CABLE NEWS.

London, Oct. 4.—Advices from the Cape of Good Hope report that sickness has broken out among the troops on the coast. Out of one detachment of 104 marines 90 are in the hospital.

NEW YORK DESPATCHES.

New York, Oct. 3.—At the evening session of the Evangelical Alliance the Rev. Mr Davis, Secretary of the British Alliance, furnished a long report of the origin and progress of the Alliance, and then delivered a short address, recounting the good effected by the alliance in different countries. This conference is not held for the exaltation of any man, priest, or pope, but to diffuse the gospel of Christ. The motto of the Alliance was "In essential unity—in non-essential liberty—in all things charity." The power for good of the Alliance is in its unity, and it is a power which will be mighty against superstition and infidelity. The Rev. J. S. Russell, of the British Alliance, said the hope that something would be done at this conference to do away with disunion had been the magnet which drew them to this country. It was time to be sick of the word denomination a word not found in scripture. His motto was "*Pluribus Unum.*" The Rev. Mr Wellden, of London, said his idea of Christian unity was unity in variety, as there is no real difference between men bound by one Spirit and one eternal Lord. The Dean of Canterbury said, while we differ in small things we could show the world we are agreed on essentials. He favoured denominationalism as a developer of truth, but were all one household in Christ.

One section of the Evangelicals met at the Association Hall building. The Rev. A. Decoffes, of Paris, gave an account of the progress of Protestantism in France. Dr. Fisch, of Paris, said the Baptists had a fine church in Paris, built mainly by American contributions. The Methodists number about two thousand and the Free Church had also about 26 houses of worship. It the French Republic stands five years there will be a complete separation of Church and State. One pastor of the Free Church is a member of the Assembly.

Memphis, Tenn., Sept. 3.—Twenty-one yellow fever interments to-day.

REV. FATHER STAFFORD AT ST. PATRICK'S CHURCH.—Rev. M. Stafford, parish priest of Lindsay, delivered a telling lecture on the "Evils of Intemperance" at St. Patrick's Curch, Dummer street, last evening, after vespers. The rev. gentleman is one of the most energetic advocates of temperance in the Dominion, and he spares neither labour nor expense in his crusade against the liquor traffic. When he first went to Lindsay, in 1868, the people of his parish were for the most part poorly off—those of them at least who had farms in the township of Ops—but now a more prosperous and happy community do not exist in Canada. The result has been brought about mainly by Mr Stafford's indefatigable efforts to induce his parishioners to take the pledge of total abstinence, and nearly all of them have done so. The change that has been wrought within a few years is almost marvellous. The lecture last night was listened to with deep interest by a crowded congregation, and the collection was devoted to the increase of the parish library. Vespers were sung and the benediction given by the Rev. Father Walsh of St. Michael's College.—*Toronto Sun.*

Middlings Separator.
WE have lately obtained Letters Patent for Canada on our Middlings-Separator (known in the States as Jones' Middlings Purifier). This machine is the most popular and perfect yet invented. Hundreds of them have been sold in the States in the past few years, and are now running and giving satisfaction to the purchasers.
The patent claim is a very broad and strong one. We desire to lease the territory of Canada on a royalty fee, subdivided to suit the trade. A Millwright who can associate with himself a machine carpenter, firm, or company, would make a suitable party to take the lease, and will find it profitable beside any ordinary business.

THE ROYAL CANADIAN INSURANCE COMPANY.
Authorized Capital $5,000,000.
THE present rates for Fire Insurance throughout the Dominion (the result of combination among the various Insurance Companies) are, it is believed, not only excessive, but unnecessary; and however severe the losses to those Companies may have been in the late calamitous fires in Chicago, Boston and other cities in the United States, the losses in the business of Insurance throughout the Dominion, does not warrant the great increase which has lately taken place in the rates.
Such being the case, this Company represented by the wealthiest merchants of the Dominion obtained a charter during last session of Parliament, and are now prepared to do business at moderate rates. The promoters can with full confidence rely on the citizens of Kingston, giving this Company a liberal support, the directors pledge themselves that in the event of loss claims will be settled in the most liberal manner, and risks will be taken on their merit irrespective of any Company.
