For $200 . . .
Can you equal this?

For $200 invested yearly, a young man can capitalize his youthful vigour and effectively prepare for life's contingencies through the Sun Life Assurance Company of Canada.

3 GREAT BENEFITS

1. NOW—$10,000 Immediate Protection

and

2. IN A FEW YEARS— $10,000 in Paid-up Assurance, earning Dividends.

or

3. AT MIDDLE LIFE— $10,000 in Cash.

He can secure for his dependants immediate protection of $10,000, increased yearly thereafter by accumulating dividends. This $10,000 estate is created instantly by the first payment. The assured thereby obtains maximum protection for his family at minimum cost at a time when protection is the greatest need.

In a few years he may stop paying, take a paid-up policy for $10,000, and thereafter receive regular dividends until his death when the full capital sum of $10,000 is still payable to his dependants.

By middle life (if he has not selected the last-mentioned plan) his policy will mature as an endowment for $10,000, returning to him a sum far in excess of the total premiums paid. This investment settlement comes at a time when personal and family maintenance have become more important than protection.

The above policy, like all Sun Life policies, can on maturity be paid in monthly instalments over a period of years, instead of in a lump sum.

SUN LIFE ASSURANCE COMPANY OF CANADA

HEAD OFFICE MONTREAL

SUN LIFE ASSURANCE COMPANY OF CANADA, Montreal, Canada.

I am interested in your $200 yearly assurance plan. Without obligation on my part, please send me particulars as outlined in your advertisement in .....
(Name of paper)

Name (Mr., Mrs. or Miss).....

Address (Street).....(City).....

Local and Personal

Mr. Harold Best is in Toronto this week.

Master Ted McTavish spent the past week at St. Paul.

Miss Marion Shaw of Lions Head is attending Flesherton high school.

Mrs. F. W. Duncan and two children spent the past week in Toronto.

Mrs. Wm. Miller and daughter, Marian, of Meaford were in town over the week end.

Mr. and Mrs. Andrew Gilchrist visited for a few days last week with relatives at Caledon East.

Mr. Chas. Hopper of Toronto was in town on Monday and gave The Advance man a pleasant call.

Mrs. Emerson Adams and daughter, Jean, visited last week with the former's sister, Mrs. Dave Adams.

Mrs. H. Milligan has returned to her home at Drayton after spending a week with her father, Mr. John Nuhn, here.

Mr. and Mrs. G. B. Welton and son, Jack, were on a camping trip to North Bay during the past few days.

Rev. and Mrs. Wm. Mathewson and two children of Chesley called on Mr. and Mrs. Stewart Thibaudeau last week.

Mrs. R. W. Shaw and two sons, Willard and Allan, of Lions Head and Miss Evelyn Mulholland of Hamilton were in town on Tuesday.

Mrs. Fred Sheppard and Mr. and Mrs. Ross Sheppard and babe of Toronto were week end visitors with Mr. and Mrs. R. Bentham.

Mr. Jas. Caushier Jr. and lady friend, Miss Ethel Witmer, of Hagerstown, Maryland, are visiting with Mr. and Mrs. Robt. Alexander and family.

Mr. and Mrs. Alex. Colburn and son, Mr. and Mrs. F. N. Leader of London spent the week end with Mr. and Mrs. T. J. Fisher of town and Mr. T. H. Paton and family, 4th line.

A special meeting of East Grey County Orange Lodge will be held in Markdale on Monday evening, September 14 at 8 o'clock p.m. A full representation from each lodge in the County is urged.

Mr. Harold Thompson of Orangeville, a former Flesherton high school student, was in town on Monday and informs us that he expects to attend Normal School this fall.

Pete, of Goderich were week end vistors with Mr. and Mrs. Mark Wilson.

Master Jimmie McGeoch of London visited last week with his cousin, Leo Patton, 4th line, Artemesia.

Rev. Robt. Paton and sister, Miss Mary Paton, were in town on Saturday. Miss Mary has finished her nursing course at Owen Sound hospital and is at present with her brother at Roseneath, Ont.

Chester Long New Clerk of Osprey

Mr. Chester Long of Osprey township was appointed to the office of Clerk for the township at the regular meeting of the Council at Feversham on Saturday. Mr. Long succeeds Mr. Harry Burke, who served for six years in that capacity. He is well qualified for the position and will no doubt give real satisfaction to his native township. Mr. Burke accepted a position as organizer with the Canadian Order of Foresters and is leaving at once for his new position.

