MOFFAT'S VEGETABLE LIFE MEDICINES.—These Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and conducting them with renewed tone and vigour. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the effects of Moffat's Life Pills and Phenix Bitters have been gratefully and publicly acknowledged by the persons benefited, and who were previously unacquainted with the beneficial philosophical principles upon which they are compounded, and upon which they constantly act.
The Life Medicines recommend themselves in diseases of every form and description. Their first operation is to loosen from the roots of the stomach and bowels the various impurities and crudities constantly settling around them, and to remove the hardened mass which collect in the convolutions of the small intestines. Other medicines only partially cleanse them, and leave such collected masses behind as to produce habitual costiveness, with all the train of evils, so well understood, with its imminent dangers. This fact is well known to all regular anatomists, who examine the human bowels after death; and hence the prejudice of some well-informed men against quack medicines, or medicines prepared and heralded to the public by ignorant persons. The second effect of the Life Medicines is to cleanse the kidneys and bladder and by this means the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood which takes its red colour from the agency of the liver and the lungs before it passes into the heart, being purified by them, and nourished by good coursing from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.
Moffat's Vegetable Life Medicines have been thoroughly tested, and proved to be a sovereign remedy for Dyspepsia, Flatulency, palpitation of the Heart, loss of appetite, heartburn and headache, restlessness, ill-temper, anxiety, languor and melancholy, costiveness, diarrhœa, cholera, fevers of all kinds, gravel, worms, asthma and consumption, scurvy, ulcers, intolerable sores, scorbutic eruptions, and complete purity, salt rheum, erysipelas, obstinate colds, and inflammation, and various other complaints which afflict the human frame. In Fevers & Ague, particularly, the Life Medicines have been most successful, so much so, that in the fever and ague districts, physicians almost universally prescribe them. Moffat's Medical Manual, designed as a domestic guide to health. This pamphlet, edited by W. B. Moffat, 375 Broadway, New York, has been published for the purpose of explaining more fully Mr. Moffat's theory of diseases, and will be found highly interesting to persons seeking health. It treats upon the prevalent diseases and the causes thereof, price 25 cents—order sale by Mr. Moffat's agents generally.
The above valuable Medicines are sold by N. PALMER, who, in addition to a very General and Extensive Assortment of Drugs and Medicines, keeps a general and extensive assortment of English and American Fancy and Chemical Stationery, Books, Perfumery, &c. &c. &c.
Kingston, 20th April, 1841.

MOFFAT'S LIFE PILLS AND PHENIX BITTERS.—The perfectly safe, unerring, and successful treatment of almost every species of disease by the use of MOFFAT'S LIFE MEDICINES, is no longer a matter of doubt, as a reference to the experience of many thousand patients will satisfactorily prove. During the present month alone, nearly one hundred cures have come to the knowledge of Mr. Moffat, where the patients had, to all appearance, effected a permanent cure by the exclusive and judicious use of the Life Medicines—some eight or ten of these had been considered beyond all hope by their medical attendants. Such happy results are a source of great pleasure to Mr. M. and inspire him with new courage to recommend the use of his medicines to his fellow creatures.
The LIFE MEDICINES are a purely VEGETABLE preparation. They are mild and pleasant in their operation, and at the same time thoroughly searching upon the secretions of the system—carrying off all accumulations noxious, and assimilating with and purifying the blood. For this reason, in aggravated cases of Dyspepsia, the Life Medicines will give relief in a shorter space of time than any other medicine. Bilious complaints, Sick Headache, Heartburn, Dizziness in the head, Pains in the Back, Flatulency, Loss of appetite, and in short the disorders arising from an impurity of the blood, or disordered state of the stomach, the use of these Medicines has always proved to be beyond doubt, greatly superior to any other mode of treatment.
All Mr. Moffat asks of the public is to be particular in taking them strictly according to the directions. It is not by a newspaper puffing, or by anything that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial. In the vendor an invalid, and does he wish to know whether the Life Medicines will suit his own case? If so, let him call or send to Mr. Moffat's agent in his place, and procure a copy of the Medical Manual, designed as a Domestic Guide to Health, published gratuitously.—He will there find enumerated very many extraordinary cases for cure, and perhaps some exactly similar to his own. Moffat's Medical Office in New York, 375 Broadway.

