Chatsworth Boy Won For Public Speaking

Victor Shouldice of Chatsworth won first prize in the annual public speaking contests for high school students of South-East Grey sponsored by Miss Agnes Macphail, M.P., held in the auditorium of the Flesherton High School on Saturday afternoon. His subject was "The World's Disarmament Conference." Second prize was awarded to Miss Mary Lockhart of Dundalk High School, third to Gardner Cooper of Hanover High School, fourth place to Miss Irene Martin of the Flesherton High School and fifth prize to P. J. Somers of Feversham Continuation School. There were three other students from various schools also in the contest. The judges were Messrs. Calvert and McLean of the the Department of English in the Ontario Agricultural College at Guelph.

Mr. Stewart Thibaudeau, principal of the Flesherton High School, presided as chairman, and in his address stated that every pupil in the Flesherton school was given a chance in public speaking with class-room instruction and with school contests He also stated that Miss Macphail's idea in sponsoring the contests was to bring out self expression in the student with essays and public speaking. Mr. Hamilton of Hanover High School also gave a brief address on the work that Miss Macphail was doing for the students of her riding.

The Piper orchestra, asissted by Miss Bessie Cairns at the piano, gave selections between speeches. The prizes awarded were $25, $15, $10, $7, and $5 and were presented to the winners in cash by Miss Macphail.

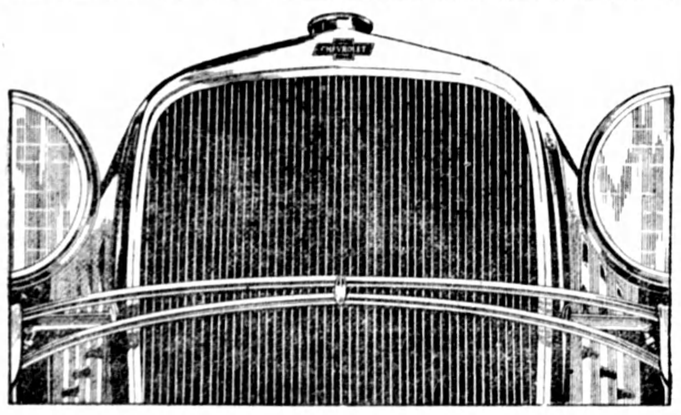
MARRIED

LONG — TAYLOR — Married in Toronto Pearl Elma, only daughter of Mrs. Walter Taylor and the late Mr. Taylor, Toronto, to Mr. Arthur I. Long, son of Mr. and Mrs. I. Long the ceremony being performed by Rev. J. J. Coulter, Danforth United Church, at the home of the bride's mother, 276 Highfield Road. Following a wedding breakfast Mr. and Mrs. Long left on a motor trip and upon their return will reside in Toronto.

WHEN TO APPLY LIME

A test of the soil should be made to make sure that it requires lime. If the soil proves to be acid then the answer to the question when to apply lime might be "when you have time.' Lime is for the benefit of all crops in rotation, but particularly of benefit to legumes. The best time is possibly just before the sowing of the grain crop that is seeded down with alfalfa or clover. Liming land plowed for fall wheat which is to be seeded with clover in the spring is a convenient and satisfactory practice. Lime is not a fertilizer, but simply neutralizes the acidity of the soil, and should be thoroughly worked into the soil during the preparation of the seed bed to become efficient. It is poor business to farm land that is lacking in lime and strongly acid in reaction. The productive power of the soil is reduced when it becomes acid. Correcting this condition with the use of ground limestone increases the efficiency of the manures and fertilizers applied, and therefore contributes to the cutting down of costs of crop production.

THE GREAT CANADIAN VALUE



THESE REASONS
make it wiser than ever
TO CHOOSE THIS SIX *TODAY!*

1 Chevrolet pioneered the six-cylinder engine in the low priced field because this is the one type of power plant that strikes a *perfect balance of smooth performance and maximum economy.* It is necessary to have six cylinders to get multi-cylinder smoothness.

2 Drivers of sixes never want less; and anything more than six cylinders means a sacrifice of economy! The Chevrolet Six costs less to operate than *any* other full-size car. Naturally, more than six cylinders would mean greater expense for gasoline, oil and upkeep.

