PORTLAW

A most distressing accident occurred on Saturday forenoon last, whereby Mrs. J. H. Walker was so seriously injured that she is now a patient at the Markdale hospital. She was assisting her husband in removing their car from the barn when in some unaccountable way the car suddenly started backward, striking and knocking her down. She was at once rushed to the hospital where x-ray plates revealed that one leg was badly fractured just below the knee and the other severely bruised. She is receiving skilful treatment, which we all earnestly hope will have the very best results.

The news of the death of Mr. Abe. McMaster which occured in Toronto recently came as a shock to his friends of this part. Deceased had been ill for two years, and receiving treatment in Toronto. He was born and spent the greater part of his life on the third line Osprey. Of late years he has been prospecting in the north. He was unmarried. Tuesday of last week was a real letter day for this district when the annual convention of Artemesia, Flesherton and Markdale Religious Educational Council met in Mount Zion church. There was a good representation of the Sunday Schools present. Afternoon and evening sessions were held at which the Pres., Rev. Mr. Bartlett of Priceville presided. After devotional exercises led by the president, the order of the program included addresses of welcome, the president's report, reports of department superintendents, roll call, secretary's report, singing, appointment of nominating and business committees, address by Rev. H. S. Warren of Markdale,, tests of success in Sunday School work, address by Rev. R. R. Elliott, Provincial representation and round table conference led by Rev. E. Elliott. In the evening after song service and devotional exercises, led by Rev. A. M. Pope, reports from nominating and resolutions committees were received and dealt with. New officers were installed by the Provincial representative, music by the choir, excellent addresses by Rev.'s Bartlett and Elliott will long be remembered. Among other resolutions passed were expressions of appreciation of addresses of the reverend gentlemen, and to the ladies of Mount Zion church for the delicious supper so generously provided. Rev. Never..

pass a car on a hill... or curve

Experienced drivers of motor cars have learned that there is one rule of the road which cannot be violated without danger to life and limb . . . these seasoned drivers always keep in line when the road ahead is obscured.

Hill tops and curves are blind spots on the highway. You can't see what is coming toward you . . . and there's almost always sure to be another car coming around the curve or over the hill. The one safe rule is to stay on *your* side of the road . . . the *right* side.

Every time you take a chance that the road ahead may be clear, you jeopardize your own safety and the approaching motorist may be made an innocent victim of your carelessness . . . surely a heavy price to pay in conscience and cash.

After all you can observe the "Hill and Curve rule" for a whole season without losing as much as sixty minutes' time all told . . . Why not?