BORN

McTAVISH — In Durham hospital on Thursday, August 27th, 1931, to Mr. and Mrs. Cecil S. McTavish, a son, Daniel Purvis.

WEEKLY CROP REPORT

Harvesting throughout Ontario is practically completed and fair yields have been reported through the greater part of the province, although yields of oats and barley are not of as good quality as last year. Throughout the eastern portion of the province it has been very dry and there has been a decided falling off of milk, butter and cheese. Eggs are becoming scarce and the price is advancing. Hogs and lambs are taking a decided slump in price. Alfalfa and red clover seed threshing has been in progress and very fair yields reported. Prices for all farm produce are exceptionally low.

ENGAGEMENT

Mr. and Mrs. John Wickens of Kimberley announce the engagement of their daughter, Gladys Tillie, to Mr. Royden M. McDonald of Durham, the marriage to take place early in October.

Paving Nearing Finish

Paving operations on the road south of town have progressed favorably the past week and the twenty foot roadway has been laid from the corner at Geo. Best's to the top of the hill in front of R. Bentham's farm. The King Paving Company is also busy at present laying the cement sidewalks where needed after the paving was finished. Work on the surfacing of the retaining wall on Collingwood street is progressing fast and will be a decided improvement in the appearance of this street.

A strange story of juvenile depravity comes from Goderich where three youths were charged with having poured gasoline over a live cat and with then having set fire to it.

Soybean Demonstration In Euphrasia Township

One of the most interesting new plants being grown in Grey County is Soybeans. This last spring the Department of Field Husbandry, O.A.C., Guelph, sent a couple of bushels to Mr. J. H. Menary Jr. on the 11th concession of Euphrasia.

This crop has been cut for hay while the other is being left for seed production. It can be seen by the farmers, who might be interested, at Mr. Menary's home.

Soybeans can be used for forage crop or seed production. The hay is a rich legume feed like alfalfa. The seed is very high in protein. It is almost equal to cotton seed, therefore, is an exceptionally good crop to feed to growing animals. Mr. Menary would be delighted, indeed, to show interested farmers this practical experiment.

The Grey County branch of the Department of Agriculture, which was instrumental in securing this seed, would be glad to have as many Grey County farmers as possible visit the plot.

Fair Grants To Be Cut

Hon. Thomas L. Kennedy is serving an ultimatum upon Fall Fair Associations in Ontario that unless thy discontinue their practice of looking chiefly to Queen's Park for financial assistance, the usual Government grants will not be forthcoming in 1932. He is convinced that many fairs show too little pride in themselves, that they would sooner ask the Government for help than their own municipalities. Consequently he is taking steps to alter that attitude. This year the usual grants will be made, but next year the Government will give a fair no more money than the fair's municipality gives. On the present basis of contribution, several fairs at least would have to suspend operations. The Government contributes between $80,000 and $100,000 a season in supporting these fairs. Under the new policy a considerable part of the expenditure will be saved, which is in line with the general policy of entrenchment in the department.

LENGTHY TRIP FOR ONE DAY

On a recent Sunday Mr. and Mrs. Frank Dowling, Eris Dowling and Gerald Whiteside took a trip that is probably a record one so far as Alliston tourists are concerned. Leaving Alliston at six o'clock in the morning their car was headed for Windsor, which place was reached before the noon hour. Going over to Detroit by way of the tunnel under the Detroit river these four Allistonians spent some hours in the Michigan city and coming back to Windsor drove all over that city and environs. Before starting on the return trip a call was made on some friends in the Canadian border city. Alliston was reached before midnight, the entire run having been made without a puncture or car trouble of any kind. The route taken was by way of Orangeville, Fergus, Kitchener, Stratford and London.—Alliston Herald.

Officers Seized Mash

Provincial Police Officer W. A. T. Robinson and Excise Officer G. A. McKenzie, who is relieving at Collingwood, while Mr. Duncan McIntyre, Collector of Revenue, is on holidays, visited Singhampton and the premises of James Bremner, on Tuesday. At the latter place they seized a keg of mash, said to the suitable for the manufacture of spirits. This mash, as far as could be seen, contained prunes, oranges, lemons, and raisins. There were numerous beer bottles, a batch of home brew beer and rhubarb wine in process. A prosecution may follow. —Collingwood Enterprise.

