New York, Jan. 22.—The Erie company is about to bring a suit against the Boston, Hartford and Erie Railroad, and the trustees under the mortgage for default for 18 month's interest. The Erie company also claim that five million of bonds of Boston Hartford and Erie guaranteed by them are a preferred lien upon the Boston Hartford and Erie road, and all its exipments, taking precedence of all other bonds.

London Jan. 23.—A report of a terrible marine disaster last night in the English channel has just been received in London. The emigrant ship Northfleet, which sailed from here several days ago, for Australia with 412 passengers exclusive of her crew, was in collision at midnight two miles off Dungeness with an unknown foreign steamship and was cut to the waters edge. Only 85 persons are known to have been saved and it is believed every other person who was on board has found a watery grave. No attention was paid by the steamer to the emigrant vessel after the collision and she proceeded on her course leaving the sufferers to their fate.

London, Jan. 23.—When the collision between the emigrant ship Northfleet and the unknown steamship happened last night a panic occurred on the former vessel. The passengers who were asleep rushed from their berths to every potion of the ship where they thought they might be safe and utterly refused to obey the orders of the captain. That officer as a last resort to enforce obedience to his command was compelled to fire upon the terror-stricken people, and one of them was wounded. It is believed that if the passengers had obeyed the orders of the Captain more of them would have been saved.

A SENSATION.—This afternoon as the son of Mr William Murray, actioneer, was driving a spirited horse along King street, the animal bolted. Dashing across the Market Square, he soon left the cutter a wreck, and then struck off at a rapid space down Ontario street with the shafts in tow. Nothing eventful occurred until the runaway reached the cart stand, where he veered off the centre of the street, and coming in contact with a horse of a carter named Mr Blend, actually attempted to leap over him. In this effort the first-named jumped violently against the side of the latter, smashing the harness and sleigh and knocking him down apparently lifeless. He still lives, however, although terribly shocked by the accident.

The Band of the Garrison Artillery will pay to-morrow afternoon at half-past three o'clock in Ontario Hall. The following is the programme:

1. Quick Step—"Rouse, Brothers, Rouse" ..... [Lindenberg.
2. Cotillion—Tete du Pont.....

A. H. Rackett,

The funeral of Mrs James Kearns took place this morning from her residence to St. Paul's Church, where the service was conducted by the Rev. J. A. Mulock, after which the cortege proceeded to Cataraqui Cemetery. Very general sympathy is expressed for the friends of the deceased, owing not less to her many amiable qualities than to her sudden and untimely end.

ARRIVED AT LAST.—After a long and unaccountable delay of over a week, the Merry weather steam fire engine has reached the city. It was sent, per pilot engine, from the lower station to the city depot this morning, and the fact of its arrival having become known, several persons examined it, and generally expressed their admiration of its appearance, style of build and other qualities. The Mayor telegraphed to Mr A. G. Gilbert, the agent, and that gentleman, accompanied by the engineer, Mr Jakeman, will likely leave at once for Kingston, to be present at a public exhibition. The city has suffered little or nothing by the delay; on the other we agree with the committee on fire, water and gas who purchased her, it has gained considerably.
