RAMSAY, ARMOUR & CO.

Kingston, November 25, 1846.

RHEUMATISM, GOUT, CONTRACTED CORDS AND MUSCLES, &c.

ARE prevalent and common diseases. The practitioner of greatest skill, if honest, generally shrinks in despair at the prospect of governing and eradicating these diseases. His remedies are generally palliative, and the patient feels happy at any relief from his torments. If his family doctor gives him any hope of a cure, it is at the end of a long course of medicine that is to act upon the system, or at the expense of drawing from the arm his life's blood until, if cured, which is by such means next to impossible, he has not enough of "life left to be worth living for." How important then, that a remedy to check, control, and eradicate Rheumatism and Gout, to strengthen and extend shrivelled and knotty cords and muscles, tell nature and health again has away and control. Such, you may rely, is the effect of the NERVE and BONE LINIMENT, and INDIAN VEGETABLE ELIXER sold by COMSTOCK, & Co., and true only when they have their fac-simile signature on them. This Liniment is truly named as it penetrates every nerve and sinew of the person using it, and it has attained a reputation in curing Rheumatism unequalled by any other article. How happy the discovery that the Elixir Drops taken internally operate specifically, and directly upon the affected parts, while the Liniment rubbed on externally removes all soreness and pain, and renders the patient at once comfortable and happy. A few cases cited below, which are fully witnessed and authenticated, will do more than we can say to convince of the truth of this; but the use of it once will dispel all doubt, and make the sufferer its most efficient friend. It is the duty of such to recommend it to other sufferers. Will you do it?

JAYNE'S LIFE PRESERVATIVE.

AN ALTERATIVE and DEPURATIVE PREPARATION combining all the medicinal virtues of those articles, which long experience has proved to possess the most safe and efficient alterative and Duobstruent properties, namely, the Compound Spirituous Extract of DANDELION, Leoniodon Taraxacum, Sarsaparilla, Guaiacum, Mazereon, &c. &c.; for the cure of SCROFULA, KING'S EVIL, White Swellings, Ulcers, Scrofulous, Cancerous and Indolent Tumours, Rheumatism, Gout, Scurvy, Neuralgia or Tic-Douloureux, Cancer, Goitre or Bronchocel, (Swelled Neck,) Enlargements of the Bones, Joints or Ligaments, or of the Ovaries, Liver, Spleen, Kidneys, &c. &c. All the various Diseases of the Skin, such as Tetter, Ringworm, Biles, Pimples, Carbuncles, &c. &c. Dropsical Swellings, Constitutional Disorders, and Diseases originating from a depraved or impure state of the Blood or other fluids of the body.

The proprietor of the Life Preservative would most respectfully assure the public that he has not offered this preparation to their notice without due reflection and close and rigid study, for until after twelve years' experience has manifested its great superiority over every other article of the kind,—and he now recommends it with confidence, fully believing that the above combination of medicine, will effectually eradicate from the system a class of diseases, some of which have heretofore been considered incurable.

He has prescribed it in almost every variety of disease and with unparalleled success, especially in Cutaneous affections, Cancerous, Scrofulous and Scorbutic diseases, and diseases originating from obstruction or enlargement of the Glands or impurity of the Blood.

CANCER and Cancerous Tumors.—He has used this preparation in twenty-one well defined cases of Cancer and Cancerous Tumours, and in every case but one with perfect and entire success.

BRONCHOCELE or Goitre, (swelled neck.)—He has prescribed the Life Preservative in upwards of sixty cases of Goitre and it never failed in a single instance to completely remove the disease. Not a solitary case of failure. ALL WERE CURED.

The success he has met with in curing Bronchocele and Cancerous affections has convinced him, that those dangerous and horrible diseases may be removed with as much certainty as Fever and Ague. He does not wish to be understood as saying that they can be cured as soon as Fever and Ague, but with as much certainty, and further that he has good reason for believing that this preparation will not only cure those diseases when formed, but that it destroys the virus or poisonous principle lurking in the system from which that peculiar class of diseases as well also as that of Scrofula emanate.

SCROFULA—King's Evil.—The Life Preservative has been used in numerous cases of Scrofula, King's Evil, and Scrofulous Swellings, with the most decided success.

SKIN DISEASES.—He has prescribed it in a great variety of Cutaneous affections and found it successful in curing Salt-Rheum, or Tetter, Biles, Blotches, Pimples, Morphew and Jaundiced Skin, &c.

DYSPEPSIA and LIVER COMPLAINT.—It has been used in numerous cases of Liver Complaint and Dyspepsia, and with the happiest effect.

DOLOUREAUX.—It has been used in only three cases of Neuralgia, and in every case it was successful.

RHEUMATISM.—He has not prescribed this preparation in a great many cases of Rheumatism, but in every case where it was used until the system became affected by the Medicine, the disease was removed.

