SCAFERLATTI'S TURKISH

SMOKING TOBACCO.

THESE above Tobaccos are confidently recommended to those who are fond of using Tobacco in the pipe, as the best article to be found in this or any other country. Its principal qualities are mildness, and a most agreeable fragrancy. As to the quality of the Tobacco, it is equal to the very best Havana, and much cheaper, one quarter pound of this being equal to twenty five Havana Cigars. Sold by

JAMES WILLIAMSON,
Princess Street.

SANDS' SARSAPARILLA,

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM.

IF there be a pleasure on earth which superior beings cannot enjoy, and one which they might also envy men the possession of, it is the power of relieving pain. How consoling, then, is the conscious-ness of having been the instrument of rescuing thousands from mis-ery to those who possess it. What an amount of suffering can be prevented, by the use of Sands's Sarsaparilla! The unfortunate victim of hereditary disease, with swollen glands, contracted sinews and bones half curious, have been restored to health and vigor. The scrofulous patient, covered with ulcers, loathsome to himself and to his attendants, has been made whole.—Hundreds of persons, who had groaned hopeless for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The following certificate, recently received, was addressed to our agent in Madison, Ga. The patient was greatly afflicted with Scrofula and "Cutaneous sores—had tried various remedies without any benefit, and the afflicted are now invited to read what he says in reference to Sands' Sarsaparilla:

MADISON, GA., August 5, 1844.

C. F. HOFFMAN, Esq.—Dear Sir: As I have derived so much benefit from the use of Sands' Sarsaparilla, I feel it a duty that I owe to the community to make the facts in my case public. I was afflicted for four years with running sores and ulcers on my lower extremities, and also suffered severely from mercurial pains on other parts of my body, from the effects of blue pill and other mercurials. I tried remedy after remedy, but they all availed nothing, until I obtained a bottle of Sands' Sarsaparilla, which I found benefited me very much. I continued its use until I had taken eight bottles, when I was perfectly cured. Judging from my own case, I have reason to believe Sands' Sarsaparilla is the very best remedy for scrofula and mercurial sores there is; it entirely eradicates the poison from the system. After four years of almost continual suffering, I now find myself a well man—entirely recovered.

Yours respectfully,

WILLIAM BANKS.

The following interesting case is presented, and the reader invited to its careful perusal.—Comment on such evidence is unnecessary.

NANTUCKET, MASS., 8th mo. 31, 1843.

A. B. & D. SANDS—Esteemed Friends: Although an entire stranger to you, I do not feel at liberty any longer to defer the a known judgment of a great indebtedness to you for your invaluable Sarsaparilla, which has been the means, under a kind Providence, of my inexpressible relief. I am also urged to this acknowledgment by reflecting, that by my humble testimony hundreds of sufferers, miserable as I have been, may be induced to try this remedy, and experience a cure as speedy and happy as mine. For ten years I have been suffering under a Scrofulous affection of the Bones in my head, and during a great part of this time, my pain and sufferings were so severe, that but for a reliance on the Great Disposer of events, I should have desired, and much preferred death itself. At different periods during my sickness, twenty pieces of bone have been taken from my head in various ways, besides all my upper teeth, and the entire upper jaw, rendering the mastication of food quite impossible. After expending about six hundred dollars for medical aid, I had recourse to your justly celebrated Sarsaparilla, and within the last three months the use of twelve bottles has, with the most beneficial operation, completely arrested the disease; the healing process is going forward, and I am rapidly approaching to a perfect cure. Being extremely anxious that others laboring under similar complaints, may have the benefit of my case, I am ever ready, at any time to communicate the facts to you, such further and more minute particulars as may be desired. Please accept assurances of my great obligation and regard.

BENJAMIN M. HUSSEY.

NANTUCKET, 9th Mo., 31, 1843.

A. B. & D. SANDS—Respected Friends: Benjamin M. Hussey is a person of perfect respectability; his statement in relation to the wonderful effects of your Sarsaparilla upon him, may be implicitly relied upon. His case here is considered a very extraordinary one, and the cure effected by your valuable medicine is ranked as a great blessing to the human family, and we consider it as such.

Yours with true regard,

WILLIAM MITCHELL,

Cashier of the Pacific Bank, Nantucket.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained gratis.

Prepared and sold, wholesale and retail, by

JAYNE'S EXPECTORANT.

THIS invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have used it for Asthma, Coughs, Spitting of Blood, Hooping Cough, Croup or Hives, Consumption, Chronic Pleurisy, Hoarseness, Pain and Soreness of the Breast, Difficulty of Breathing, and every other disease of the LUNGS and BREAST, can testify to its efficacy in curing the most inveterate cases. It is now in general use throughout the United States, and is rapidly gaining ground in Canada. Its wonderful effects are attributed to its power of allaying the irritation of the Lungs, which lays the foundation of the most of the diseases of our country, which can then easily be cured by any good Expectorant. So that it cures consumption in its first stage.

ASTHMA—Among the three large doses of JAYNE'S EXPECTORANT, in Cases of Asthma, will cure the CHOKING FIT, which is so distressing to the sufferer; and in the most inveterate cases of Asthma, it immediately subdues the violence of the disease, and in a few days cures the patient. We have hundreds who have long given up hope of a cure, who have been cured by this invaluable medicine, and who now enjoy the blessings of health, which they had long lost. We have been requested by many Physicians to publish the fact, that they prescribe it in their practice with the "CONSUMPTION," in preference to any other Pulmonary Balsam, as most efficacious in curing this fatal disease.

In fact, we are in the habit of considering it as the best Expectorant, so that it cannot be recommended too highly to the public.

WORMS! WORMS!! WORMS!!!

OF all diseases to which children are exposed, none are so fatal as those of worms. Unfortunately, children are seldom free from them, and as they and the symptoms of other diseases, various being suspected—produce alarming fears as to the cause of the disease themselves, but Worms are in fact the cause of other diseases, wandering in the system, which only by their destruction, can be cured. Worms are known to cause convulsions, and have often been the cause of sudden death. The best remedy ever yet known is

DR. JAYNE'S TONIC VERMIFUGE,

which is perfectly safe, and we please that children will not reject it. It effectually destroys worms, and restores the tone of the stomach, increases the vital energy, and is as a general, mild purgative, tonic, and aperient, is extremely beneficial in Inflammation and is therefore a sure, safe, and effectual remedy for FEVER and AGUE, and a permanent cure. Worms, and low fever, are a whole family of diseases, which it not only destroys, and corrects the disorder of the system, but it leaves no other disease, which it may leave behind, and is the most certain remedy for Scrofula and mercurial sores there is; it entirely eradicates the poison from the system. After four years of almost continual suffering, I now find myself a well man—entirely recovered.

Yours respectfully,

WILLIAM BANKS.
