Death made a very hurried call on Thursday morning about 6:30, taking away one of our beloved mothers. Mrs. Geo. McConnell, after about an hour's illness. Mrs. McConnell had been in good health all winter and did not complain of the least illness until 5:30, when the Dr. was called and all was done possible by her sorrowing husband and son, Basil, who were with her when the end came. Besides her husband she leaves to mourn her loss four sons and four daughters, Basil and Beryl, Kimberley, Clark and Edgar at home; Mrs. John Wilson (Verna), Mrs. Harold Fawcett (Hazel,) of Kimberley, Mrs. R. Hutchinson (Millie) of Vandeleur, Mrs. Percy Semple (Tessie) of Feversham, also 4 grand-children and one sister, Mrs. John McConnell, of Sturgeon Falls and one brother, Mr. John Johnston, of Allendale, both were present at the funeral, which took place on Sunday afternoon to the chapel at Markdale, after which interment was made in New England cemetery. Mrs. McConnell was a fine Christian woman and beloved by all who came in contact with her and will be much missed, both by her family and neighbors. Rev. McAuslan had charge of the service and gave a very comforting sermon.

The snowdrifts are very high on the back lines and side roads just now and when the traveller plunges through and reaches the highway behold motor cars are running and between high winds and the Provincial snow plow the highway is pretty clear of snow and the sleighs and cutters scrape along on the gravel and crushed stone. If some of the money spent for motor traffic was spent in making the roadsides passable for horse drawn vehicles, they would be safer and pleasanter for the rural residents.

On Friday evening the Sunday school gave a concert in the church, owing to so much illness the crowd was not as large as usual. Mr. G. Littlejohns acted as chairman for the evening in his very happy manner. The school sang the opening chorus, followed by recitations from Irene Mathewson, Margaret Smiley and Joe McWilliams. Old Black Joe was well rendered by Harvey Archibald, Nellie Genoe and Olive and Jean Marshall. Melville Hunt then recited "Sister's best Feller" and music by the Piper orchestra was well received and heartily encored. Harvey Archibald and Mabel Haw each recited and Miss Lottie Whittaker gave a splendid reading. Mrs. J. McWilliams favored the audience with a couple of solos, followed by a one-hour play, "Plantation School Days" which was very humorous, Mr. McWilliams taking the part of the school master with the following ten acting the part of scholars: Mabel Haw, Olive Marshall, Nellie Genoe, Carlotta Plester, Jean Marshall, Alex. BUY QUALITY SEED

"As never before in the history of farming should care be exercised in the purchase of seeds for planting this spring," is the advice of one well-known authority, who adds that it is doubly important to make sure that purchases have been government-tested as a result of last year's drought and the reduced supply of high quality stock. He warns against buying bargain seeds where price alone is the only description given, because reliable seedsmen do not approve of advertisements where seeds are offered at stipulated prices without any indication as to their quality or origin. It would actually be cheaper to buy the best the market affords than to take the poorest as a gift, he concludes.

IN MEMORIAM

GENOE — In loving memory of our dear father, Richard Genoe, who passed away at Markdale, Ontario, March 14th, 1931.

WEEKLY CROP REPORT

Alfalfa and clover crops are reported as badly damaged from heaving in some districts. The recent cold spell put a stop to seeding operations which had been started in some districts. Bruce County reports that most farmers are either getting their seed cleaned or arranging to have it cleaned and that county has sufficient for all needs for practically all classes of crops. Brant County reports a similar condition. Potatoes have been selling at 25c a bag in Middlesex. Field mice were busy on the farm of John Kidd, Inglewood, Peel County, and severely girdled over 100 20-year-old Spy and Baldwin trees. The orchard was held in a sod mulch which harbored hundreds of these pests. Arsenate of lime mixed with corn meal proved an effective poison bait when spread in a circle around the base of the tree. Live stock is wintering in excellent condition in Temiskaming, with an abundance of good hay and a considerable quantity of grain.

J. C. McMillan, of Rockside, had ing ice when the sharp points of the ice tongs pierced his hand.

Onion dealers at Hensall are now making contracts for this year's crop. The price to the grower will be three cents a pound, the lowest ever paid in the district for growing onion sets.