GOUT.—Three cases of Gout have been cured by this preparation. In one of these cases the man had been afflicted with it so severely for thirteen years as to entirely disable him from business and for five months immediately previous to his taking the Life Preservative had been confined to his room, but before he had finished the third bottle, he was enabled to walk about the streets, and soon after resumed to business, from which he had so long been deprived by his afflictions.

DROPSICAL SWELLINGS.—This medicine increases the powers of digestion excites the absorbents into healthy exercise, by which watery or Calcareous depositions, and all unnatural enlargements are reduced. It imparts tone and vitality to the whole system, removing sick and morbid headaches, giddiness, wandering pains and nervous affections.

A fact in every case where the medicine has been taken for some time, no matter for what purpose, the general health of the patient has always been improved by it.

In conclusion the proprietor would say that some of the most astonishing cases of Cancer, Bronchocele and Scrofula have been cured by the medicine that have ever been recorded, but want of room in this sheet precludes their publication at this time.

ADDRESS TO THE PUBLIC.

THE ARCANUM EXTRACT,

versus

SARSAPARILLA!

THIS MEDICINE has acquired an extended and established celebrity throughout the country, which has been sustained by its virtues and efficacy alone, as a remedy for

SCORFULA or King's Evil,
ULCERATED SORE THROAT,
Long Standing RHEUMATIC Affections,
Diseases of the SKIN, White Swellings,
Diseases of the BONES, all Ulcerous cases,
SYPHILLITIC and Mercurial Diseases,
Affections of the LIVER,
DISPEPSIA,
COSTIVENESS—all Chronic and Nervous complaints, occurring in debilitated and cachectic constitutions,
Diseases caused by an IMPURE state of the BLOOD,

Over SYPHILIS, and those very disagreeable affections resulting therefrom, and which have heretofore been considered incurable, such as Ulcers of the Larynx, Throat, Nose, Nodes, &c.

The Arcanum Extract is a complete antidote to the serious evils produced by the injudicious use of Mercury.

As a Spring and Fall PURIFIER it cannot be surpassed, working its way through the system with a silent and effective force—

Cleansing the BLOOD,
Removing Dispeptic Influences,
Soothing the Nerves,
Removing Internal obstructions and Diseases that would otherwise cause injury to the LIVER and LUNGS.

Persons whose constitutions are broken down by the use of Mercury, Arsenic, Bark of Quinine, and any who are suffering from

DISEASED LIVER,

or an injudicious treatment of any of the above diseases, should use the Arcanum Extract without delay.

In complicated cases of

SCROFULA and SYPHILLIS,

and in cases where the Syphillic virus of the Parent causes a development of Scrofula in the child, this is

THE ONLY REMEDY

upon which a reasonable hope of recovery can be founded.

In numerous instances, also, where ulceration had laid bare both ligament and bone, and where to all appearance, no human means but amputation could have saved life, Patients have been snatched from the grave and restored to health, the devouring disease being completely eradicated by the use of this inestimable Extract.

The Proprietor of the Arcanum Extract has had this Medicine used in all the above diseases with the most gratifying results. In using the Medicine, neither business or pleasure need be interrupted—requiring only the usual restraint of moderation in diet, and is equally applicable and efficacious to the infant as well as the adult.

Disease resisted! Health preserved!!

J. WINER'S CHEMICAL RED DROP, and Universal Family Ointment, for the cure of Scrofula or King's Evil, in all its forms or stages; White Swellings of the Joints; Pains in the Bones; acute and Chronic Inflammations of the Joint, Hip, Knee, &c. &c, Rheumatism and Gout; all hard tumours and afflictions of the Throat and Neck; Scaly, Dry and Moist Tetter; Scurvy; Itch in all its forms; Erysipelas; (no matter where present or of what description) Boils and all hard tumors: (dispersing the inflammation when used before suppuration has commenced, and afterwards limiting the extent of the abscess,) Ringworms, Cancers: Ulcers of every description; Salt Rheum, Scalds and Burns.

The preparation of these remedies was the result of a series of experiments during the last four years with the materials of which it is composed, in the treatment of the above named complaints. In their application, the *form* of the remedies was frequently varied: but not a single case of failure has yet been made known to the proprietor. In two cases the disease returned after five or six months; but speedily disappeared upon the renewed application of the remedies.

The proprietor presents it now to the public, believing that in their present form they will prove a convenient application for any of the above complaints; and can with confidence recommend them to the afflicted with the assurance of a permanent cure to all who persevere in their application, of the most virulent and loathsome diseases to which the body in this life is subject.

It is almost incredible the wonderful cures they have soon effected when all other means had failed. They do not act as a repellant, but imperceptibly draw out the poisonous humors, and renew a healthy action in the diseased parts. The smell is unoffensive, neither will their use injure the most delicate constitution, and may with equal success be applied to infants as well as adults.

They will be found a valuable appendage to the toilet. No family should ever be without them. A single trial will prove their excellence more than volumes written in their praise.

