CLOVE ANODYNE, TOOTH ACHE DROPS.

AN IMMEDIATE & PERFECT CURE.—Those who have felt the painful throbbing and excruciating pangs of this disease shooting through their jaws with most tormenting perseverence, and, as is often the case, have received but little sympathy from friends on such occasions, will no doubt be much pleased to know of a remedy that will never fail to quiet forever the unmerciful offender.

The Clove Anodyne is the best of all oath ache remedies. It is immediate and certain in its effects, curing the most violent tooth ache or pain in the gums in one minute.

Experience has proved that this anodyne composition will give immediate and permanent relief after the failure of every other remedy; it is pleasant to the taste and smell, will not injure the teeth or gums in any way, and a few applications will entirely remove the pain and soreness from a decayed tooth, so that it may be filled and rendered as useful as ever. When the pain proceeds from the face, or from the gums around a tooth apparently sound, this application will give speedy relief by rubbing a few drops on the part affected.

Disease resisted! Health preserved!!

J. WINER'S CHEMICAL RED DROP, and Universal Family Ointment, for the cure of Scrofula or King's Evil, in all its forms or stages; White Swellings of the Joints; Pains in the Bones; acute and Chronic Inflammations of the Joint, Hip, Knee, &c. &c, Rheumatism and Gout; all hard tumours and afflictions of the Throat and Neck; Scaly, Dry and Moist Tetter; Scurvy; Itch in all its forms; Erysipelas; (no matter where present or of what description) Boils and all hard tumors: (dispersing the inflammation when used before suppuration has commenced, and afterwards limiting the extent of the abscess.) Ringworms, Cancers: Ulcers of every description; Salt Rheum, Scalds and Burns.

The preparation of these remedies was the result of a series of experiments during the last four years with the materials of which it is composed, in the treatment of the above named complaints. In their application, the *form* of the remedies was frequently varied: but not a single case of failure has yet been made known to the proprietor. In two cases the disease returned after five or six months; but speedily disappeared upon the renewed application of the remedies.

The proprietor presents it now to the public, believing that in their present form they will prove a convenient application for any of the above complaints; and can with confidence recommend them to the afflicted with the assurance of a permanent cure to all who persevere in their application, of the most virulent and loathsome diseases to which the body in this life is subject.

It is almost incredible the wonderful cures they have soon effected when all other means had failed. They do not act as a repellant, but imperceptibly draw out the poisonous humors, and renew a healthy action in the diseased parts. The smell is unoffensive, neither will their use injure the most delicate constitution, and may with equal success be applied to infants as well as adults.

They will be found a valuable appendage to the toilet. No family should ever be without them. A single trial will prove their excellence more than volumes written in their praise.

Full directions accompany each box and bottle, for the treatment of all the above diseases. Prepared only and sold by

JAYNE'S LIFE PRESERVATIVE.

AN ALTERATIVE and DEPURATIVE PREPARATION combining all the medicinal virtues of those articles, which long experience has proved to possess the most safe and efficient alterative and Depurative properties, namely, the Compound Spirituous Extract of DANDELION, Lenitive Tartar, Sarsaparilla, Guaiacum, Mezereon, &c. &c., for the cure of SCROFULA, KING'S EVIL, White Swellings, Ulcers, Scrofulous, Cancerous and Indolent Tumours, Rheumatism, Gout, Scurvy, Scrotalgia or Tic-Doulereux, Cancer, Goitre or Bronchocele, (Swelled Neck,) Enlargements of the Bones, Joints or Ligaments, or of the Ovaries, Liver, Spleen, Kidneys, &c. &c. All the various Diseases of the Skin, such as Tetter, Ringworm, Biles, Pimples, Carbuncles, &c. &c. Dropsical Swellings, Constitutional Disorders, and Diseases originating from a depraved or impure state of the Blood or other fluids of the body.

The proprietor of the Life Preservative would most respectfully assure the public that he has not offered this preparation to their notice, without due reflection and close and rigid study, for until after twelve years' experience had manifested its great superiority over every other article of the kind,—and he now recommends it with confidence, fully believing that the above combination of medicine, will effectually eradicate from the system a class of diseases, some of which have heretofore been considered incurable.

He has prescribed it in almost every variety of disease and with unparalleled success, especially in Cutaneous affections, Cancerous, Scrofulous and Scorbutic diseases, and diseases originating from obstruction or enlargement of the Glands or impurity of the Blood.

CANCER and Cancerous Tumors.—He has used this preparation in twenty-one well defined cases of Cancer and Cancerous Tumours, and in every case but one with perfect and entire success.

BRONCHOCELE or Goitre, (swelled neck.)—He has prescribed the Life Preservative in upwards of sixty cases of Goitre and it never failed in a single instance to completely remove the disease. Not a solitary case of failure. ALL WERE CURED.

The success he has met with in curing Bronchocele and Cancerous affections has convinced him, that those dangerous and horrible diseases may be removed with as much certainty as Fever and Ague. He does not wish to be understood as saying that they can be cured as soon as Fever and Ague, but with as much certainty, and further that he has good reason for believing that this preparation will not only cure those diseases when formed, but that it destroys the virus or poisonous principle lurking in the system from which that peculiar class of diseases as well also as that of Scrofula emanate.

SCROFULA—King's Evil.—The Life Preservative has been used in numerous cases of Scrofula, King's Evil, and Scrofulous Swellings, with the most decided success.

SKIN DISEASES.—He has prescribed it in a great variety of Cutaneous affections and found it successful in curing Salt-Rheum, or Tetter, Biles, Blotches, Pimples, Morphew and Jaundiced Skin, &c.

DYSPEPSIA and LIVER COMPLAINT.—It has been used in numerous cases of Liver Complaint and Dyspepsia, and with the happiest effect.

TIC DOLOUREAUX.—It has been used in only three cases of Neuralgia, and in every case it was successful.

RHEUMATISM.—He has not prescribed this preparation in a great many cases of Rheumatism, but in every case where it was used until the system became affected by the Medicine, the disease was removed.

GOUT.—Three cases of Gout have been cured by this preparation. In one of these cases the man had been afflicted with it so severely for thirteen years as to entirely disable him from business and for five months immediately previous to his taking the Life Preservative had been confined to his room, but before he had finished the third bottle, he was enabled to walk about the streets, and soon after returned to business, from which he had so long been debarred by his affliction.

DROPSICAL SWELLINGS.—This medicine increases the powers of digestion excites the absorbents into healthy exercise, by which watery or Calcareous depositions, and all unnatural enlargements are reduced. It imparts tone and vitality to the whole system, removing sick and morbid headaches, giddiness, wandering pains and nervous affections.

In fact in every case where the medicine has been taken for some time, no matter for what purpose, the general health of the patient has always been improved by it.

In conclusion the proprietor would say that some of the most astonishing cases of Cancer, Bronchocele and Scrofula have been cured by this medicine that have ever been recorded, but want of room in this sheet precludes their publication at this time.
