Former Postmaster Charles Pye of Clarksburg received the sad news on Monday of the death of his brother, Alfred, in Vancouver, B.C., in which province he had resided the past fifteen years. By a strange co-incidence, of the family of six children, only the eldest, (Chas.) and the youngest (a sister in Toronto) are now alive. Mr. Pye was a brother of the late Mrs. (Dr.) Carter of Flesherton.

Swimming Supervision Here This Summer

GEORGE JAMIESON MAKES FINE CONTRIBUTION TO ASSIST YOUNG LIFE IN THIS COMMUNITY

A project of an unusual character is being carried out for the boys and girls and young people of Flesherton and vicinity.

Down at the pond, on almost any day during the summer, one may see from thirty to forty children of all ages disporting themselves in the pure refreshing waters. The depth is not only sufficient for good swimming, but also for good diving. The bottom, however, falls away abruptly to a depth that makes it dangerous for the smaller children and even for the older ones, who cannot swim

Messrs. William and Everett Henry who own the pond, and Mr. McCauley who has the water rights, have generously permitted its use for swimming. With their kind interest in a worth-while project they have given further permission to erect two bathing houses, one for the boys and the other for the girls. The rougher stones at the edge of the pond will be gathered up, a small breakwater and diving board will be erected, some guard ropes will be put in and life-saving equipment placed in readiness for an emergency. During July and August the services of Ted Poole, a Tuxis Mentor, will give the boys and girls instruction in the different strokes in swimming and in diving, and will teach, as well, life-saving methods. He will be in full charge of acquatics and will keep an eye on the youngsters. During other hours of an organized program he wil give leadership in organized games in the park or ball ground.

Money needed for this undertaking has been generously subscribed by Mr. George Jamieson, who made a donation of $200 and by the Old Home Week Association, which donated $100 of its funds at a meeting on Friday evening last, after having had the project presented to them. A committee was apopinted at this meeting to make arrangements for the carrying through of the project and a bee will be arranged for building the bath houses and for doing the other work involved. This committee will work in collaboration with Mr. C. F Plewman, Secretary of the Ontario Boys' Work Board, who has been giving assistance in securing the proper leader.

We venture to assert that Flesherton stands unique among the smaller villages carrying out a program of this kind, and the interest and enthusiasm of the citizens in the project reveals a most commendable disposition which appraises fairly the value of the child-life entrusted to it.

May this intimation convey our thanks to the following who have made the project possible: Messrs. William and Everett Henry, owners of the pond; Mr. Howard McCauley owner of the water rights; Mr. Geo. Jamieson, for his generous money gift; the Old Home Week Association for the ready contribution from its funds; Mr. C. F. Plewman, Secretary of the Ontario Boys' Work Board for his trouble in securing a good instructor.

BORN

PATTERSON — At Saugeen Jct., on Tuesday, June 7th, 1932, to Mr and Mrs. John Patterson, a son.

PASSED EXAMINATIONS

Mr. Ken Boyd was successful in passing his second year medical exams at Toronto University. Mr. Donald Milne, brother of Dr. J. E. Milne of town, was also successful in finishing his medical course at the same university and is joining the medical staff of St. Michael's hospital in Toronto.

In the absence of the pastor, Rev W. J. Scott, at Conference next Sabbath, the service in St. John's United church will be taken by the Woman's Missionary Society. The choir will consist of members of the W.M.S. and the speaker will be Miss Florence Fee of Holland Centre, who went to China in 1926 and is now on her first furlough. The evening service is being withdrawn.

Was Highly Respected

The death of Mr. John Conn, which we briefly stated in last weeks' issue cast a gloom over the Feversham district, where he had resided for so many years and where he was regarded in the highest respect by all who knew him.

For the past year or so the late Mr. Conn had been suffering from injuries to his head received in an accident and has had to be constantly watched since that time. He had risen on Wednesday morning at about daybreak and was last seen by Mrs. W. J. Conn sitting on the side of the bed fully dressed, as she was going to see one of the children. She informed her husband who immediately rose and dressed and went outside to locate his uncle. He first went to the barn and called, but received no response and decided that he was feeding the chickens and went to the henhouse, but failed to find him. He then returned to the barn and after a short search found his uncle hanging in a part of the shed, built to the barn. It was twenty minutes from the time Mr. W. J. Conn arose until his uncle was found, and it is presumed that the act was premeditated and arrangements had been made beforehand. Dr. Martin, coroner, was notified, but decided that an inquest was unnecessary.

The death of Mr. Conn was a great shock to the family and his many friends who have the entire sympathy of the whole community in their sorrow. The late Mr. Conn was a man of sterling qualities, was 72 years of age and has resided in Osprey townhip practically all his life. He enjoyed the respect and confidence of a large circle of friends, one friend saying to us that day that "you couldn't find a better fellow."

W. I. MEETING

The Women's Institute met at the home of Mrs. Moore on Wednesday of last week, and the roll call was answered by seventeen ladies. After the usual business Mrs. R. Alexander read a splendid paper on "Flowers" and Mrs. Will Thompson of Newmarket, a visitor in town, read two very fine letters she had received from her sister in China, remarking on the conditions existing there and were certainly worth hearing. The meeting closed after changing the July regular meeting to Wednesday, July 13th.