WE NEED THE HOME MERCHANT

The home-town merchant is the backbone of the community. He tids us over the stress and strain of life and makes it possible for us to have the things we want when we want them. Is he not deserving of the support of his community? Just think how you would get along without your home-town merchant. Without him there would be no home-town.

TRUCKING

Trucking special. All live stock trucked to Union Stock Yards, Toronto, at 40c per 100. Why pay more? All cargoes are insured.

Phone: Flesherton 32 r 13.

Car Smashed Into Two Others On Main Street

Flesherton was the scene of considerable excitement on Wednesday night of last week when two Durham men, Allan MacGillivray and William Darby, both intoxicated, smashed into two cars parked at the side of the street, after they lost control of their car. Chief of Police Jos. Field of town placed the men under arrest and Constable Denton of Owen Sound was notifidd, came down and took the men to the Owen Sound jail.

The next morning, Thursday, the men appeared in Police Court and in the absence of Police Magistrate Spereman, who was unable to be present, Chief of Police Carson and the Police Court Clerk, both of whom are Justices of the Peace, presided. Darby pleaded guilty to being intoxicated while in charge of a motor car, while MacGillivray pleaded guilty to having liquor in an illegal place, as there was a considerable quantity of wine in the car when the police placed the men under arrest. They were remanded for sentence until Magistrate Spereman returns to the bench.

The accident, in which the men figured, occurred when they went too fast over the intersection at the main corner, on which is a raised section where a pipe crosses the road. The speed of the car made it bound into the air, wrenched the steering wheel out of the driver's hands and the car swerved, hitting Mr. Thos. Genoe's car, parked in front of F. W. Duncan's hardware store, stripping the running board. From there it careened wildly across the street and ran head on into a car owned by Harry Akins, which was also parked on the street in front of H. Wilson's blacksmith shop, smashing a front wheel. Here it came to rest without any damage to itself and very soon the arm of the law and a huge crowd was on hand. While the affair had an unexpected ending to the pair involved, it created considerable excitement for those who witnessed the melee.

The men came up for sentence on Tuesday morning before Magistrate Spereman. Williac Darby was sentenced to 21 days in jail and his driving and liquor permit cancelled for six months on a charge of reckless driving. His companion, Allan McGillivray, as fined $100 and costs for having liquor illegally.

Some of the census takers want the rest of their pay. People like to buy on the instalment plan, but they don't like getting paid that way.

Reports say 15,000 Doukhobors were thinking of coming to Canada, and it sould be added that Canada was also thinking of not letting them enter.

THE BARGAIN COUNTER

A Brooklyn department store advertised that 10,000 coats and dresses would be placed on sale at $1 each on Monday morning. Five thousand women saw the adv. and came running. Four women were injured. Four plate glass windows were smashed. One ambulance and 20 policemen were called out. Traffic was held up in the vicinity of the store for several hours. Yet there are still some merchants who will say "Advertising doesn't pay, for nobody reads the ads."

Between 300 and 400 old age pensions have been cancelled by the provincial office the first of the year in addition to those struck off owing to deaths, which are taking place at the rate of between 300 and 400 a month. The check-up has shown that the pensioner had $7000 in the bank. Another had $5000, the beneficiaries, husband and wife, receiving the bank interest on the deposit and a full pension for the two of $480 a year. In another instance the recipient was found to have $3000. In each case the pension was cancelled. Several cases have been found where children have received farms from their parents under an agreement to support them for the remainder of their lives. Instead of doing this they applied for old age pensions for their parents and received them. Inspectors, however, searching registry office records, discovered the agreement and had the pensions cancelled.

Gyproc *Says* "KEEP OUT" *to* Fire, Draughts, Rodents

GYPROC Wallboard that *does not burn* is the way of least expense when you desire to make alterations in your home, store, factory or on the farm. Use it for all walls, ceilings and partitions.

Gyproc is made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and ⅜ of an inch thick. It nails and cuts as easily as lumber with a minimum of waste or muss.

Gyproc is fire-resistant, easily and quickly erected, structurally strong and has insulation value. It is draught and vermin-proof as well as fire-safe.

Because it is ivory-coloured, it does not require decoration (when panelled) yet it is also a suitable base for Alabastine, Gyptex or wallpaper.

Consult your nearest dealer to-day. He will gladly supply you with a direction sheet on Gyproc. Or write for the interesting, free booklet, "Building and Remodelling with GYPROC". 373