MOFFAT'S VEGETABLE LIFE PILLS AND PHENIX BITTERS.—The high celebrity which these excellent Medicines have acquired in curing almost every disease to which the human frame is liable, is a matter familiar with almost every intelligent person. They have become known by their fruits—their good works have testified for them—they did not thrive by the fault of the credulous.
In cases of Costiveness, Dyspepsia, Bilious and Liver Affections, Asthma, Piles, Settled Pains, Rheumatism, Fevers and Ague, Obstinate Headaches, Impure State of the Fluids, Urinary Complaints, Diseases of the Skin, Nervous Debility, the Sickness incident to Females in Delicate Health, every kind of weakness of the Digestive Organs, and in all general Derangements of Health, these medicines have invariably proved a certain and speedy remedy. They restore vigorous health to the most exhausted constitutions. A single trial will prove the Life Pills and Phenix Bitters beyond the reach of competition, in their stimulous of every patient.
☞ The Life Pills are sold in boxes—Price, 25 cents, 50 cents, and $1 each, according to the size; and the Phenix Bitters in bottles, at $1 and $2 each, with full directions.
Prepared and sold, wholesale and retail, at WM. B. MOFFAT'S Medical Office, 375 Broadway, New York.
N. B. None are genuine unless they have the fac-simile of John Moffat's signature.

DOCTOR JAYNE'S FAMILY MEDICINES. These Medicines are recommended and extensively used by the most intelligent persons in the United States, by numerous professors and presidents of Colleges, Physicians of the Army and Navy and on Hospitals and Almshouses, and by more than three hundred Clergymen of various denominations.
They are expressly prepared for family use, and have acquired an unprecedented popularity throughout the United States, and they are admirably calculated to preserve health and cure disease, no family should ever be without them.
The proprietor of these valuable preparations received his education at one of the best Medical Colleges in the United States, and has had fifteen years experience in an extensive and diversified practice, by which he has had ample opportunities of acquiring a practical knowledge of diseases, and of the remedies best calculated to remove them.
The preparations consist of
JAYNE'S EXPECTORANT, a valuable remedy for coughs, colds, consumption, asthma, spitting of blood, croup, hooping cough, bronchitis, pleurisy and inflammations of the lungs or throat, difficulty of breathing, and all diseases of the Pulmonary Organs. Price $1.
Also—JAYNE'S HAIR TONIC, for the preservation, growth and beauty of the Hair, and which will positively bring out hair on bald heads, and prevent its falling off or turning grey. Price $1.
JAYNE'S TONIC VERMIFUGE, a pleasant, safe and certain preparation for the removal of worms, dyspepsia, sour stomach, fever and ague, want of appetite, and all diseases of debility, especially of the stomach and bowels, and organs of digestion. Price 50 cts.
JAYNE'S SCAR MINATIVE BALSAM, a certain cure for bowel and summer complaints, diarrhœa, dysentery, cholic, cramps, sick headache, sour stomach, obstructed bowels, and all derangement of the stomach and bowels, nervous affections, &c. Price 50 cts.
JAYNE'S SANATIVE PILLS, for female diseases, liver complaints, costiveness, fevers, inflammations, obstructions, diseases of the skin, &c., and in all cases where an appointed Alterative or Purgative medicine is required. Price 25 cts.
Prepared only by Dr. D. JAYNE, No. 20, South 3d street, Philadelphia, and may be had of E. M. LUFF, General agent, Sackets Harbor, and Wm. Mackintosh, Chronicle & Gazette Office, Kingston, Canada.

DR. JAYNE'S EXPECTORANT.—This invaluable Medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have ever tried it for Asthma, Cough, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Chronic, Pleurisy, Hoarseness, pain and soreness of the breast, difficulty of Breathing, and every other disease of the Lungs and Breast, can and do attest to its wonderful virtues. Bronchitis, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of consumption, is always cured by it. The usual symptoms of this disease (Bronchitis) are cough, soreness of the lungs or throat, hoarseness, difficulty of breathing, Asthma, Hectic Fever, a spitting up of Phlegm or matter, and sometimes blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels which are spread in every part of the lungs. This Expectorant immediately suppresses the cough, pain, inflammation, fever, and difficulty of breathing, and produces a free and easy expectoration, and a cure is soon effected.
It always cures Asthma—two or three large doses will cure the Croup or Hives of Children, in from 15 minutes to an hour—it immediately subdues the violence of Whooping Cough, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with "Consumption," have been restored to perfect health by it.
Rev. Jonathan Going, D. D. President of Granville College, Ohio, says—"he was labouring under a severe cough, tight on the breast, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this expectorant."——Mrs. Dilkee, of Salem, N. J., was cured of Asthma, of twenty years standing, by using two bottles of this medicine;——Mrs. Weed, street Salem, was cured of her complaint by using two bottles of it—she recommends it to her friends to use for gun shot Consumption, and is perfectly restored by three bottles.——Dr. Hamilton, of St. James, South Carolina, was greatly affected by a cough, hoarseness, and soreness of the lungs, and on using a bottle of this medicine, found permanent relief.
The following certificate is from a practising Physician, and a much respected clergyman of the Methodist Society, dated Modest Town, Va. August 27, 1838.
Dr. Jayne—Dear Sir—I have been using your Expectorant, extensively, in my practice, for the last three months, and for all attacks of colds, inflammation of the lungs, consumption, asthma, pain, and weakness in the breast, it is decidedly the best medicine I have ever tried.
Very respectfully yours,
R. W. WILLIAMS, M. D.
Numerous other certificates might be added, but the above are considered sufficient evidence of its great usefulness.
Prepared only by D. Jayne, No. 20, South Third Street, Philadelphia. Price $1.
For sale by E. M. LUFF, General Agent, Sackets Harbor, and by WM. MACKINTOSH, Chronicle & Gazette Office, Kingston, Canada.

