numbering about ninety, sat down to a sumptuous repast. Toasts were proposed by Lieut.-Col. Ferguson and were ably responded to by the groom, the bride's father, Rev. Mr. Hannah, Rev. C. Lloyd and Dr. A. E. Freeman.

The popularity of the young couple was shown by the fine array of wedding gifts. The groom's gift to the bride was a handsome pearl necklace, and to each of the flower girls a gold locket and chain. The gift of the bride's parents was $500 in gold. The happy young couple left for New York on Thursday morning amid showers of rice and confetti. The bride travelled in a blue corded silk gown, with hat to match, and a long seal coat. Rev. Mr. and Mrs. Dobbie will reside at Three Mile Bay, N.Y., where he has been stationed for some time past.

### A Comedy of Corn.

"Say, you know how fastidious Briggs is?" said the man.

"Yes."

"Well, he gets wild whenever the Maryland girl, she's his fiancee, eats corn off the cob. She found out how he felt about it, and the other evening at dinner at the club she tried to cut the corn from the cob. Briggs noticed this and smiled approvingly, but just then her knife slipped, the cob popped nimbly on to Brigg's shirt bosom, the plate skidded, the gravy bowl went over, and all the cut-off kernels showered themselves dangerously near the gorgeous corsage of that very stout Mrs. Singleton Mink."

"And what did Briggs do?"

"Say, Briggs was game. He called the waiter, handed him the cob, and said: "Francois, this corn popped from the plate just now. I didn't order popcorn. Bring the other sort, Francois, and make it cobless, please!"

Obliged to Quit Business

**So Dreadful Was the Suffering From Itching Piles.**

**After Twenty Years of Pile Torture Relief and Cure Came With**

Dr. Chase's Ointment

You take no risk and you make no experiment when you use Dr. Chase's Ointment for piles. Many doctors still cling to the idea that nothing but an operation will effect a cure. But operations are expensive and dangerous, and often fail in their results. Some have been cured by Dr. Chase's Ointment after operations had failed.

Dr. Chase's Ointment truly has a wonderful record as a cure for piles and all itching skin diseases. Here is a case which was reported recently:

Mr. John P. Marshall, 14 Barnes Road, St. John, Nfld., writes: "For upwards of twenty years I was troubled terribly with itching piles; at times so bad that I was obliged to lay up, unable to attend to business.

"I tried many treatments without benefit, until I accidentally read of Dr. Chase's Ointment, and found at last a cure by using this ointment. I only used one box and part of a second one when I was completely cured, and have had no return of the piles. That was eighteen months ago, and, needless to say, I attribute this cure to Dr. Chase's Invaluable Ointment."

Many sufferers from piles have tried so many scores of treatments that they cannot believe that cure is possible. In order to convince the skeptical we are always willing to send a sample box free to anyone who encloses a two-cent stamp to pay postage.
