ASK your General Motors dealer to show you how the Owner Service Policy protects your investment in a General Motors car. This Policy is a definite statement of the service to which the buyer is entitled. Because of its broad provisions, it is an important part of the extra value that you obtain with every General Motors car.

Then too, your dealer can explain how economically General Motors cars may be purchased through GMAC —the low-cost time payment plan.

GENERAL MOTORS CARS HAVE OUTSTANDING VALUE

Population of Canada

The census returns have been completed by the enumerators in a considerable number of municipalities in Canada and have been sent to the commissioner for each riding for checking up purposes as to correctness and when certified to the riding commissioners the returns will be sent to the Dominion Statician at Ottawa for compilation. It is expected the returns as to population will be announced about October 1st.

The increase of population in Canada showed the same for two decades. The greatest gain was when there was a large immigration into the Canadian West from the United States and Europe during the years of Canada's greatest prosperity between 1901 and 1911. The gain by per centage for every ten years since the first census in Confederation year are: from 1871 till 1881, 17%; from 1881 ao 1891, 11%; 1901 to 1911 34% and the last census, 1911 to 1921, 22%. The population of Canada in the first census in Confederation 1921 was 8,788,483 and the estimate in 1930, according to the Dominion Bureau of Statistics from municipal assessors' figures was 9,934,500. If the population of Canada has increased 3% within the past year the present census will be, approximately, 10,220,000 when the figures of 1931 are published.

Rita plans her vacation in a hurry

Evening rates on "Anyone" (station-to-station) calls begin at 7 p.m. (local time). Just give "Long Distance" the number you want — it speeds up the service. If you don't know the distant number, "Information" will look it up for you.

THE BELL TELEPHONE COMPANY OF CANADA — LONG DISTANCE TELEPHONE

Rita had to arrange her vacation trip in a hurry. A sudden turn of events at the office made it a matter of now or never . . . and Rita chose "now".

After seven o'clock that evening (when evening rates over Long Distance were in force) she called her old school chum Helen to ask her suggestion as to the best place to go.

"Wonderful", said the happy voice at the other end of the line after she had explained everything. "We are all going to Seabeach for two weeks tomorrow. Now you will be able to come with us."

And so Rita spent the most enjoyable vacation she ever had, thanks to her call over Long Distance.

And the cost of that call was less than the tip she gave to the colored porter.

The U.F.O. Picnic

Under a scorching hot sun the U. F.O. fifth annual picnic was held in Lever's grove on Wednesday of last week, July 1st. Only a little more than half of last year's crowd was in attendance during the atternoon, but the crowd at night was very good. The suffocating heat and hard times are given credit for the drop in the attendance.

The sports program given in the afternoon was very good. Thornbury and Owen Sound went through the motions of a baseball game and in seven innings the score was tied 7 all. Heathcote won the mixed softball tournament with Varney 2nd, Edge Hill and Onward clubs were also playing. Clarksburg lady orioles won from Dundalk 11 to 7 and Williamsford defeated Singhampton 7-4. In the evening Strathavon won from their old rivals, Holstein, 2-1.

Miss A. C. Macphail, M.P., and F. R. Oliver, M.P.P., delivered addresses in the afternoon, though our lady member was handicapped with a sore throat. T. K. Slack, M.P.P. for Dufferin, presided as chairman in the afternoon. The Tom Hamilton concert troupe of Toronto gave excellent concerts in the afternoon and evening. Swinton Park pipe band supplied the rousing Highland music, both afternoon and evening.

NO GUN LICENSES WILL BE ISSUED UNTIL SEPTEMBER

Warning that no one except farmers will be allowed to carry guns in Ontario during May, June, July and August, has been issued. No reason has been advanced for the new regulation to promiscuous shooting from many quarters. The regulation is far reaching in its effect since it will prohibit expeditions which at this season of the year, are popular. Groundhog shooting, a favorite sport, will be 'taboo.' Farmers will be privileged to carry and discharge firearms. It is stipulated, however, that they may shoot only on their own properties. In view of the new regulations, no gun licenses will be issued until September. All permits expired May 31.

'JIGGS' IN REAL LIFE IS SEEKING RELEASE

John T. See of Paterson, N. J., filed suit for divorce charging that his wife hit him with everything in the house, including the famliy cat.

In addition to hitting him with the cat, dishes, a can of condensed milk and anything she could lay her hands on. He charged that she boasted openly to neighbors that she had John well trained.

Once when he dared to take some money out of his pay envelope to buy groceries, Mrs. See met him in front of the postoffice, he charges, and beat him over the head with an umbrella.

He accuses her further of neglecting their three small children and said she makes a practice of sitting with her feet propped on the sill of a front window and smoking cigarettes.

TALENTS in a napkin

The parable of the talents is familiar to everyone.

The napkin in Biblical times, the stocking of the last generation . . . and to-day, too often, the worthless "security."

Extreme caution on the one hand, foolhardy trustfulness on the other . . . both are financially reprehensible.

To what is your hard-earned money entitled?

Absolute safety, the first essential; and the second, a reliable, steady accretion of interest.

Both essentials are inherent in a savings account at any branch of