3 The 1932 Chevrolet Six is a proved car. It represents the fullest development of the basic multi-cylinder principle which has resulted in highest satisfaction to more than 2,000,000 Chevrolet Six owners.

4 The Chevrolet Six is the lowest priced car combining Silent Syncro-Mesh shift and Free Wheeling.

5 Bodies by Fisher are exclusive on Chevrolet in the lowest price field. Fisher hardwood-and-steel construction is the safest and most durable.

6 New, reduced prices and easy terms over a period of months. Immediate delivery of any model.

7 The Chevrolet motor is mounted on thick rubber blocks, utilizing the most modern and efficient method of preventing vibration.

8 109-inch wheelbase. Strong frame. Four long springs, with four Lovejoy shock absorbers.

9 Stabilized front fender design. Insulated driver's compartment. Fisher non-glare VV windshield, easily adjustable with one hand for ventilation.

10 Down Draft Carburetion with heat control. Harmonically balanced, counterweighted crankshaft.

11 Powerful, enclosed four-wheel brakes. Separate emergency brake system.

12 Built in Canada, of Canadian materials by Canadian workers.

Funeral of Late Jas. Radley On Friday

James Earnest Radley of Osprey Township passed away at the homestead, Collingwood Gravel Road, on Tuesday of last week, May 3rd, after having been suffering from heart trouble all his life. He was in his 63rd year. He was the youngest son of the late John Radley and Elizabeth Trelford, pioneers of this section, who had come from Grimsby, Lincolnshire, England, about 100 years ago.

He was married to Miss Elizabeth Coutts, 38 years ago, who along with 10 children, survive. The family consisted of three sons and seven daughters: William of Peace River, B.C., Earnest, Donald and Miss Grace at home, Mrs. Frank Youngs (Lily) Orangeville; Mrs. J. Yearly, (Sadie) Toronto; Mrs. Oman Bowes (Ann) Concord; Mrs. Cyril Brillinger (Mildred) Richmond Hill; Mrs. Wm. McDonald (Nellie) Toronto; Mrs. Chas. Fisher (Ida) of Toronto. The eldest daughter, Myrtle, died on March 17, 1917.

The late Mr. Radley spent most of his life here, farming the homestead, which his father had cleared out of the solid bush at the time Grey County was opened up. Owing to poor health he kept a hotel at Ceylon for five years and also spent five years in York County, returning to his farm near Maxwell in 1925. He then received an appointment of Road Superintendent of Osprey township. He was an affectionate husband and father, a kind neighbor with a genial disposition and his home registered hospitality for all.. Now death has ended that fine virtue, but the memory of association will long continue

He was a member of I.O.F. and Orange Lodges and an adherent of the United church. His father helped build the first Maxwell Primitive Methodist church.

The funeral was held on Friday afternoon and his pastor, Rev. Pope, preached a comforting message at the service held in the Maxwell United Church, from Luke 11:9 "Ask and it shall be given you." The church was filled with sympathetic friends, who came to pay their respect to the memory of one who held the esteem and regard of the community. Interment took place in the Maxwell United Cemetery, with the I.O.F. lodges from Flesherton and Maxwell officiating at the grave.

The floral tributes consisted of a pillow from the family; spray, grandchildren; wreaths, Foresters, T. Bemrose, Willard Coutts, Jacob Corbett Andrew Pallister, Ella Robinson, C Rolls and Austin Brillinger.

The pallbearers were Jack Magee John Fenwick, Chas. Heron, Chas Brodie, Geo. Ross, Levi Pallister.

The sympathy of the community is extended to the wife and family in their sorrow.

Still, still with Thee, when purple morning breaketh,
When the bird waketh and the shadows flee;
Fairer than morning, lovelier than daylight,
Dawns the sweet consciousness, I am with Thee!

ALMOST HIT BY METEOR

In the Harriston Review office window may be seen the remains of a small meteor which hit the cement roadway just north of town one evening about a month ago, says that paper. Charlie Manser of Harriston was walking towards town that evening when he saw a light and heard a hissing noise . Looking up he was surprised to see a burning meteor with a tail about four or five feet long of fire and sparks, pass over his head. It hit the cement a short distance past him and the molten mass flattened out like sheets of thin paper. He went to gather these up but found them too hot, so waited until they cooled off sufficiently. He then gathered them in his hand and in order to carry them more conveniently, he crushed them between his hands. When he got home, they were cemented together but he and his father worked them apart somewhat in order to see better what the strange substance was like. It looks like a big wedge of tinfoil and is about the same weight and quite shiny.

