HOWARD HOTEL,

Corner of Broadway & Maiden Lane

NEW YORK,

DEEPLY appreciating the very liberal patronage bestowed on them since purchasing from the Messrs. Howard, at a high cost, their interest in the above well known Hotel, the Subscribers most respectfully ask from their friends and customers a continuance of their kind remembrance when visiting New York, and from the public generally the honor of their patronage.

The HOWARD HOTEL is an establishment of the first class, both with regard to its business and its ample means of securing the approbation of its customers, being fully equal to the comfortable accommodation of from 200 to 250 persons.

Gentlemen or families can be served in their private parlors, on moderate terms, in any style they may desire, or at the Table d'Hote, at their option.

The central situation of the House also (decidedly one of the best in New York) being close to the public offices and places of business, thus rendering a long, sick-one, and fatiguing walk to and from your Hotel unnecessary, whilst all the advantages of a residence in the best part of Broadway are enjoyed, is in itself a matter of great convenience; add to which, in all the materials for true comfort, in its general arrangements and management, and whatever can be done by the most minute attention to make it truly desirable as a residence and "home" for its inmates during their sojourn in New York, the Proprietors most emphatically assure the public that their Hotel shall yield to none whatever.

The long experience of Mr. John Thomas, and the extensive favor enjoyed by him for so many years whilst engaged in the business at Albany, and in the United States Hotel at Saratoga Springs, are a guarantee that these pledges will be fully redeemed.

DR. TOWNSEND'S

COMPOUND EXTRACT OF

SARSAPARILLA.

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in quart bottles; is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES

ever known; it not only purifies the whole system and strengthens the person, but it creates new and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 500,000 cures of severe cases of disease; at least 15,000 are considered incurable. It has saved the lives of more than 5,000 children during the two last seasons.

10,000 *Cases of General Debility and want of Nervous Energy.*

Dr. Townsend's Sarsaparilla invigorates the whole system immediately. To those who have lost their amount of energy by the effects of medicine or indiscretion, committed in youth, or by excessive indulgence of the passions, and to those on a general physical prostration of the nervous system, lassitude, want of ambition, failing sensations, premature decay and decline, have been cured by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Pleurisy, Flush, Night Sweats, Difficult or Painful Expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 28, 1847.

Dr. Townsend—I very heartily thank you for your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, and had night Sweats, and was greatly debilitated and reduced, and did not expect to live. I heard of your Sarsaparilla a short time, and it has been a wonderful change has wrought in me. I am now able to walk all over the city. I spit no blood, and my cough has left me. You can imagine that I am thankful for these results.

Your obedient servant,

WM. RUSSELL, 65 Catherine-st.

RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe rheumatism, and other complaints, are cured by this extraordinary remedy in the least time. Read the following letter from a gentleman spoken of in the following letter.

Blackwell's Island, Sept 14 1847.

Dr. Townsend—*Dear Sir:* I have suffered terribly for nine years with the rheumatism, a considerable of the time I could not even sleep, or walk. I had most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth. I feel—I am so much better—Indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours, respectfully,

JAMES CUMMINGS.

FITS! FITS!! FITS!!!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable farmer in Westchester County:—

Fordham, August 10, 1847.

Dr. Townsend—Dear Sir: I have a little girl seven years of age, who has been several years afflicted with fits; we tried almost everything for her, but without success; at last, although we could find no recommendation in your circulars for cases like hers, we thought as she was in very delicate health, we would give her some of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the fits to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful.

Yours, respectfully,

JOHN BUTLER Jun.

FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Convulsions, Pain, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general Prostration of the system, no matter whether the result of inherent causes or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons, all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the weakness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in case of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us.—Thousands of cases where families have lived with out children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring.

TO MOTHERS AND MARRIED LADIES.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is calculated to prepare nature by quickening the blood and invigorating the system. Indeed, this medicine may be truly called the friend of all those who are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—and so far stimulating the system as to produce a sufficient relaxation, which is the cause of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and quickens the food, those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth in Costiveness, Piles, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it is the most equal. The great beauty of this medicine is, it is always safe, and the most delicate can at once use it, for it is, by very few cases require any other or further aid, some a little Castor Oil, or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH.

