PORTLAW

Mr. and Mrs. Harry Thompson and sister, Mrs. Ryder, of Detroit visited lately with their father and other kindred here.

Miss Clinton, a former teacher here and since teaching in Toronto spent the holiday with the Meldrum families.

The big bird left another little girl with Mr. and Mrs. Frank Shier.

Mr. and Mrs. D. L. Davidson, Gordon and Doris, of Toronto were holiday visitors with their uncle and aunt, T. R. and Mrs. McKenzie.

Mr. and Mrs. J. A. Thompson and Mr. and Mrs J. H. Walker were week end visitors with friends in Toronto.

Mr. and Mrs. Conron and family of Toronto visited recently with relatives of this part.

Mr. and Mrs. A. Hannah and Mr. and Mrs. Earl Hannah of Markdale visited with friends here lately.

Your correspondent received the pleasing news that his niece, Miss Norene Bell, of Kincardine had graduated with honors at McMaster University, obtaining her B.A. degree.

Rev. Mr. Bartlett of Priceville preached in Mount Zion church on Sunday. His theme was "Appreciation," and the able way he dealt with it should tend to cause his hearers to be more appreciative of the good things of life.

The garden party, which will be at Mount Zion church on the 22nd inst will be featured with the Corbetton young people giving their popular play. With other good features a splendid time is assured.

It Cuts Like Lumber

AND nails like lumber. Its light weight makes it easy to handle. It requires no expensive decoration, in fact none at all, when panelled.

Use it for obtaining fire-safe walls, ceilings and partitions throughout your home.

It has structural strength, insulation value, is draught and vermin-proof, easy to install, saves time in new construction and is an excellent base for Gyptex or Alabastine.

USE The NEW IVORY GYPROC Fireproof Wallboard

Gyproc may be easily identified by the name on the board and the Green stripe along the edge.

GYPSUM, LIME AND ALABASTINE, Canada, Limited

Grey County O.E.A. Met At Clarksburg

The annual convention of the Grey County branch of the O.E.A. was held in the community hall, Clarksburg, on Saturday, the two sessions were well attended from every section of the county and, as the president, Herbert Corbett of Proton, remarked, it was the largest assemblage at the convention for the past three years, which indicated that a renewed interests was being manifested by the trustees and ratepayers in the association's activities.

At 10.30 a.m. the session opened with devotional exercises conducted by Rev. Osborne of St. Paul's Presbyterian church. Minutes were read by the secretary-treasurer, Mr. H. H. Boyes, and the auditors' report showed a balance on hand of $35.40. Mr. R. T. Moffat of Bognor presided during the election of officers, which resulted as follows:

President, Emerson Brown, Clarksburg; vice-president, T. H. Richardson Markdale; H. H. Boyes, Meaford, sec-treas.; Mr. T. H. Richardson gave an interesting reading and after a brief discussion the meeting was adjourned for the noon hour and after lunch cars were provided and the party enjoyed an hour's drive through the Beaver Valley. On resuming at 1.30 p.m. an excellent report of the Easter convention was given by the secretary, which was followed by the president's address, both of which will be sent to the "Educational Journal" for publication. Mrs. Pluss gave a patriotic reading. Mr. M. A. Campbell Toronto, who succeeds as secretary of the O.E.A., the late Wm. Morris, was present and delivered an address on school administration, which developed a splendid discussion. The speaker declared that what we put in education we get out for our children, who are our future citizens and administrators. He advocated the consultation of the inspectors when selecting a teacher, which was an important part of the trustees' duties. That religious instruction should be receiving more attention in our schools and that moral training and character building was as essential as any part of the curriculum. Arithmetic, he thougrt was not taught in a pdactical way, he stressed the home's responsibility to the child and the parents' co-operation with the teacher and favored a rigid medical inspection.

How we pay our secondary education was briefly outlined by County Clerk, Fred Rutherford, Owen Sound, and Mr. Robt. Crane spoke on the duties of a school attendance officer, in which the speaker gave many instances of how a properly paid and efficient ofifcer could benefit the schoo by increasing the regular attendance of indifferent pupils, mainly through the neglect of parents or guardians.

Mr. S. S. Petch, principal of Thornbury public school, had a class present that rendered two choruses, demonstrating the progress music instruction was making in the school. Mr. R. Ferguson, chairman of Thornbury Public and Continuation School Board owing to the lateness of the hour, spoke briefly on school consolidation.

During the afternoon program the resolutions committee report was considered and a resolution was passed, changing the time of selection of officers from the morning to the afternoon session of the annual convention. A number of others were submitted and were thoroughly discussed, but not heartily concurred in, and practically dropped. A vote of thanks was given to Mr. Elliott, a visitor, who supplied answers to many questions, also the retiring president Mr. Corbett and the secretary, Mr. Boyes. Desboro was selected for the next place of meeting and the gathering adjourned at about 6.30 p.m. There were over 130 present, and much enthusiasm prevailed. — Sun-Times.