As a rule these meteors explode before reaching the earth or sink into the ground and become a hard mass that it is impossible to cut them with a hack saw or even drill them, so this one is much out of the ordinary.

Flying has been resumed at Camp Borden, the usual complement of men being stationed there and the people who live in proximity to the Camp have concluded that in this camp is to be concentrated the entire aviation force of the country.

SUSPENDS PUBLICATION

These are trying times for the small town weekly and many of them are finding it dificult to keep going. The editor and publisher of the Deseronto Post has just announced the sale of the plant and the suspension of the publication of the newspaper. Mr. Harry Moore, who bought the Post about a dozen years ago, is one of the best news and short story writers in Ontario and besides is a first-class printer. Deseronto is a town of nearly 2000 population. The Post was the only printing and newspaper office there.

Unity U.F.W.O. Club Hold Grandmothers' Day

A very interesting meeting of the Unity U.F.W.O. Club, known as "Grandmothers' Day," was held at the home of Mrs. Wilfred Magee on Wednesday afternoon of last week, with 27 ladies present. Some were attired in costumes of many wears ago. The president opened the meeting with the singing of "Beautiful Isle of Somewhere," and repeating of the Lord's prayer in unison. The minutes of last meeting were read and adopted.

Mrs. A. F. Pedlar then took the chair and presented a very interesting program, given by the 12 grandmothers present. Each lady was requested to bring an old relic and there were many in evidence. The story of each was told by its owner Some of the relics very ancient some being 200 years old, some coming from Scotland and Ireland. Prizes were given for the best story and relic and Mrs. Thos. Fenwick wor first prize and Mrs. Wm. Magee took second. Mrs. Archie Sinclair and Mrs. Garnet Magee acted as judges. Mrs. T. Betts was then called and she sang "Mother's prayers have followed me," followed by a reading by Mrs. Carruthers entitled "Grandma's Radio." Mrs. Parsons then gave a recitation "The Old Arm Chair." Mrs. A. Smith and Mrs. L. Latimer sang a duet and a story, written by Mrs. Wm. Magee recalling interesting incidents of girlhood days, was read by Mrs. G. Magee. A reading "A Prosperous Couple," was given by Mrs. Betts, Mrs. A. F. Pedlar also giving a reading "How Douglas remembered Mothers' Day," followed by a solo by Mrs. T. Fenwick "The Holy City." Every item was well given and enjoyed by all present.

Mrs. J. Campbell proposed a toast to the grandmothers, which was responded to by Mrs. L. Latimer. A hearty vote of thanks was extended to the two grandmothers in the Club who were responsible for this beautifully arranged event, which will be long remembered.

A quilt block contest was put on and won by Mrs. Latimer and Mrs. Betts and each received a pretty prize. The meeting closed with the singing of the Doxology and a bountiful lunch was served by the members.

ROCK MILLS

Mr. and Mrs. Thos. Gamey of Toronto, Mr. and Mrs. Geo. Patton, Mr. Geo. Park and Mrs. Jas. Park of Owen Sound spent the first of the week end with Mr. and Mrs. Dick Clark and family.

Service will not be held here next Sunday owing to the anniversary services being held in the Flesherton Baptist church.

Service appropriate for Mothers' Day was held in the church Sunday afternoon.

Arbor Day was observed at the school on Friday, when the children had a busy time cleaning up the yard, planting flowers, etc. A generous treat of home-made candy was provided by the teacher, Miss Oliver, which all enjoyed. The ball games were to have been played in the afternoon between Port Law and Rock Mills, but were called off owing to the rain. They will likely be played some night this week.

It took 50 years for a porcupine quill to work its way from the foot of N T. Armstrong, Renfrew, to his thigh thigh.

Pigs are rapid growers if well and properly fed. But they require plenty of nourishment to make vigorous growth. It is a good plan to have the young pigs eating before weaning so as to avoid a set-back. If growth is slowed up at any stage a loss is probable, especially at the low price of hogs. Grain alone will not give rapid development.