Cosmetics, Chalk, and a variety of other preparations generally in use, when applied to the face, very soon spoil it of its beauty. They close the pores of the skin, and shorten the existence, which, when nature is not disturbed by disease or poisoned, of the skin influenced by the alkalies used in the soaps, beautifies the own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of *nature*—not of *powder or soap*. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint, and use cosmetics, and the blood is thick, cold and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes that is fascinating.

This is why the southern, and especially the Spanish ladies, are so much admired. Ladies in the south who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes and beautiful complexions, they should use Dr Townsend's Sarsaparilla.—Thousands who have tried it are more than satisfied, are delighted. Ladies of every station, crowd our office daily.

CORBETT'S UNRIVALLED

Compound Syrup of Sarsaparilla.

THE subscribers having purchased of Dr. Corbett, of Shaker Village, Canterbury, N. H., the exclusive right for the sale of this invaluable preparation, now offer the same to the public under the amplest testimonials as to its signal and efficacious qualities. It stands unrivalled in cures of most inveterate cases of Scrofula, and all diseases of the Blood.

It also by its powerful alterative qualities, securely and permanently effects a full restoration to health in cases of Chronic Inflammation of the Digestive Organs, Dyspepsia, or Indigestion, Jaundice, Weakness and Soreness of the Stomach, Salt Rheum, all Cutaneous Eruptions, Erysipelas, &c. &c.

The fact is well established by medical writers, that Phthisis, Pulmonalis or *Consumption*, a disease most fatal in this country, most generally originates in a scrofulous state of the system.—Diseases of the Liver and Affections of the Biliary Secretions often originates with persons of Scrofulous taint. But before such diseases can be mitigated or arrested, this Scrofulous Diathesis must be removed. This the present preparation is warranted *effectually to do.*

The formula was laid before the New Hampshire Medical Society, and was there approved.—Dr. Twitchell, of Keene, N. H., who has personally tested its virtues, and approves and prescribes this as decidedly the best preparation, pronounces it, "The BEST PREPARATION OF SARSAPARILLA EVER KNOWN," and cordially affords it his full commendation.

Its virtues have been tested through a process of years in every form of Scrofulous Affections, &c. And it is designed as a permanent, substantial and Standard Medicine, and may always be depended upon by the Medical Faculty and all others, to be just what it purports to be.

The form of this preparation, its component parts, &c., have been placed with the most distinguished physicians of the country, among whom, in this city, are Dr J. C. Warren, Dr. J. M. Warren, D. J. M. Hayward, Dr. Edw. Reynolds, jr. Dr. John Jeffries, Dr. J. V. C. Smith, and others, several of whom have given their names, in writing, in favor of this medicine.

At the recent exhibition of the Massachusetts Charitable Mechanic Association, held in this city, Sept. 1847, the Judges on Chemicals made the following report:—"The Compound Syrup of Sarsaparilla, as prepared by Dr. Corbett, of the Shaker Society, Canterbury, N. H., the committee have carefully examined. It comes recommended by the names of the most distinguished physicians in the country; and from a knowledge of its component parts, the committee cannot but express their full belief as to its efficacious qualities. The ingredients entering into its composition are of such a highly useful and alterative quality, that the committee willingly pronounce it the best preparation of Sarsaparilla Syrup yet known; and as such, think it deserving of a Diploma."

BARKER'S

COMPOUND SARSAPARILLA

PILLS.

For Purifying the Blood, Strengthening the Digestive Organs, Rheumatic Affections, &c.

The Sarsaparilla Root has attracted the attention of the Medical Profession for a number of years, and various Preparations have been used in the form of Extracts, Decoctions, Syrups, &c., but which have been found to contain very little of the valuable Properties of the root, owing to the *impossibility of retaining its virtues in a Fluid State for any length of time.* These Pills are prepared from the *Solid Extract*, combined with other *Valuable Remedies* which could not be prepared in the fluid state, one Box of which contains *more Sarsaparilla than two Bottles of any* Preparation in use, and will be found a Valuable Medicine for the cure of all Diseases which arise from an impure state of the Blood, viz: *Scrofula or Kings Evil; Rheumatic affections, Pains in the Limbs, Asthma and all Diseases of the Lungs, Liver Complaint, Indigestion, &c.*