A birdseye maple tree, four feet diameter, which Ed. Overland, 10th line, Erin, cut down on his farm, was 480 years old, he declares, Mr. Overland claims to be a tree expert and basis his estimate on a count of the rings of growth and he said he found a scar which looked like a tap mark 135 years old.

WHEN PIGS WERE $3 AND HIRED MAN GOT $4 A MONTH

Respecting hard times, there is no one who will not admit that these are hard times, but according to those who can remember back more than half a century this country has weathered times of stress, which in some respects were equal to, if not more serious than the present. The Walkerton Telescope says that "Regarding the prevailing low price of hogs, Alex. McLennan recollects that in '94 the price paid for dressed porkers was as low as $3 per cwt., which is lower than the present price live weight. And Mayor Schwindt recalls that one of his first jobs was on a farm, where he was hired for a period of six summer months at $4 per month. Daylight saving was not necessary then it being a case of being on the job from dawn till dark. Besides this he was ill for one day and had to make good at the expiration of his contract, and also was "docked" fifteen cents, the price of a straw hat belonging to his employer, which it was claimed he had in some way been the cause of it being lost."

Re-Union Committees

A meeting of the Flesherton Old Home Week Committee was held at the Munshaw House on Friday evening last when the committees were appointed for the re-union picnic to be held in Flesherton on Civic Holiday, August 1st. Following are the committees appointed:

Reception — F. H. W. Hickling, chairman, Geo. Mitchell, F. G. Karstedt, F. J. Thurston, Dr. Murray, C. N. Richardson.

Lunch — G. A. McTavish, chairman G. Brackenbury, Jas. Stewart, W. G Kennedy, F. J. Thurston, O. W. Phillips, E. J. Bennett, Albert Stewart G. B. Welton, W. A. Hawken, also a number of ladies.

Parking — Mark Wilson, chairman John Wright, W. Stewart, Jos. Field.

Dance — H. A. McCauley, chairman, Jas. Dargavel, C. McTavish.

Mr. F. H. W. Hickling is chairman of the local committee and Mr. W. A Hawken is the secretary.

DOGS WORK HAVOC IN LARGE FLOCK OF SHEEP

Dogs made shambles of the pasture farm of Mr. Geo. Duffy near Humber Station last week. Of thirty-eight sheep and lambs only six were left alive. It is thought that the dogs visited the flock on two separate occasions. The owner a few evenings later laid in wait and was able to dispatch one dog which was feeding on a carcass. Albion sheep valuators were called in and application will be made to the council for compensation —Bolton Enterprise.

54 Years Of Service

We are pleased to congratulate Mr. W. W. Ramage of Priceville on the attaining of his 54 years of continuous leading in the service of praise, on the last Sunday in May. Complimentary and congratulatory remarks were made by the preacher of the day, Rev. Mr. McCarten, one time popular minister in Priceville. Mr. Ramage says that of the 130 or more with whom he has been associated in the past he holdls them all in the kindest remembrance, with no feeling of resentment towards any thus showing the humanizing touc and loving harmony of music. Fifteen of the number have gone on before, whom he holds in loving remembrance.

MARKETING ONTARIO FRUIT

One result of the depression is the increased work in systematic marketing. The latest manifestation of this is the announcement of Col. T L. Kennedy, Minister of Agriculture, to extend the present fruit selling organization in the other Canadian Provinces. This will be effected through the Ontario Growers' Markets Council.

Permanent commercial representatives are to be stationed in Winnipeg Montreal and the Maritimes, during the selling season, while efforts in Great Britain are to be increased in order to supply best quality produce shipped in the most satisfactory manner.

Strenuous endeavors will be made on the Prairies to regain the market enjoyed by Ontario in years gone by. British Columbia is a large fruit producer, and Ontario, despite the excellent reputation of its fruits, will have a powerful opposition, especially when it comes to packing and maintaining standards. Our small fruits cherries and strawberries in particular, and our hamper packed apples as well as peaches, pears and plums should appeal to Western people, many of whom formed an appetite for such delicacies before moving from Ontario to the prairies.

Montreal is a market for all varieties of Ontario produce. A commercial representative in that city can do much towards promoting orderly marketing, preventing gluts and price-cutting, and adjusting claims on an equitable basis.

For using fishing nets in the Nottowasaga River without a license, six men were fined $15 each in the Barrie Police Court.

The Canadian wheat carry-over July 31st, 1932, will be in the neighborhood of 103 million bushels, according to an estimate published by the Bureau of Statistics. This is the smallest carry-over since July 31 1928.

"Yes—we're both feeling fine"

Joe Thompson and his wife were glad when Gwen finished Business College and got a good position in the city. But Gwen was the last of the family and the house was pretty lonely.

Then they found they could call her on Long Distance telephone for as little as 30 cents. So now, every Friday evening, Gwen waits for their call and the weekly talks make them all feel better.

Long Distance is easy to use, dependable, and surprisingly inexpensive.