HOOPING COUGH—To Parents.—JAYNE'S EXPECTORANT is, without exception, the most valuable preparation in use. It converts Hooping Cough into a mild and tractable disease, and shortens its duration more than one half, and produces a certain and speedy recovery. From half to one tea spoonful, will certainly cure Croup in infant and young children in half an hour in an hour—The lives of hundreds of children will be saved annually, by always keeping it on hand ready for every emergency. For sale at No. 20 South 3d street, Philadelphia, and also by Wm. Mackintosh, Chronicle & Gazette Office, Kingston, Canada.

WORMS, WORMS, WORMS.—To remove these troublesome and dangerous inhabitants of the stomach and bowels, which so often impair the health and destroy the lives of children, use Dr. JAYNE'S TONIC VERMIFUGE, a certain and safe preparation for the removal of the various kinds of Worms, Dyspepsia, sour Stomach, want of Appetite, infantile Fever and Ague, and debility of the stomach and bowels and organs of digestion.
For sale by Wm. Mackintosh, Chronicle & Gazette Office, Kingston, Canada.

NEWSPAPER AGENCY IN LIVERPOOL.
Charles Willmer,
No. 9 Saint Vincent Street, Liverpool,
BEGS to announce to persons residing in the United States, Canada and Nova Scotia, that he has entered into arrangements that will enable him to supply them with British Newspapers, Magazines, periodicals, and Books, on much more advantageous terms than they have hitherto been able to procure them.
The establishment of the Great line of Steam Ships, running between Liverpool, and Halifax and Boston, has rendered the communication between the old and new country so frequent and rapid, that an increased desire for English Newspapers and Magazines has been produced, which has rendered the establishment of a newspaper agency in Liverpool, devoted entirely to American business, absolutely necessary.
The very great advantage of persons in America receiving their English Newspapers, Magazines, and Books, from an establishment devoted entirely to their interests, will appear to every one sufficiently obvious, the prompt[illegible] being the[illegible] attention to that quarter, instead of having it divided among the five divisions of the globe, and being thereby enabled to avail himself of opportunities not enjoyed by others.
The experience which C. W. has had in the Newspaper business, (particularly in the American trade,) justifies him in saying that he can compete with any establishment hitherto existing in Europe, and he assures those who may be pleased to favor him with their orders, that no exertion on his part shall be wanting to merit that confidence which it is his ambition to possess.
The arrangements completed by C. W. will enable him to forward the *very latest editions* of all the London, Liverpool, England Provincial, Welsh, Irish, and Wesleyan Books, &c. &c. &c., by the Halifax line of Steamers, by those from Bristol, or any other British port; and by the New York and Liverpool line of Packet Ships, when there is any probability of their reaching the United States in advance of any Steamer.
American Advertisements received for insertion in any of the Newspapers or Magazines published in England, Ireland, Scotland, or Wales.
Magazines, Periodicals and Books are all charged at the publication prices.
The London Daily papers are charged at £2 2 0 per annum. The Weekly papers published at 5s. £1 5 10 per annum; those published at 6d. £1 9 2, and so on in the same proportion.
Provincial papers published in England, Ireland, Scotland, or Wales:—Once a week, £1 3 10, twice a week, £2 7 5, thrice a week, £3 11 5 per annum.
Bill lists of prices may be had on application at Topliff's News Room, Boston, at Gilpin's Merchants' Exchange, and Hale's News Room, New York, and at Keefer's Exchange News Room, Halifax, N. S.
N. B. No order will be attended to unless it is accompanied by a remittance, or reference for payment three months in advance, on some Liverpool or London house.

CALEDONIA WATER.
THE Subscriber has made arrangements, by which the Public may be furnished with the above, at a reduced price. Its valuable properties have been very extensively tested by the numerous visitors at the Springs, many of whom have testified in the most grateful manner, the sense of benefit derived from a use of the Water. The analysis by Dr. Chilton places beyond a doubt its value in various Chronic Diseases. A very frequent cause of failure, is discontinuing the use of a remedy; this, so far as regards the Caledonia Spring Water, will it is hoped, be abated by the reduction in price. The price will be, Boxes of three dozen, $5; of one dozen, 8s. 9d.; without the Box 8s. Parties sending their own Bottles, will be furnished at 6s. per dozen.