Full directions accompany each box and bottle, for the treatment of all the above diseases. Prepared only and sold by

J. WINER,
Druggist, Hamilton.

SANDS'S SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

THE removal of suffering has been the object of the philanthropist in every age of the world, but the true principles of treating disease progressed but slowly for many thousand years, owing to the limited means of acquiring knowledge; but since the introduction of the printing press and steam engine it may be said, "Light has dawned upon the world," and the man of the nineteenth century possesses advantages which his father never did. In this general diffusion of knowledge, remedies have been sought after and discovered in the beautiful storehouse of the vegetable creation, exactly calculated to combine, neutralize and dispel the subtile poison which diffuses itself throughout the general system, and prostrates man in the dust. SANDS' SARSAPARILLA, a purely vegetable preparation, has been thoroughly tested in a variety of diseases, and is, from experience, known to be a safe and effectual cure for Scrofula or Enlargement of the Glands, Leprosy, Salt Rheum, Scald Head, Tetter, Rheumatism, Palpitation of the Heart, and other diseases originating in an impure state of the blood, or derangement of the digestive organs.

The following extract from a letter just come to hand will be read with interest. The writer, is a gentleman of the first respectability, Justice of the Peace, &c. The patient suffered for years with Fever Sores on his legs, and could find no relief until he used Sands' Sarsaparilla. Mr. Almy, writing at the request, and on behalf of the patient, Jonathan Harris, says:

BROOKLYN, Conn., July 10, 1844.

GENTLEMEN: It as once more become my duty to communicate to you the situation of Mr. Harris, and you may rely upon it I do so with the utmost pleasure. Mr. Harris says, that four of his sores are entirely healed up, and the remainder are fast doing so. He further says he has no pain in the affected limb whatever; that his sleep is of the most refreshing nature, and his health in every respect very much improved; so visible is the change, that all who see him exclaim, "What a change!" and earnestly inquire what he has been doing? He has gained in flesh very much; and is able to work at his trade, (which is that of a shoemaker,) without any inconvenience. This is the substance of his narrative; but the picture I cannot in any way here do justice. The *manner*, the *gratitude*, the *faith*, and the exhilarating effect upon his spirits, you can but faintly imagine. He requests me to say he will come on and see you as surely as he lives. May God continue to bless your endeavors to alleviate the miseries of the human family, is the fervant prayer of your sincere friend,

HUMPHREY ALMY, Justice of the Peace.

For farther particulars of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.

A COMPOUND BALSAMIC

Preparation from Wild Cherry Bark and Tar.

The best remedy known to the world for the cure of Coughs, Colds, Asthma, Croup, Bleeding of the Lungs, Whooping Cough, Bronchitis, Influenza, Shortness of Breath, Pain and Weakness in the Breast or Side,

Liver Complaint, and the first stages of

CONSUMPTION.

A THOUSAND CURES in cases deemed utterly hopeless have firmly established its vast superiority over every former medical discovery. It has always been styled "Nature's own Prescription," being formed chiefly from chemical extracts from Wild Cherry Bark and Tar—two trees that are thickly scattered wherever diseases of the lungs prevail. We give a few instances of its extraordinary power, from a catalogue almost without end.

A lady (address will be given at the New-York Agency) who was given up by all of her physicians to die of consumption, had a hard tumour for months on the side—raised among large quantities of matter a sort of bony substance—had taken no medicine for two months, being past all hope—entirely cured by a few bottles of this Balsam in September and October, 1844.

A. Williams, Esq., Attorney, &c., New-York, cured of spasmodic asthma of 25 years' standing, certified to by Recorder Tallmadge and J. Power, D. D.

A. Carman, New-York city, who had not slept, lying down, for 7 years, (being obliged to sleep in a sitting posture,) so far cured as to attend to his business in the most stormy weather.

Thomas Bradlee, Esq., J. P., Jamaica, L. I., cured of asthma of 40 years' standing.

Mrs. Anna D. Hopkins, of Knowlesville, N. Y., entirely cured of liver complaint and general debility of eighteen months' standing.

Jacob Hoffman, M. D., Huntingdon, cured a child of P. Schroeble, of obstinate disease of the lungs after he had tried all the usual remedies in vain.

"*There is no such thing as fail*" in the history of this wonderful BALSAM. Evidence the most convincing—evidence that no one can doubt—fully establishes this fact.

Such is the unprecedented success of this BALSAM,

"NATURE'S FAVOURITE PRESCRIPTION,"

a prescription congenial to our wants, as it is prepared from Chemical extracts from substances which the Author of nature has placed in our own land for wise purposes, that many who know nothing of the mode of its preparation are endeavouring to reap pecuniary benefits by selling an article similar in name, or in appearance, or by representing their own trash as superior to this BALSAM, or by putting up a mixture and solemnly asseverating that it is imported from a foreign country, which is not the case. All these deceptive arts go to show that WISTAR'S BALSAM is known to the world to be "THE GREAT REMEDY," and that to *sell* any mixture it must be *like* this in *name*, or *purport*, to be like it in substance.

☞ Believe not the cunningly wrought fabrications and take only the original and genuine WISTAR'S BALSAM OF WILD CHERRY

No other can be like it.