THE BURNING OF THE TROPHIES IN THE TOWER.

Grey Fortress of the royal Thames, dark pile of old renown,
So the red wing of the flame hath struck thy proudest glories down.
Age, mourn! beneath your crumbling walls and blacken'd ashes lie
Spoils of a thousand years of fame, of matchless victory!
Magnificent the wealth that flash'd within thine arches old,
Beyond the wildest dreams of night in earthly story told.
No spoils, like thine, the triumph graced, when Gaul or Roman hurl'd
His storm of fury war abroad, stern trampler of the world!
Thine was an atmosphere of fame—beneath each trophied arch,
A world of phantoms floated by in slow and stately march;
Brave visions mock'd the dreamer's eye—white plumes and jewell'd crown—
Kings—warlike women—soldier—priest—high shape of past renown.
A thousand years their tokens brought of high and gallant deed,
The battle-axe of Hastings' strife—the shield of Runnimede.—
Bright arms that told of Syrian sands, where Paynim sword and targe
Went down 'neath the steel of the *Lion Heart* and his English warriors' charge!
There were spoils that spoke of Cressy's tale, of the bold Black champion's might,
Of the charging-shout of Agincourt, "St. George for England's right!"
Old Tilbury, and our warrior-Queen, with all her mail-clad train,
And the red cross on the Channel-seas 'mid the flying barks of Spain.
And Blenheim's thrilling tale was told,—red Minden's battle-shock,—
And *Wolfe*, in victory's splendour fall'n, on the far Canadian rock:
Each noble deed, by field or wave, where our conquering banner flew,
To the crowning strife of Trafalgar, of deadly Waterloo.
All, all, lie crush'd and buried 'mid those blacken'd walls of thine,
[illegible] shrine.
But noble trophies yet are ours no earthly flame can mar,
Light to outstretch the blaze of arms, the victor's fiery star.
Where may those deathless memories rest?—Ask of broad earth to name
The debt that man to Britain owes,—the tribute to her fame.
She'll tell of floods of Christian light on nations pour'd abroad,
Of myriads snatch'd from sin and death, of altars rear'd to God.
Of the *Church upon the Holy Hills*,—the Apostolic shrine.
Brave rampart of the faith that clings to truth's eternal line,
With blood of Saint and Martyr bright,—by God's rich grace upborne,
To crush the atheist in his pride, the sceptic's hollow scorn.
Ask of the infant or the sage,—search the far wilds of earth,
From tropic sand to polar snow—from king to peasant's hearth,—
And where *Improvement's* step is seen, where Christians join in pray'r,
The Spirit of our Lord is felt,—the hand of Britain's there!
Gaze on each happy scene that smiles along her cultur'd plains,
Where "silent fingers heavenward point," the spires of village fanes,
Look east, look west, and feel where'er her Christian banner floats,
There man's rude nature upward strives, there breathe religion's notes.
Britain! a glorious treasure's thine that mocks at storm and flame,
Far o'er thy blaze of martial deeds, thy holy *Christian name*,
Bright lamp to flash its light o'er earth, on time's last wave upborne,—
Quenched,—when the Trumpet-Voice from Heaven proclaims Man's Judgment Morn!

DEAF UNCLE JEFFERY AND THE LITTLE OLD MAID.

BY ABBOT LEE.

NEVER was such a commotion known in the annals of domestic mappery and broomery and scrubbery and dustery. All good house-wives know how to turn a house upside down, and the dwelling into which we are about to introduce our readers was just in this agreeable predicament. The curtains were down and the carpets were up; the fires were out and the sweeps were in; the floors were wet and the cisterns were dry; every thing was out of its place in the endeavor to put every thing into it; and the whole household was in disorder while being put in order; and all because an old uncle was coming.

All the little and the great Pokenhams were mustered, and marshalled, and drilled. Mrs. Pokenham took upon herself the office of drill-serjeant.

"Now girls, no quarreling, no contradiction, no huffing, no scowling, no scuffling—your old uncle's coming. Now, boys, no fighting, and frolicking, and game-making—mind and put the best side out, and behave decently—your old uncle's coming.—And now, where's Fanny Carr? She is always out of the way when she ought to be in it, and in it when she ought to be out of it. Can't any of you find Fanny Carr? I want to give her some hints and orders, because my old uncle's coming."

A little, plain, under-sized old maid, somewhere about four feet four inches and a half in height, about six stone six pounds six ounces in weight, and a complexion something between saffron and stone-blue, and dressed in a garb of forgotten date, was presently poked out of a corner by the young Pokenhams.

"Fanny Carr," said Mrs. Pokenham, "have you done those few trifling things that I desired? Have you seen fresh linen put upon the best
